From the New York Times bestselling author of The Banker's Wife, wolds collide when an FBI agent investigates a string of grisly murders on Long Island that raises the impossible question: What happens when the primary suspect is your father?
FBI Agent Nell Flynn hasn't been home in ten years. Nell and her father, Homicide Detective Martin Flynn, have never had much of a relationship. And Suffolk County will always be awash in memories of her mother, Marisol, who was murdered when Nell was just seven. When Martin Flynn dies in a motorcycle accident, Nell returns to the house she grew up in so that she can spread her father's ashes and close his estate. At the behest of her father's partner, Detective Lee Davis, Nell becomes involved in an investigation into the murders of two young women in Suffolk County. The further Nell digs, the more likely it seems to her that her father should be the prime suspect—and that his friends on the police force are covering his tracks. Plagued by doubts about her mother's murder—and her own role in exonerating her father in that case—Nell can't help but ask questions about who killed Ria Ruiz and Adriana Marques and why. But she may not like the answers she finds—not just about those she loves, but also about herself.

Dark secrets past and present collide in Sleepless, a haunting novel of guilt and retribution from Romy Haussmann, the international bestselling author of Dear Child. It's been years since Nadja Kukla was convicted of a cruel crime. After being released from prison, she's wanted nothing more than to live a normal life: nice flat, steady job, even a few friends. But when one of those friends, Laura von Hoven—free-spirited beauty and wife of Nadja's boss—kills her lover and begs Nadja for her help, Nadja can't seem to refuse. The two women make for a remote house in the woods, the perfect place to bury a body. But their plan quickly falls apart and Nadja finds herself outplayed, a pawn in a bizarre game in which she is both the perfect victim and the perfect murderer...

"A delicious, dark, adrenaline rush of a book. I'm already dying to see Charlie Hall's next con." - New York Times bestselling author Holly Black makes her stunning adult debut with Book of Night, a modern dark fantasy of betrayals, secret societies, and a dissolute thief of shadows, in the vein of Neil Gaiman and Erin Morgenstern. Charlie Hall has never found a lock she couldn't pick, a book she couldn't steal, or a bad decision she wouldn't make. She's spent half her life working for glomaiests, magicians who manipulate shadows to peer into locked rooms, strangle people in their beds, or worse. Glomaiests guard their secrets greedily, creating an underground economy of grimoires. And to rob their fellow magicians, they need Charlie Hall. Now, she's trying to distance herself from past mistakes, but getting out isn't easy. Barging at a dive, she's still entirely too close to the corrupt underbelly of the Berkshires.

Not to mention that her sister Posey is desperate for magic, and that Charlie's shadowless, and possibly soulless, boyfriend had been hiding things from her. When a terrorist figure from her past returns, Charlie descends into a maelstrom of murder and lies. Determined to survive, she's up against a cast of doppelgangers, mercurial billionaires, glomaiests, and the people she loves best in the world—all trying to steal a secret that will give them vast and terrible power. The house on Old Mill Road has stood in an open field for longer than Jesse Wells has been alive, its crooked windows and jutting turret tormenting the kids of Warsaw, Michigan the way only a haunted house knows how. Everyone imagines that something terrible lurks within the house's abandoned rooms—especially Jesse and his two closest friends, Casey and Reed. But when Reed chooses the house as a backdrop for his own suicide, childhood ghost stories are transformed into a nightmare that sends Jesse into a downward spiral of grief. Nearly twenty years later, Jesse stands on the collapsing steps of the house that snatched away his best friend. Casey has asked him to revisit their old demons, if only to help them find closure that's long overdue. But tragedy finds them once more, and Jesse is left forever changed. Now, left to cope with the disaster that had become his life, Jesse must unravel the mystery behind the house that has terrified him since he was a boy. To fail is to lose everything he has left. But success might come at an even a higher price.

She can keep the doors locked. The lights on. Her fingers crossed. But she can't stop the memories of a terrifying crime. Or keep it from happening again. The murderer took his time choosing his pretty victims. Then he took his time killing them. What was left when he finished made even veteran Boston cop Harry Jordan feel sick. But this time the killer made a mistake. His victim was found alive. Armed with a police sketch of the man, Harry wanted national publicity, the kind he could get from Mallory Malone, the "TV detective." Her top-rated show reenacted heinous crimes and often jugged witnesses' memories enough to shake loose the clue that could break the case. But not this time. This case was different for self-made career woman Mallory Malone. This cop was different. The case scared her; the cop was falling in love with her. Her instincts told her to run. But the killer already knew her name. Her address. And a secret that could destroy them both. Elizabeth Adler was born in Yorkshire, England. She is married to an American lawyer and has one daughter. They have lived in Brazil, England, France, and Ireland and currently live in California. She is the internationally acclaimed author of Léonie, Peach, The Rich Shall Inherit, The Property of a Lady, Fortune Is a Woman, and The Secret of the Villa Mimosa.

The perfect blend of riveting characters, chilling details, and gasping twists in this standout thriller will keep you frantically reading until the explosive end." – Lisa Gardner, New York Times bestselling author of Right Behind You This is the story of three best friends: one who was murdered, one who went to prison, and one who's been searching for the truth all these years . . . When she was sixteen years old, Angela Wong—one of the most popular girls in school—disappeared without a trace. Nobody ever suspected that her best friend, Georgina Shaw, now an executive and rising star at her Seattle pharmaceutical company, was involved in any way. Certainly not Kaiser Brody, who was close with both girls back in high school. But fourteen years later, Angela Wong's remains are discovered in the woods near Geo's childhood home. And Kaiser—now a detective with Seattle PD—finally learns the truth: Angela was a victim of Calvin James. The same man who murdered at least three other women. To the authorities, Calvin is a serial killer. But to Geo, he's something else entirely. Back in high school, Calvin was Geo's first love. Turbulent and often volatile, their relationship bordered on obsession from the moment they met right up until the night Angela was killed. For fourteen years, Geo knew what happened to Angela and told no one. For fourteen years, she carried the secret of Angela's death until Geo was arrested and sent to prison. While everyone thinks they finally know the truth, there are dark secrets buried deep. And what happened that fateful night is more complex and more chilling than anyone really knows. Now the obsessive past catches up with the deadly present when new bodies begin to turn up, killed in the exact same manner as Angela Wong. How far will someone go to bury her secrets and hide her grief? How long can you get away with a lie? How long can you live with it? Find out in Jennifer Hillier's Jar of Hearts.

Soon the fragile new life Fen has created for herself away from her abusive ex-husband is threatened at its foundations by the gown's power over her until she can't tell what is real and what is imaginary. As Fen uncovers more about the gown and Isabella's story, she begins to see the parallels with her own life.
