Toyota Production System, Second Edition systematically describes the changes that have occurred to the most efficient production system in use today. Since the publication of the first edition of this book in 1983, Toyota has integrated JIT with computer integrated manufacturing technology and a strategic information system. The JIT goal of producing the necessary items in the necessary quantity at the necessary time is an internal driver of production and operations management. 'It must be my power, the bat
speed I generate, and the

Singh Dhoni is as calm and
unruffled a sportsman on the
field as he is self-effacing off
it. But 'brute strength',
'murderous form' and 'a man
possessed' were some of the
phrases that came to mind
when, on 5 April 2005 in
Visakhapatnam, he exploded
onto international

consciousness by becoming the first regular Indian 'keeper to score a one-day century. With his striking form on the day, his long locks visible beneath his helmet, red tints glinting in the sunlight, 'Mahi' Dhoni had transformed from a boy HAILING from an obscure small town to a sports legend with the aura of a rock star. And yet, Dhoni was no child prodigy, no overnight success. When he made his international debut at 23, he was already mature by Indian cricket standards-with five grinding years of domestic cricket behind him. How that

legend came to be-and grew from game to game-is told here by noted sportswriter Gulu Ezekiel in his crackling but measured prose. Captain Cool is the story of MS Dhoni, Indian cricket's poster boy; it is also the heartwarming account of the life of a young man who won India the World Twenty20 in 2007, the 50-over World Cup title in 2011 and the Champions Trophy in 2013, but can still tell his throngs of admirers, 'I am the same boy from Ranchi'.

Be the Nut is a story of a little buckeye who just can't come to terms with who he really is. He so desperately wants to become an oak tree that he can't see his own special qualities and he begins to compare himself to the little acorn. His comparisons lead to coveting, scheming, lying and even stealing! He learns some very important lessons along the way; like what we wear on the outside cannot change who we are on the inside and that God knows just what He's doing when He creates each one of us.
