***'If an action-packed blend of Roman mythology and dystopian fantasy sounds like your cup of tea, you should definitely pick up the Book Of Fire trilogy.'* – Katharine Corr, co-author of The Witch's Kiss Trilogy The brand new novel from Michelle Kenney, author of the Book of Fire and City of Dust!**

***New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.***

***The haunting and poignant story of a how a young Japanese girl's understanding of the historic and tragic bombing of Hiroshima is transformed by a memorial lantern-floating ceremony. Twelve-year-old Nozomi lives in the Japanese city of Hiroshima. She wasn't even born when the bombing of Hiroshima took place. Every year Nozomi joins her family at the lantern-floating ceremony to honor those lost in the bombing. People write the names of their deceased loved ones along with messages of peace, on paper lanterns and set them afloat on the river. This year Nozomi realizes that her mother always releases one lantern with no name. She begins to ask questions, and when complicated stories of loss and loneliness unfold, Nozomi and her friends come up with a creative way to share their loved ones' experiences. By opening people's eyes to the struggles they all keep hidden, the project teaches the entire community new ways to show compassion. Soul Lanterns is an honest exploration of what happened on August 6, 1945, and offers readers a glimpse not only into the rich cultural history of Japan but also into the intimate lives of those who recognize--better than most--the urgent need for peace.***

From the 17th through the 19th century, artists in Kyoto and Edo (now Tokyo) captured the metropolitan amusements of the floating world (ukiyo in Japanese) through depictions of subjects such as the beautiful women of the Yoshiwara pleasure quarters and performers of the kabuki theater. In contrast to

ukiyo-e prints by artists such as Katsushika Hokusai, which were widely circulated, ukiyo-e paintings were specially commissioned, unique objects that displayed the maker's technical skill and individual artistic sensibility. Featuring more than 150 works from the celebrated Weston Collection, the most comprehensive of its kind in private hands and published here for the first time in English, this lavishly illustrated and meticulously researched volume addresses the genre of ukiyo-e painting in all its complexity. Individual essays explore topics such as shunga (erotica), mitate-e (images that parody or transform a well-known story or legend), and poetic inscriptions, revealing the crucial role that ukiyo-e painting played in a sophisticated urban culture. "One of the best [books] I've read about the individuals who make up a country that is all too often regarded as a monolith." —Jonathan Fenby, Financial Times If China will rule the world one day, who will rule China? There are more than 320 million Chinese between the ages of sixteen and thirty. Children of the one-child policy, born after Mao, with no memory of the Tiananmen Square massacre, they are the first net native generation to come of age in a market-driven, more international China. Their experiences and aspirations were formed in a radically different country from the one that shaped their elders, and their lives will decide the future of their nation and its place in the world. Wish Lanterns offers a deep dive into the life stories of six young Chinese. Dahai is a military child, netizen, and self-styled loser. Xiaoxiao is a hipster from the freezing north. "Fred," born on the tropical southern island of Hainan, is the daughter of a Party official, while Lucifer is a would-be international rock star. Snail is a country boy and Internet gaming addict, and Mia is a fashionista rebel from far west Xinjiang. Following them as they grow up, go to college, find work and love, all the while navigating the pressure of their parents and society, Wish Lanterns paints a vivid portrait of Chinese youth culture and of a millennial generation whose struggles and dreams reflect the larger issues confronting China today.

The Story of a Father ' s Love and the Healing Power of a Simple Letter

A kingdom of secrets and a game of lies

Let's Go 2008 France

*A compassionate memoir about a father's relationship with his children, the healing power of a small act of kindness, and the proof that love is everlasting. Love you, Dad. Miss you so much. Steph. A brokenhearted daughter scribbled those words on a sky lantern before sending it off to her father in heaven who had passed away. Halfway across the country, Steph's lantern landed in Matt Mikalatos's yard. As a father of three daughters, Matt could not let that heart-wrenching note unanswered, so he posted an open letter to her on his blog, which went viral overnight. Little did he know how that small act of kindness would lead him to the real Steph and change his family's life in remarkable ways. A poignant and lyrical account of the beauty and wonder found in domestic life, Sky Lantern shows how the miraculous events that followed Matt finding the sky lantern in his yard—and the widespread and lasting impact his letter had—prove that the bond between a parent and their child can last forever.*
