**Manners start with a smile—then you add the words. There are polite words to use when you greet someone, ask for something, or (oops!) make a mistake. There's even a nice way to say no. This book gives toddlers a head start on manners, setting the stage for social skills that will last a lifetime. Includes tips for parents and caregivers.**

**Each day, Papa Duck goes out with his ducklings but on Monday only four come back, on Tuesday only three, but on Saturday all return when he calls and on Sunday, they stay home and rest.**

**Silliness takes center stage in this laugh-out-loud book from the creator of The Very Hungry Caterpillar?--now available as a board book Yes, there's something strange, something funny and even downright preposterous on every page of this book. But it's not a mistake - it's nonsense Nonsense lies at the heart of many beloved nursery rhymes. Children readily accept odd statements like "the cow jumped over the moon" and "the**

dish ran away with the spoon." This fanciful bending of reality is also basic to surrealism. In this book, nonsense and surrealism combine to spark creativity and imagination. What's true? What's impossible? What's absolutely absurd? From Eric Carle, creator of the classic, *The Very Hungry Caterpillar*, comes a book to make children laugh and think, preparing them for a lifetime of loving both words and art. Praise for *The Nonsense Show* A TIME Magazine Top 10 Children's Book of 2015 \* "Carle creates fun and laughter in this homage to the surrealist artist Ren Magritte. P]erfect for storytimes and silly times all round. Carle hits it out of the nonsense park "-Booklist, starred review \* "A sure hit as a read-aloud and a definite purchase for picture book collections."-School Library Journal, starred review \* "A picture book made to incite pleasure and joy."-Kirkus Reviews, starred review \* " *The Nonsense Show*], with its cleanly designed white pages, makes the unexpected elements of the imagery stand out and prompts questions and wonder."-Horn Book, starred review

*Selected by The New York Times Book Review as a Notable Book of the Year A revelatory tale of science, adventure, and modern myth. Hohn's accidental odyssey pulls him into the secretive world of shipping conglomerates, the daring work of Arctic researchers, the lunatic risks of maverick sailors, and the shadowy world of Chinese toy factories.
