German Empress.” —Marie Benedict, New York Times bestselling author of *The Only Woman in the Room* Perfect for fans of the BBC's *Victoria*, Alison Pataki's *The Accidental Empress*, and Daisy Goodwin's *Victoria*, this debut novel tells the gripping and tragic story of Queen Victoria's eldest daughter, Victoria, Princess Royal. To the world, she was Princess Victoria, daughter of a queen, wife of an emperor, and mother of Kaiser Wilhelm. Her family just called her Vicky...smart, pretty, and self-assured, she changed the course of the world.

January 1858: Princess Victoria glides down the aisle of St James Chapel to the waiting arms of her beloved, Fritz, Prince Frederick, heir to the powerful kingdom of Prussia. Although theirs is no mere political match, Vicky is determined that she and Fritz will lead by example, just as her parents Victoria and Albert had done,

and also bring about a liberal and united Germany. Brought up to believe in the rightness of her cause, Vicky nonetheless struggles to thrive in the constrained Prussian court, where each day she seems to take a wrong step. And her status as the eldest daughter of Queen Victoria does little to smooth over the conflicts she faces. But handsome, gallant Fritz is always by her side, as they navigate court intrigue, and challenge the cunning Chancellor Otto von Bismarck, while fighting for the throne—and the soul of a nation. At home they endure tragedy, including their son, Wilhelm, rejecting all they stand for. Clare McHugh tells the enthralling and riveting story of Victoria, the Princess Royal—from her younger years as the apple of her father Albert's eyes through her rise to power atop the mighty German empire to her final months of life.

ended, a number of very traditional, very conservative, highly prestigious colleges and universities in the United States and the United Kingdom decided to go coed, seemingly all at once, in a remarkably brief span of time. Coeducation met with fierce resistance. As one alumnus put it in a letter to his alma mater, "Keep the damned women out." Focusing on the complexities of institutional decision making, this book tells the story of this momentous era in higher education—revealing how coeducation was achieved not by organized efforts of women activists, but through strategic decisions made by powerful men. In America, Ivy League schools like Harvard, Yale, Princeton, and Dartmouth began to admit women; in Britain, several of the men's colleges at Cambridge and Oxford did the

same. What prompted such fundamental change? How was coeducation accomplished in the face of such strong opposition? How well was it implemented? Nancy Weiss Malkiel explains that elite institutions embarked on coeducation not as a moral imperative but as a self-interested means of maintaining a first-rate applicant pool. She explores the challenges of planning for the academic and non-academic lives of newly admitted women, and shows how, with the exception of Mary Ingraham Bunting at Radcliffe, every decision maker leading the charge for coeducation was male. Drawing on unprecedented archival research, "Keep the Damned Women Out" is a breathtaking work of scholarship that is certain to be the definitive book on the subject.

Institutions of higher education are increasingly being asked by consumers and external authorities to demonstrate that they make a difference, and to provide evidence about how much their students have learned.
