AAA Auto Guide 2004 New Cars and Trucks

In a warm, perceptive essay that touches on economics, fashion, literature, and politics, the Strega Prize–winning author of Story of My People reflects on the seismic shifts of 2020 and the diverse ways we’re adapting. Attempting to make sense of the incredible upheaval of 2020—from the devastating impact of COVID-19 to the sudden loss of his father—Edoardo Nesi considers the changing global economy and its effect on our lives. He shares the stories of Alberto Magelli, a small textile entrepreneur; Livia Firth, a prominent advocate for sustainability; Elisa Martelli, a young Sangiovese winemaker; Enrico Giovannini, a leading economist and statistician; Rino Pratesi, a proud butcher from the heart of Tuscany; and more. From the overworked to the unemployed, we’re all grappling with difficult questions about our current disorienting world: Will we ever feel healthy again, and what will it take to regain “normality?” What does progress mean today? Have science and technology let us down? What will the increased prevalence of remote working mean for our cities, and for our lifestyles generally? Deftly weaving together the personal

and the economic, Nesi takes us on a fascinating journey to understanding.

Atlanta Magazine

This is the first book to explain how the fundamentals of marketing strategy must change in response to this broad-based increase in wealth. The authors specifically addresses how to fine tune a mass marketing approach that captures the value created from greater consumer affluence. After years of expensive and largely ineffective attempts at one-to-one marketing and other complex varieties of microsegmentation, the business environment is ripe for a switch back to the relative simplicity of a mass marketing mindset. Flouts conventional wisdom: the authors in-depth research uncovered that today's moneyed masses are completely different than the mass market of decades past in terms of how much they have to spend and what they are willing to spend it on. Reveals the mass marketing strategies a range of companies have already successfully used to hit pay dirt with products ranging from oral care to laundry detergent to exotic automobiles.
