Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed***

through the motions and longing for something better? Kevin P. Horath talks straight about what it means to live a "double-portion life" and how to truly recognize who you are in Christ. From growing up as the son of a pastor to his own experience as an associate pastor, Kevin tells how we can apply the lessons learned from Elisha, the Old Testament prophet, to our lives today. Through Scripture, stories, a little humor, and dozens of practical tips, Kevin teaches the way of the double-portion life as demonstrated by Elisha. In these pages, you will discover: How to recognize the call of God The importance of relationships in ministry What holiness really means Your responsibility to the next generation How to leave a legacy of life Find out how you have access to the double-portion now. If you feel ineffective in your Christian

Expanded and revised, the Second Edition of the Algebra Survival Guide unleashes its power for a new generation of students. Now that the Common Core Standards have changed how math is taught, this 2nd edition aligns its content to these broad new guidelines. The new Edition also adds advanced content. In its XTREME ALGEBRA section, the new edition tackles the topics of Functions, Inequalities and the Advanced Coordinate Plane, and it teaches story problems in all three areas. These additions update the book for today's elementary and secondary students; they also provide

additional support for adults taking algebra in their return to college. Plus, with its newly expanded index and glossary, the 2nd Edition makes all of its content easy to find. The book retains the cartoons, analogies and conversational format that brought out praise from all corners and garnered the book both a Parents Choice Commendation and a Golden Porch Award for pedagogical excellence.
