

## A Me Il Cuore, Please: Emozioni E Seduzione

Let me tell you a story about a girl on Long Island, who always tried to play life by "the rules" — as outlined in the Secret Handbook of Long Island Rules... That girl, uh, woman, is me, Teddi Gallo. I'm the mother of three kids under the age of eleven, best friend to Bobbie (who denies there's any such thing as a secret handbook, but who knows all the moves by heart) and the daughter of June (who has inside info on the rules, but has a reserved room at South Winds Psychiatric Hospital, as well). And if I don't have enough to send me over the edge, my too-handsome-for-his-own-good husband seems determined to drive me crazy. But why? This is the tale of how I had to rewrite that old, dusty handbook — and while doing so, I suddenly discovered the secret to happiness was living by your own rules. And that has made everything different.

Not every missing person is meant to be found... When troubled nurse Alina vanishes one night, it's assumed she ran away from her violent husband. Until disgraced ex-teacher Emily Swanson moves into the couple's former home. Emily's life is in ruins and she's meant to be making a fresh start. But when she learns about the missing nurse, she sees a chance for redemption. Because finding Alina could help right the wrongs of Emily's past. All she needs to do is follow the clues. But what Emily doesn't know is that Alina had a horrifying secret. One about the care foundation she worked for. And the closer Emily gets to uncovering the truth, the closer she gets to terrible danger. Inspired by a shocking true crime, Next To Disappear is the first book in a twisty British mystery and suspense series from Malcolm Richards. Praise for Next To Disappear: "Electrifying... Rhetoric and Narration in Boccaccio's "Decameron"

This Italian reference grammar provides students, teachers and others interested in the Italian language with a comprehensive, accessible and jargon-free guide to the forms and structure of the language. Whatever their level of knowledge of the language, learners of Italian will find this book indispensable: it gives clear and detailed explanations of everything from the most elementary relation between spelling and pronunciation, or the forms of the article, to more advanced points such as the various nuances of the subjunctive. Formal or archaic discourse is distinguished from everyday usage, and regionalisms are also indicated where appropriate. The authors have taken care to make it an easy and illuminating reference tool: extensive cross-referencing allows readers to quickly find the information they require, and also stimulates them to discover new, related facts.

Privileging both a transnational and a sociological approach, this volume explores the position of women in the early modern literary field, emphasising the international scope of their work and examining their historical position, influence, network and dialogues.
