Even if we manage to free ourselves from one issue, the next one crops up. Is there no end to this cycle? How would it be, if we free ourselves from one issue and the rest of the problems disappear? Sounds very interesting and tempting, does it not? The trials and tribulations that we undergo, which is Sa?sara, are because we think we are bound to this world and its attendant sorrows but the truth is we are not bound. We are already free but we don't know this. How does one get out of this illusion? Only with knowledge. This is precisely what the Bhagavad Gita teaches us through a great conversation between Lord K???a and Arjuna. This book attempts to give a concise version of the profound truth in simple terms. Abstract of the various sadhanas like Karma Yoga, Bhakti Yoga and Jñana Yoga have been discussed to inspire the reader for a more comprehensive study of these texts.

The scripture of the Bhagavad Gita was given by God's incarnation Sri Krishna to humanity more than 5,000 years ago. The profound teachings of the Holy book are as relevant in today's world as it was in the hoary past. The teaching of the Song of God, in the form of the Bhagavad Gita, has been acknowledged all over the world as a lofty scripture. The Holy book has been translated into all major languages of the world, for the benefit of humanity. For thousands of years, the Bhagavad Gita has inspired millions of readers.

Srimad Bhagavadgita (A Vedanta Text) Upanisads are called Vedanta and the synthesis of its concepts is discussed in 'Brahma Sutra' by the great sage Vedvyas. The knowledge of the fundamental entities, as is propounded in the Upanisads, related to the Absolute (Brahma, Pure Self) is included in Srimad Bhagvadgita (Gita), the dialogue between Lord Srikrnsna and the mighty-armed Arjuna. That is why the Gita Text is also called a Vedanta Text. Although from the beginning to the end in the text the Blessed Lord Srikrnsna has given the sermons of carrying out one's duty inspired

by one's own inborn nature, but to understand the entire teachings of the Lord the study of the complete text is essential. This is a unique text of metaphysics (the science of reality) and ethics (the art of union with the reality) by which, following the scriptural method of listening, analytical reasoning and firm meditation, a person gets spiritual happiness. Many enlightened sages and learned authors have written commentaries on Gita which are very valuable from the point of view of Religion and Philosophy. In the present text, taking help of the few of these, effort is being made to present the subject matter in a different form. Based on personal experience the following five points are taken into consideration. First, a suitable title is given to each Sloka (verse) so that essentials of the subject matter are known in a short time from the contents of the text. Second, looking to the need of a large number of devotees who have no in-depth knowledge of Sanskrit and its pronunciation, each Sloka is also given in the Roman script. Third, the meaning of each Sanskrit word is explained in Hindi in such a way that entire meaning of the Sloka is easily understood and remembered. Fourth, keeping in view the pattern of present education and interest of young students, the meaning of each Sloka is also given in English along with Hindi. Fifth and the last point is about the short explanation of each Sloka. The thoughts of any one tradition in vogue are not fully incorporated but partly taken into consideration, which are essential to understand the in-depth meaning of the teachings and the rest is left to learned reader for his/her interpretations. It is advised to study the known standard texts for detailed explanations. Unlock the Secrets to Lasting Health, Your Perfect Weight, Energy, and Passion with Dr. Taz's Power Type Plans

Gita teaches man the essentials of living in this world and beyond: Your soul is eternal and indestructible; the body beautiful is only a garment; beings and universe arose from an act of sacrifice by God; the burden of samsara (cycle of births and rebirths) can be shed by devotion to God; man by his conduct creates his own dharma and karma, which control the present and the future; plants, animals and men have souls, some sentient and some insentient; our roots are in heaven; doing one's dharma(duty)by itself is yoga; liberation is the only goal of man; there are many ways and means to attain God and nobody is excluded.

A Journey in the Heart By: Christine Apter, PhD, ERYT 500 This book is meant to be an organized curriculum that takes a student beyond the foundational philosophy, anatomy, technical aspects, and teaching methodology developed from many advanced yoga teacher training workshops. The basics of yoga teaching with the standards of Yoga Alliance are not covered in this text. It is designed as a manual intended to meet the criteria for 300 hours of knowledge and practice above and beyond what is taught in basic yoga teacher training. A deep desire and enthusiasm for the teaching is perhaps a more important criterion for the aspiration to dive deeper. To be proficient in teaching and practicing, it takes thousands of hours and perhaps decades of committed work. The art and science of yoga teaching and practice come together with the flexible format surrounding factual structure presented in this book. Rather than an authoritative tool, this manual is fashioned to be a framework for the creative work it takes to teach yoga and practice deeper. The reader is encouraged to build upon the information and inspiration and to be creative and innovative with the material.
