And it can help simplify mealtimes, too, as you give your baby suitable food from your family meal. For over 25 years, generations of babies and toddlers have enjoyed exploring a world of taste and texture, thanks to Annabel Karmel's expert recipes. Now she presents her baby-led weaning recipes, offering a flexible approach to weaning for parents looking to try out this method. THE TIME TO ENCOURAGE HEALTHY EATING HABITS AND SMART FOOD CHOICES FOR YOUR CHILD IS NOW. Unhealthy food is everywhere—colorfully packaged, cheap, and full of fat, calories, and sodium. It's no wonder childhood obesity has become an epidemic in the last thirty years. As a result, by the time most people reach adulthood, they're already wired to overeat. Family nutrition expert Eileen Behan posits that good nutrition and good eating habits start on day one. The Baby Food Bible features a guide to more than 100 foods recommended for infants and toddlers based on the American Academy of Pediatrics guidelines, tells parents when to introduce these foods into a child's diet, and emphasizes the importance of setting healthy eating routines that center on family meals at the dining room table—the perfect time to build good habits. In a clear, accessible style, Behan describes how to: • foster an appetite for a healthy variety of new foods (there's more to life than string cheese) • avoid everyday pitfalls, such as relying on too much fruit juice or labeling your child a picky eater • establish a meal and snack schedule (children will feel more secure and eat better) • decipher the many labels and ingredient lists at the grocery store • prevent and treat common food-related issues, including allergies, colic, choking, and iron deficiency • encourage the foods that will discourage chronic disease, from high blood pressure to heart disease The Baby Food Bible also features an alphabetized index—from apples to zucchini—that explains how to buy, store, prepare, and serve more than 100 foods, with delicious recipes for every meal, wholesome snack ideas, and advice for eating out. There's no better way to ensure your child will grow up to have a happy and healthy life!
