DIV In Porsche 911: 50 Years, bestselling author Randy Leffingwell celebrates a half-century of one of the world's premiere sports cars, focusing on the major themes that have defined Porsche's rear-engined wonder. He tells the whole story—design and development, racing and competition, engineering and technology, style and culture. All the iconic 911 models are included: the original 901 prototype that set the standard; the legendary RS models that made the little Porsche a dominant force on the world's racetracks; the infamous Turbo, the car that kept the performance flame alight during the dark, dismal decade of the 1970s; the fabled 959, the model that redefined the term "œsports car"; the 993, last of the original air-cooled models; and the 996, 997, and 991, the liquid-cooled cars that brought the 911 into a new millennium. But beyond telling the story of the cars, this book also spotlights the people behind them: Ferdinand "œButzi" Porsche, the son of legendary Porsche founder Ferdinand "œFerry" Porsche, who co-designed the instantly recognizable 911 shape; Peter W. Schutz, the Porsche CEO who saved the 911 from

Leffingwell also tells the story of the 911 community—the clubs and culture that surround the car. Together, all of these facets make Porsche 911: 50 Years the most essential book in any Porsche fan's library./div
