A New York Times bestseller from certified weight-loss expert JJ Smith, Green Smoothies for Life offers a brand-new meal plan to incorporate green smoothies into your everyday routine while developing healthier long-term eating habits and improving your overall health. More than a weight loss plan, the 10-Day Green Smoothie Cleanse, designed by nutritionist and certified weight-loss expert JJ Smith, became a way of life. Readers reported that they not only shed pounds but they also slept better, thought more clearly, and were in better overall health, with some adherents, in consultation with their doctor, even moving off medication. As delicious as her green smoothies are, however, the cleanse was designed only to jumpstart a detox and a new approach to eating—it's not a permanent solution. In her new book, Green Smoothies for Life, the highly anticipated follow up to the #1 New York Times bestseller 10-Day Green Smoothie Cleanse, Smith presents a way that green smoothies can be incorporated into your daily regimen. With over thirty recipes for everything from hot dinners to desserts and snacks, sixty thoughtfully composed green smoothie recipes, a thirty-day meal plan and the corresponding shopping lists, the book provides you with a step-by-step prescriptive daily regimen that shows you how to eat mindfully and healthily. In addition to green smoothies and color photographs of select recipes, the book includes more than twenty effective methods to detox (which helps fuel weight loss), information on Smith's DHEMM (Detox, Hormonal Balance, Eat, Move and Mental Mastery) weight loss system, and testimonials from dieters who've changed their approach to not just food but also life since while following her advice. Whether you are just starting out on your weight loss journey or already a smoothie convert, Green Smoothies for Life is the essential next step in continuing your pursuit of a healthier lifestyle.

Joshua and Judith Beathan met in a kitchen, not in a bedroom. In their book, Simple Green Smoothies, these two friends invite you into a safe and tasty approach to health that will inspire and energize you on your own journey toward a happier life. The Simple Green Smoothies' lifestyle doesn't involve counting calories or eliminating an entire food group. Instead, it encourages you to make one simple change: drink one green smoothie a day. Simple Green Smoothies includes a 10-day green smoothie recipe book and a kick-start to welcome you into the plant-powered lifestyle, with shopping lists included. Follow it up with 100+ delicious recipes that address everything from weight loss to glowing skin to kid-friendly options. Hansard and Sellner are two moms raising their own families on healthy, whole-food recipes. They've seen the amazing health benefits of green smoothies firsthand—from losing 27 pounds to getting more energy. Their wildly popular website has changed the lives of over 1 million people and made them the #1 green smoothie online resource. Simple Green Smoothies will empower you to take control of your health in a fun, sustainable way that can transform you from the inside out. Ready to join the plant-powered party? The Best 10 DAY GREEN SMOOTHIE CLEANSE for Weight Loss The wonderful thing about The Green Smoothie Cleanse is that it just marks the beginning. It's a first step towards change for those of us who hated vegetables and weren't big fans of fruit either. There's no better reason to moan and groan about wanting to change. There's about a hundred really healthy, life-giving, and tasty reasons to begin that change. You have to be ready to take the action associated with getting to your goal. Taking action always begins with the end in mind. The Green Smoothie Cleanse is not difficult. It doesn't entail huge amounts of self-control and boundless will power. You won't drastically reduce your food intake and starve your body of calories. You won't feel hungry, tired, and exhausted. In fact, reducing your intake until you feel deficient runs exactly counter to man's instinct to survive. Setting an individual goal will provide you a reason and help you stay on course. Before you begin, ask yourself where you want to go with this. Write it down. If you want to be healthier, be specific. Some people may want to lower their blood pressure. That's an excellent goal and The Green Smoothie Cleanse is a great way to do just that. Some people are just tired of eating junk and want to work at introducing more fruits and vegetables into their diet. That's a fantastic goal. Others remember a younger, healthier self back before their busy lifestyles necessitated endless loops through the fast food windows and they want a way out of life in "the fast (food) lane." With so many reasons to begin The Green Smoothie Cleanse, being clear about your specific goal helps you to adequately address the challenges ahead. The good news is that this book will help you detox your body, lose weight sustainably, get back to your natural shape and have good health like a person in their twenties. 10 DAY GREEN SMOOTHIE CLEANSE: Purify Your Body With A Simple Green Smoothie Diet By definition, Green smoothies are a delicious blended drink made from fruit and leafy greens. Leafy greens as their name suggests, are green leaves of edible plants. A green smoothie is a thick beverage made from blended raw fruit or vegetables with other ingredients such as water, ice, dairy products or sweeteners. These healthy green smoothies are made by blending raw leafy green vegetables with fruit in order to soften and sweeten the drink. The most popular vegetables used in green smoothies are kale, spinach, Swiss chard, collard greens, celery, broccoli, and parsley. The consumption of raw, leafy green vegetables as occurs when a person drinks green smoothies, can bring at first a person feel great after adopting this habit, particularly if he or she is coming off a highly processed, nutrient poor diet. Blending the greens in a powerful blender, causes to liquefying the greens far more thoroughly than we can by chewing. This releases the nutrients from the cellulose, which is indigestible, and makes them more accessible to our digestive system. Digesting food creates free radicals; therefore we have to be sure the food we eat has to be packed with antioxidants. Some examples of antioxidant rich foods are: Chia, Raw Cacao, Blueberries, Strawberries, Beets, Red Wine, Green Tea and Pomegranates. Digestion isn't the only physiological source of free radicals; exercise is too, so there is an additional reason to eat sufficient amounts of antioxidants. It is well known to all of us, that if we want to stay healthy we should eat a lot of greens. But many people don't like to eat greens. Even if you're one of the people who does like greens, in order to get the nutritional and health benefits from the greens is to eat them raw, and to chew them very thoroughly to shatter the cell and obtain the nutrients within. But the amount of chewing required is so large that it makes it difficult. Green smoothies are a perfect solution for those issues. The Basic Recipe For A Green Smoothie: In order to make a green smoothie add 4 cups of water to your blender. Rinse the desired quantity of greens, and remove any thick leaves or stems. Add greens to the blender. Put on the lid and blend, starting on low and turning your blender up to high. Blend until completely smooth. Add bananas or mango depending on how thick you like your smoothies. Add other fruit and berries at taste, removing pits, cores and peels if necessary. Blend again until smooth. Or that are not natural. Smoothies for Kids Another great thing about smoothies is that you can make smoothies for kids. If your kids have a hard time eating their veggies or their fruits, smoothies are a great way to get them to eat their nutrients naturally without actually having to look at vegetables. Many a mom out there is getting their kids to "eat" their vegetables by giving them smoothies. No matter what you're using your smoothie diet for, whether it's for losing weight, to improve the beauty of your skin or just better health, having smoothies in your life is better than not having any smoothies at all. Some of the benefits of smoothies are -Lose Weight in a healthy fashion -Detox the Body with natural ingredients -Increase Energy for the whole day -Fight Heart Disease by eating right -Healthy Skin and Hair with the right nutrients Smoothies are the easiest way to eat less calories and at the same time get more nutrients into your body.
