Motor City Dream Garages

Great collector cars are still out there--just waiting to be found! Sadly, there is very little reality in reality TV. That wouldn't be so bad except for the fact that these shows are the only TV shows for the barn-find collector car aficionado. Barn Find Road Trip is the antidote to all the manufactured collector "reality" shows. It's a real-world, barn-find banzai run in which auto archaeologist Tom Cotter, his car collector pal Brian Barr, and photographer Michael Alan Ross embarked on a 14-day collector-car-seeking adventure with no predetermined destinations. It's barn-find freestyle! Roaming the Southeast, they documented their day-to-day car search in photos and through stories and interviews. This trip is absolutely real and the same kind of junket any gearhead with the skills, knowledge, and time can undertake. Cotter and company hit the road in Cotter's 1939 Ford Woody, the kind of car that opened doors and started the conversations that revealed where interesting cars were squirreled away. The result? The discovery of over 1,000 collector cars and some of the most amazing barn-find stories Cotter has yet unearthed, all accompanied by Ross' evocative photography. If you love stories of automotive adventure, this is the book for you!

This book chronicles over 75 years of engine design, development, and production at Chrysler Corporation, with descriptions, pictures, specifications and timelines provided for every production engine built.

By Detroit Iron

Discusses the history, characteristics, and capabilities of pickup trucks.

The truck's role in American society changed dramatically from the 1960s through the 1980s, with the rise of off-roaders, the van craze of the 1970s and minivan revolution of the 1980s, the popularization of the SUV as family car and the diversification of the pickup truck into multiple forms and sizes. This comprehensive reference book follows the form of the author's popular volumes on American cars. For each year, it provides an industry overview and, for each manufacturer, an update on new models and other news, followed by a wealth of data: available powertrains, popular options, paint colors and more. Finally, each truck is detailed fully with specifications and measurements, prices, production figures, standard equipment and more.

Home and Farm Manual

Entertaining Chronicles of Life in Clarion County, Pennsylvania, Late 1920s Through the Present Day

His name is Ralph and his stories are true. This is an engaging book of memoirs, collected from letters submitted to local newspapers. Lavishly illustrated with 101 vintage and contemporary photographs, these entertaining and heartfelt stories reflect an ordinary man's extraordinary observations. Enjoy the good ol' days as Ralph revisits his youth growing up in rural Pennsylvania. Ralph relates episodes from school days in a one-room schoolhouse, farming and starting a business during the Great Depression, plus dating in the 1940s. There are lively accounts of parenting from the 1950s through the 1980s, as well as current chronicles and anecdotal observations of life. And there are tales of unusual pets, truncated vacations, and clever inventions narrated by a man whose life seems to continually offer up entertaining material. Follow Ralph's adventures as he describes his money-making schemes as a child during the Great Depression, trading his cantankerous horse for a bicycle, keeping kids in line on his school bus, and rescuing his grandson from the top of a fire tower. Enjoy witty insights into the life of a landlord. Share Ralph's enthusiasm for his new career as a writer for the local newspapers, begun when he was 81. These great stories are sure to stimulate your own personal memories and recollections and inspire many intergenerational conversations.

Beginning in 1985, one section is devoted to a special topic
