The real Solange is trapped in the imposter’s mind—somewhere in twelfth-century Britain—where she faces the perils of witches, dragons, and knights. Meanwhile, back in Violet Hill, the fake Solange has gone on a blood-drunk rampage, feeding on civilians in blatant disregard of a decade’s worth of treaties. Our God is an English translation of Hamara Khuda written by Hazrat Mirza Bashir Ahmad (ra), M. A. in the prime of his youth. The book was written largely for the youth who were being swept by the onslaught of atheist literature. It is as relevant today as then; rather more so. The book mainly addresses the issue of Existence of God from the point of view of rational arguments. It furnishes cogent reasons as to why we cannot see God. The beauty of God lies in His being Hidden from our physical eyes, and yet being apparent to us through his creation and revelation. The universe, human nature, morality, universal acceptance of God, supremacy of Prophets and testimony of the righteous are the bases on which the author successfully develops the arguments for the existence of God. For a reflective mind everything in the world points to God. Even the smallest constituent of the universe presents an unfathomable puzzle for the human mind. The Christian church was, and continues to be, mainly responsible for advancing a totally false and absurd view that there is fundamental contradiction between science and religion. The Holy Quran and the Holy Prophet (sa) categorically reject this view. The author deals with the issue comprehensively and shows that there is not, and cannot be, a contradiction between science and religion. Next, the writer deals with advantages of belief in God; it brings about unity, dissuades from evil, encourages to do good, helps to understand the nature of things and brings about true satisfaction and contentment. Seven main Atheistic arguments are successfully refuted by very powerful arguments. Lastly, a comparison is made between drawbacks of Communism—which is considered to be a branch of Atheism—and advantages of economic system of Islam.

In this chilling first novel by filmmaker, composer, and graphic novelist Leopoldo Gout, a ghost story call-in program opens a doorway into the paranormal. “Ghost Radio reminded me of early Stephen King. The story sticks with you long after you’ve finished the final page.” —James Patterson From the cramped bowels of a dimly lit radio station, Ghost Radio is beamed onto the airwaves. More than a call-in show to tell scary stories about vampires and poltergeists, Ghost Radio is a sanctuary for those sleepless denizens of the night, lost halfway between this world and the next. Joaquin, the hip, melancholy host, sits deep in a fog of cigarette smoke, firing calls from believers and detractors alike. He is joined in the booth by his darkly beautiful girlfriend, Alondra, and his engineer, Watts. Soon what began as an underground cult sensation is primed to break out to mainstream audiences. When a huge radio conglomerate offers to syndicate the show and Ghost Radio becomes a national hit with an expanding legion of hardcore fans, neither Joaquin, Alondra, nor Watts is remotely prepared for what is about to happen. When Joaquin notices a curious and troubling phenomenon, he is inexplicably drawn further and further into the terrifying stories he solicits on the radio. As he slowly loses control over his reality and finds himself unable to distinguish between the real world and the world populated by the nightmares on Ghost Radio, he’s forced to confront his past and his own mortality in order to repair the crumbling wall between the living and the dead.

As the clans gather for the coronation of the next vampire queen, new alliances are beginning to form and the power of the clan leaders is threatened by a would-be usurper.

“Madam President. The nuclear bombs just detonated in China, Russia, and off the coast of the United States did not, I repeat, did not originate from the planet Earth. It is my opinion, and the opinion of everyone here, that the Earth can no longer be defended from the Earth.” President Carolina Garcia sat in the Roosevelt Room across the hall from the Oval Office and gazed at the four people sitting opposite her in unblinking shock. As she looked at the Secretary of Defense, the Director of the Central Intelligence Agency, the Director of the FBI, and the Administrator of NASA, her mind was so scrambled that she could not even remember which one just uttered the surreal and blood-chilling identity of the enemy which just attacked earth.

A Kirkus Reviews Best Fiction Title of 2011 In Buzz Aldrin, What Happened to You in All the Confusion?, readers follow a man who wishes not to be followed, a man who, after a series of personal and professional disasters, finds himself lying on a rain-soaked road in the desolate, treeless Faroe Islands, population only a few thousand, a wad of bills in his pocket and no memory of how he had come to be there. From there, Brage Award-winning author and playwright Johan Harstad’s debut novel--previously published to great success in eleven countries with its first English-language appearance in June 2011--tells the story of Mattias, a thirty-something gardener living in Stavanger, Norway, whose idol is Buzz Aldrin, second man on the moon: the man who was willing to stand in Neil Armstrong's shadow in order to work, diligently and humbly, for the success of the Apollo 11 mission. Through Harstad's "delectably light but nonetheless impactful prose . . . [t]he novel's finest moments wrap you up in communion with Mattias, as if you are spending a quiet afternoon with an old friend, chatting but mostly thinking" (Three Percent). Surrounded by a vivid and memorable cast of characters--aspiring pop musicians, Caribbean-obsessed psychologists, death-haunted photographers, girls who dream of anonymous men falling in love with them on bus trips, and even Buzz Aldrin himself--"Harstad combines formal play and linguistic ferocity with a searing emotional directness" (Dedi Felman, Words Without Borders) to bring Mattias to the realization that he cannot always blend into the background.
