Human Interactions With Whales

A Whale's World follows a pod of spy-hopping orcas as they explore the ecosystems of the Great Bear Sea while hunting for their next meal. Past rocky shores and through kelp forests, they observe foraging wolves, hungry grizzly bears, curious black bears, graceful fin whales, splashing porpoises, slippery seals and other members of the Pacific coastal food web. The book gives readers a fun introduction to the many ways that marine and land animals interact with their environments and with each other.

Describes how a migrating humpback whale mistakenly entered the San Francisco Bay in 1985 and swam sixty-four miles inland before being led back to the sea by people concerned for his welfare.

Jonah's Whale of a Tale is a whimsical story taken from the Old Testament book of Jonah, and written in an inspirational and unique way for children of all ages. While many concentrate on the fact that Jonah was swallowed by a whale, the author has pointed to the lessons God was portraying. This story, scattered with poetry, gives children a chance to learn about God and how he offers forgiveness to all who ask. The book also gives the parents the opportunity to discuss the lessons in the story. Eve enjoyed taking a book of the Bible and telling the story in a way that children can enjoy. She felt an inspiration to choose Jonah and she hopes God is pleased with her presentation. Eve, the name she is called, has a degree in Communications, with a major in Radio and TV, from the University of Illinois. While at the University she had an honorary live children's show on the education station. She is a native of Indiana and loves Spring Mill State Park. She was Assistant Editor of Bursts & Duds, an employee's publication, at the Crane Naval Ammunition Depot, Crane, Indiana. Eve now lives In Arizona where she taught Children's Television One and Two for Plaza Three Talent Agency, and served twelve years as a City Council Aide. She hopes you enjoy her story.

Moby Dick is a novel by American writer Herman Melville. The work is an epic sea story of Captain Ahab's voyage in pursuit of Moby Dick, a great white whale. A contemporary commercial failure and out of print at the time of the author's death in 1891, its reputation rose during the twentieth century. D.H. Lawrence called it "the greatest book of the sea ever written." Jorge Luis Borges praised the style: "Unforgettable phrases abound." Today it is considered one of the Great American Novels and a leading work of American Romanticism. The opening line, "Call me Ishmael," is one of the most recognizable opening lines in Western literature. Ishmael then narrates the voyage of the whaleship Pequod, commanded by Captain Ahab. Ahab has one purpose: revenge on Moby Dick, a ferocious, enigmatic white whale which on a previous voyage destroyed Ahab's ship and severed his leg at the knee. The detailed and realistic descriptions of whale hunting and the process of extracting whale oil, as well as life aboard ship among a culturally diverse crew, are mixed with exploration of class and social status, good and evil, and the existence of God. Melville uses a wide range of styles and literary devices ranging from lists and catalogs to Shakespearean stage directions, soliloquies, and asides.

New Bedford, Chicago and the Twilight of an Industry

An Incredible Adventure of Faith, Miracles, and Destiny

A giant whale trapped in nets and ropes. Can she be helped? A humpback whale migrating south along the California coast becomes tangled in a fishing trawler's ropes and nets. As she struggles to free herself, the ropes twist more tightly around her body, digging into her skin. The whale fights until she is too tired to continue. What happens next will astound and inspire. Based on true events, this is a story of interspecies cooperation and the importance of human responsibility to protect the earth and its many inhabitants. Wendell Minor's breathtaking paintings illustrate the majesty of the gentle humpback whale in her blue-green undersea world and the amazing efforts of humans—creatures a mere fraction of her size—who risked their lives to save her. Back matter includes the story behind the story, further information about humpback whales, and facts about whale rescue efforts

The Heart of a Whale

Jonah's Whale of a Tale

Named a Best Book of 2018 by the Financial Times and Fortune, this "thrilling" (Bill Gates) New York Times bestseller exposes how a "modern Gatsby" swindled over \$5 billion with the aid of Goldman Sachs in "the heist of the century" (Axios). Now a #1 international bestseller, BILLION DOLLAR WHALE is "an epic tale of white-collar crime on a global scale" (Publishers Weekly, starred review), revealing how a young social climber from Malaysia pulled off one of the biggest heists in history. In 2009, a chubby, mid-mannered graduate of the University of Pennsylvania's Wharton School of Business named Jho Low set in motion a fraud of unprecedented gall and magnitude—one that would come to symbolize the next great threat to the global financial system. Over a decade, Low, with the aid of Goldman Sachs and others, siphoned billions of dollars from an investment fund—right under the nose of global financial industry watchdogs. Low used the money to finance elections, purchase luxury real estate, throw champagne-drenched parties, and even to finance Hollywood films like The Wolf of Wall Street. By early 2019, with his yacht and private jet reportedly seized by authorities and facing criminal charges in Malaysia and in the United States, Low had become an international fugitive, even as the U.S. Department of Justice continued its investigation. BILLION DOLLAR WHALE has joined the ranks of Liar's Poker, Den of Thieves, and Bad Blood as a classic harrowing parable of hubris and greed in the financial world.

Onboard a vessel that would make Jacques Cousteau green with envy, the Cat and Co. take to the high seas in search of whales, dolphins, and porpoises—those aquatic mammals known as cetaceans. While learning how cetaceans stay warm without hair, have teeth or balen, swim in troops, spyhop, spin, breach, and see via ecolocation, kids are introduced to almost 20 different species—including sperm, right, humpback, and blue whales; Gulf, spectacled, and finless porpoise; and boto, common, hourglass, and bottlenose dolphins. A shipshape selection for summer reading! "The Cat in the Hat's Learning Library shows young readers that books can be entertaining and educational at the same time. This is a wonderful series!" —Barbara Kiefer, Ph.D., Charlotte S. Huck Professor of Children's Literature, Ohio State University The whaling bark Progress was a New Bedford ship transformed into a whaling museum for Chicago's 1893 world's fair. Traversing waterways across North America, the whaleship enthralled crowds from Montreal to Racine. Her ultimate fate, however, was to be a failed sideshow of marine curiosities and a metaphor for a dying industry out of step with Gilded Age America. This book uses the story of the Progress to detail the rise, fall, and eventual demise of the whaling industry in America. The legacy of this whaling bark can be found throughout New England and Chicago, and invites questions about what it means to transform a dying industry into a museum piece.
