The evolution of automotive climate control systems is told in more than 500 pages including more than 600 pictures. The progress made in heaters, defrosters, air conditioners, ventilation systems and windshield wipers since 1897 is enormous. This book shows how the automobile manufacturers and suppliers have made driving an automobile safe and pleasant in any type of weather. The major changes that have occurred from the early use of lap robes and charcoal heaters to the modern,

Britain's has a long, distinctive history producing farm model tractors for collectors, young and old, around the world. This book is the first comprehensive, fully illustrated guide for collectors of the model and toy tractors produced by Britain's in the ten years since it transferred all production to China.

The book describes all the model tractors released in North America and Europe since 1998. As well as general releases it includes details and photographs of prototype and rare
