Use with the Daily Standards Pocket Chart (158174) to clearly and efficiently display the cards in your classroom.*

*Helping Your Child Succeed in Sixth Grade: A Parent's Guide to the Common Core Schools across America are rolling out new, more rigorous curricula in order to meet the demands created by a new set of English and Mathematics standards – known nationally as the Common Core State Learning Standards. You can expect to see a number of changes in your child's sixth grade class. In English, students will now read more Informational Texts. This type of passage provides facts and often deals with current events, science, and social studies. In addition, questions posed about these readings will ask students to find evidence and use it to formulate an argument. In order to master new Literacy standards, students will need a larger and stronger vocabulary to allow them to both tackle complex readings and write acceptable arguments. In Mathematics, students will spend more time developing their understanding of specific and important math concepts. Students will be expected to both demonstrate understanding of each topic and apply their mathematical skills to real-world situations. As a parent, it is important not only to understand the new standards, but also to have the tools to help your child do his or her best in school. This book is designed to provide you with the guidance and resources to support classroom learning and help your child succeed. It includes: An annotated review of the standards highlighting what your child should master during third grade 20 Important lessons that you can do – together with your child – to support them as they progress through the school year A Vocabulary section designed to make sure your child masters the most important academic words 200+ practice questions to improve your child's skills Diagnostic quiz and 20+ mini-quizzes to check for understanding*

*The practices you will find in this book have been used effectively by many teachers. Here they are altered and redesigned with special attention to the CCSS-in a way that maintains the potential for teacher control and decision making in the best interest of learners. -Gretchen Owocki Whether it's developing arguments, writing informational texts, or pulling evidence from literary and informational texts to support their claims, the Common Core asks students to do the hard work of higher-level writing across the content areas. To help with the hard work of teaching, The Common Core Writing Book, 6-8 presents a comprehensive framework of strategies and lessons for enhancing or building a middle school writing curriculum. Within each section, you will find a set of instructional practices-demonstrations, collaborative engagements, and independent applications- that allow students to gradually take control of complex thinking and activity. Gretchen Owocki covers not only the English Language Arts standards, but all the writing standards for literacy in social studies, science, and technical subjects. She identifies those lessons that work best in content-area classrooms, offers suggestions for cross-disciplinary collaboration, and provides common language for teachers across the disciplines. She shares resources and supports such as: decision trees that help you differentiate by matching students to lessons assessment tools to determine writers' needs instructional strategies, including minilessons dozens of reproducibles, including mentor texts, graphic organizers, and planning templates for writers. "Effective teaching," writes Gretchen, "is about taking note of learners' knowledge, engagement, and responses to instruction-and shaping instruction around what is observed." With her Common Core Writing Book, 6-8 you'll have a robust set of meaningful,*

*authentic lessons and tools for not only teaching well but creating and sustaining engagement so that your writers continue to improve across the year.*

1910. Pownal, Vermont. At 12, Grace and her best friend Arthur must leave school and go to work as a "doffers" on their mothers' looms in the mill. Grace's mother is the best worker, fast and powerful, and Grace desperately wants to help her. But she's left handed and doffing is a right-handed job. Grace's every mistake costs her mother, and the family. She only feels capable on Sundays, when she and Arthur receive special lessons from their teacher. Together they write a secret letter to the Child Labor Board about underage children working in Pownal. A few weeks later a man with a camera shows up. It is the famous reformer Lewis Hine, undercover, collecting evidence for the Child Labor Board. Grace's brief acquaintance with Hine and the photos he takes of her are a gift that changes her sense of herself, her future, and her family's future.
