wash overboard, the course of Ducky's life alters drastically. This engaging story based on a real event includes an author's note. Ahoy! Here We Go Around the World with 10 Little Rubber Ducks "Ducks overboard!" shouts the captain, as a giant wave washes a box of 10 little rubber ducks off his cargo ship and into the sea. The 10 little rubber ducks are swept away in various directions. One drifts west, where a friendly dolphin jumps over it. A whale sings to another. But, as the sun sets, the 10th little rubber duck is left all alone, bobbing helplessly on the big wide sea. Small readers and listeners will

What does an elephant do? It stomps its foot. Can you? From the creator of such beloved classics as The Grouchy Ladybug and The Mixed-Up Chameleon comes this interactive story that invites kids to imitate animal movements. Watching giraffes bend

their necks or monkeys wave their arms is fun, but nothing could be better than joining in. From their heads down to their toes, kids will be wriggling, jiggling, and giggling as they try to keep up with these animals! Alligators wiggle, elephants stop, gorillas thump, and giraffes bend. Can you do it? ' I can do it!' is the confidence-building message of this fun-filled interactive picture book. A variety of familiar animals invite young children to copy their antics, and as they play, they will learn such important skills as careful

listening, focusing attention, and following instructions. Just as alphabet books introduce the very young child to letters and simple words, From Head to Toe introduces the basic body parts and simple body movements. And in the same way that children progress from understanding simple words to reading and writing sentences and stories, so they will progress from simple body movements to dancing, gymnastics, and other sports and activities, with confidence and pleasure. Eric Carle's colorful collages have delighted children for

Eco facts come to light as a plastic duck narrates this beautifully illustrated true story of thousands of bath toys that were lost at sea and swept to the four corners of the Pacific. If a shipping container filled with 28,000 plastic ducks spilled into the Pacific Ocean, where would all those ducks go? Inspired by a real incident, this captivating and innovative look at the pollution crisis in our oceans follows one of the ducks as it is washed away on ocean currents, encountering plastic-endangered whales and sea turtles and passing through the giant floating island of marine debris known as the Great Pacific Garbage Patch. From the author-illustrator of the acclaimed *Curiosity: The Story of a Mars Rover* comes a highly accessible and graphically stylish picture book with an

Book of the Year A revelatory tale of science, adventure, and modern myth. When the writer Donovan Hohn heard of the mysterious loss of thousands of bath toys at sea, he figured he would interview a few oceanographers, talk to a few beachcombers, and read up on Arctic science and geography. But questions can be like ocean currents: wade in too far, and they carry you away. Hohn's accidental odyssey pulls him into the secretive world of shipping conglomerates, the daring work of Arctic researchers, the lunatic risks of maverick sailors, and the shadowy world of Chinese toy factories. Moby-Duck is a journey into the heart of the sea and an adventure through science, myth, the global economy, and some of the worst weather imaginable. With each new discovery, Hohn
