The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Model Rules of Professional Conduct

Principles of European Contract Law

Going online opens up a world of legal issues that can't be ignored. Domain names, trade marks, international jurisdictions, credit card transactions, partnerships, alliances, online contracts, employee email and internet policies and cyber crimes are some of the issues discussed and explained by specialist solicitor, Susan Singleton. Template documents are included.

Architect's Legal Handbook: The Law for Architects, Fifth Edition is a collection of papers including those on International Work by Architects, on European community Law affecting Architects, and the Architects' Professional Indemnity Insurance. This collection is a comprehensive guideline to laws in England, Scotland, and the European community. This handbook seeks to make architects more aware of where possible legal pitfalls may lurk. Coverage is updated to include changes in English Law, Scottish Law, English Law of Contract, the Law of Tort, Architect's Appointment and Collateral Warranties, Architects' Liability, English and Scottish Land Laws, and the Standard Building Contracts in England. The origins and sources of the laws and the basic principles are explained, which guide the reader into how these are applied in the architects' relations with their clients and clients; contractors. A wider discussion is given on the topic of collateral warranties, incorporation options, and legal organizations such as partnerships and limited companies. Upon the formation of the European Community, institutions and treaties have arisen, so a review of technical harmonization and standards, right of establishment and freedom to provide services, product liability, and consumer protection is provided in order. The international workplace for British architects is also discussed, covering most countries in Europe. This collection of papers will prove useful for architects and engineers, especially those who want to put up their own architectural firms. The book can be likewise an informative source for architectural students, lawyers, and professors in business and commercial law.

This text provides a comprehensive guide to the principles of European contract law. They have been drawn up by an independent body of experts from each Member State of the EU, under a project supported by the European Commission and many other organizations. The principles are stated in the form of articles, with a detailed commentary explaining the purpose and operation of each article and its relation to the remainder. Each article also has extensive comparative notes surveying the national laws and other international provisions on the topic.

Learn how to choose a partner wisely, keep accurate records, and remain in compliance with state and federal laws. The ideal reference book for start-up or fledgling companies. Includes sample partnership agreements and relevant laws.

Business Insider calls The ENTREPRENEUR'S GUIDE "perhaps the most useful business book you can ever read" and lists it among twenty-five must-read books for entrepreneurs. THE ENTREPRENEUR'S GUIDE TO LAW AND STRATEGY, 5E examines stages of starting a business -- from start-up and growth to public

offering, while highlighting legal preparations and pitfalls. Cutting-edge examples show how legally astute entrepreneurs can strategically increase realizable value, deploy resources, and manage risk. The book discusses leaving a job, hiring former coworkers, competing with a former employer, workplace legislation, product liability, and bankruptcy. You examine current issues including today's workforce in the "gig" economy, "crowdsourcing" capital and social media, computer hacking and identity theft. Legal discussion integrates with core strategic concepts, such as Porter's Five Forces, the resource-based view of the firm, the value proposition, activities in the value chain and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
