*Welcome to a library where the ghosts aren't in the books – they are right next to you in the halls and rooms, looking over your shoulder as you pick a title from a shelf. This is the Earle W. Webb Jr. Memorial Library, built on haunted ground with a legacy of pirates and German U-boats, and is jam-packed with spirits. Join veteran paranormal investigators Joey and Tonya Madia as they take you on a mind-bending tour of every shadowy corner of the library and its spooky and colorful spectral residents who do not hesitate to let visitors know they are around. The Madias present a textbook case for how to conduct a paranormal investigation, involving observation, equipment, psychic mediumship and historical research. How creepy can an old, haunted library get? The answer is extremely creepy. And then some, too! In the pages of this book our fearless investigators cross paths with supernatural shadow entities, with the notorious and dreaded Men in Black, with dark and dangerous energy-based entities, and with supernatural things guaranteed to provoke terror and mayhem. Watch Out for the Hallway is a book to read on the proverbial dark and stormy night. – Nick Reuffer, author, The Black Diary Tonya and Joey share such an amazing experience through their journey. They discuss their lives together as a family amongst entities that could be disruptive and feared. They lost themselves to time and energy shifts in an unexplored universe. Spiritual entities helped, hindered and taught them much about paranormal research. This book is a must for those who wish to learn more about communicating with those you are investigating. Every soul has a mind of its own. – Carole Bromley, Psychic Medium*

Starrshma Fields is officially back on the scene, with the intent of returning to the head of the Double Gs organization with a new game plan. After a close call, she is all too eager to put into motion the plan she conjured up while in custody at the Clark County Jail. However, she is clueless as to all that has been going on while she's been out of the loop. Although she is still somewhat salty with her lover and leader, Diamond Morgan has been handling business, running the Double Gs in Starr's absence. She has managed to repair the damage caused by some of Starr's recent decisions by making some better and stronger ones of her own, but she is not sure if some things are beyond repair.

Queen Fem is uneasy behind the mess that her protege has brought to the doorstep of the organization that she founded. It has been a long time since she has had to make a tough decision, but she feels her hand is being forced. She is unsure whether the Double Gs need to be under new leadership, and whether Starr should step down. Dealing with the illness of his only child and the strain it put on his marriage, Agent McCarthy is back with a vengeance. He throws himself into his work, the only thing he loves as much as his family. His only focus is to take down the Double Gs. But with one of his plants now deceased and the other off the grid, he is forced to roll up his sleeves to figure out how to dismember the Double Gs on his own. Monica is caught between a rock and a hard place. She is torn between the feelings she has built for Starrshma Fields, her new love interest, and her commitment to uphold the law. With that and then some going on, the Double Gs still operate on the highest level, executing their missions to ensure that their grip on the corporate, political, and underworld remain firm. New alliances are made and new orders are rendered. If you're a major player in the Las Vegas area, you still need to watch out for the big girls better known as the Double Gs!

"It is, I contend, no small achievement to survive the perfect family." So Greg Malone says at the beginning of a graceful, generous and sometimes hilarious memoir of his childhood in the St. John's of the 1950s and 60s. A memoir from one of Canada's comic geniuses that is as moving as it is funny, about a young boy who survives, among other things, a school run by the Christian Brothers, encounters with the bullies of New Gower Street and the perfect family. We first meet Greg harnessed to a bush at a picnic wearing underpants on his head – a small boy squalling because he can't take part in the goings-on. From here, Greg takes us on a wild ride through the streets of old St. John's. We meet luminaries along the way, even Danny Williams, the future premier, sourly playing St. Bernadette in the all-boys' play, with Greg hardly concealing his joy in performing as her "chatty sister." Humble, poignant, funny and authentic – this is a delightful first book from a natural storyteller. Excerpt: I loved Barbara Lynn. Her sunny face was slightly freckled. She had blue eyes and her straight, caramel-blonde hair was pulled back and tied with a ribbon showing her high, smooth forehead. She had even, regular features and a smile that showed her perfect, white teeth. . . . We played house every day for endless summers and into the long winter nights, when she would take her big brother Basil's long toboggan without asking, so the two of us could go sliding together down over the hill, under the pole light, across St. Clare Ave. and down into the Knights of Columbus field where the full moon glittered on the glazed snow, and the toboggan would fly along forever on the longest slide we'd ever had.
