Supplement your social studies curriculum with 180 days of daily practice! This essential classroom resource provides teachers with weekly social studies units that build students' content-area literacy, and are easy to incorporate into the classroom. Students will analyze primary sources, answer text-dependent questions, and improve their grade-level social studies knowledge. Each week covers a particular topic within one of the four social studies disciplines: history, economics, civics, and geography. Aligned to the National Council for the Social Studies (NCSS) and state standards, this social studies workbook includes digital materials. Frank Serafini has written extensively on the reading workshop, and in talks around the country, he's answered the tough questions about teaching through this powerful medium. Now in *Around the Reading Workshop in 180 Days*, his most practical book to date, Serafini answers your most frequently asked questions and shows you the daily ins and outs of the workshop. Picking up where his bestselling titles *The Reading Workshop* and *Lessons in Comprehension* left off, Serafini gives you month-by-month strategies for running a reading workshop across an entire school year. He provides everything you need to change the way intermediate and middle level students think and talk about reading, including: \*instructional strategies \*how-tos for organizing \*ideas for lessons \*ways to connect

## Read Book 180 Days Of Reading For Third Grade 180 Days Of Practice

reading and writing instruction \*assessment and evaluation techniques \*tips for helping students choose books \*lists of recommended children's literature for your students and recommended professional resources for you. In addition, classroom teacher Suzette Serafini-Youngs illustrates Serafini's ideas with "Windows on the Workshop," classroom vignettes that bridge theory to practice and demonstrate with precision the teacher's role in workshop-based reading instruction. Whether you're a thirty-year veteran or a novice teacher, go Around the Reading Workshop in 180 Days with Frank Serafini and take your students on a memorable journey into literacy.

Encourage sixth-grade students to build their reading comprehension and word study skills using daily practice activities. Great for after school, intervention, or homework, teachers and parents can help students gain regular practice through these quick, diagnostic-based activities that are correlated to College and Career Readiness and other state standards. *Supplement your science curriculum with 180 days of daily practice! This invaluable classroom resource provides teachers with weekly science units that build students' content-area literacy, and are easy to incorporate into the classroom. Students will analyze and evaluate scientific data and scenarios, improve their understanding of science and engineering practices, answer constructed-response questions, and increase their higher-order thinking skills. Each week covers a particular topic within one of three science strands: life science, physical science, and Earth and space science. Aligned to Next Generation Science Standards (NGSS) and state standards, this resource includes digital materials. Provide students with the skills they need to think like scientists with this essential resource! Modeled after Fry's 1000 Instant Words, this series introduces four sight words a week with a repetitive structure that places the emphasis on target words instead of the activities-with a total of 144 sight words covered. Kindergarten students will be engaged with daily word activities that familiarize them with target words and continually reinforce their recognition of sight words throughout the week. This teacher-friendly series provides a weekly outline of activities for each set of target words and downloadable files. The activities can be used for weekly or cumulative assessment. Boost reading, writing, and spelling skills with this powerful series that is aligned with state standards.*
