America's urban population has been growing while rural areas are declining – especially after the great recession. This is not new as rural decline has been affected by the long-term shift from an agriculturally based economy to a service based economy. However, the preference of many Millennials for urban settings

exacerbates the issue and reduces the rural community's ability to replenish the population. Life in Rural America: A Statistical Portrait will present economic and demographic indicators of the rural population and help users understand the community and geographic differences that rural communities experience. The
