Since the early 2000s, the apparent explosion of interest in Volkswagens with original paint, rust and patina has inspired a generation of car fanatics, who might not be able to afford to restore a car to show condition, but still want a good looking, cool car that will stand out from the crowd. Once looked upon as being in need of restoration, cars with original paint, rust and patina, especially within the global Volkswagen community, have gradually become far more popular than restored cars. When walking down a line of cars at a car show, it's easy to see why; these cars are rare,

***1945, while the VW Bus presaged the minivan by thirty-plus years. Volkswagen: Beetles and Buses examines and celebrates all aspects of the vehicles and the many cultural associations that have swirled around them for more than seven decades. The diminutive rear-engined and easily mass-produced Beetle became the most popular imported car in America during the 1960s. Its success was due to its familiar face, its wildly clever ad campaigns, and the sheer numbers produced. The equally compact yet spacious Bus (a.k.a. Kombi, Microbus, Type 2, Transporter, and simply “van”) has won millions of fans around the world with its practicality, simplicity, and design. In this beautifully illustrated and authoritatively written celebration,***
