Black Howl (A Black Wings Novel Book 3)

From the national bestselling author of The Mermaid comes a mind-bending novel inspired by the twisted and wondrous works of Lewis Carroll... In a warren of crumbling buildings and desperate people called the Old City, there stands a hospital with cinderblock walls which echo the screams of the poor souls inside. In the hospital, there is a woman. Her hair, once blond, hangs in tangles down her back. She doesn't remember why she's in such a terrible place. Just a tea party long ago, and long ears, and blood... Then, one night, a fire

at the hospital gives the woman a chance to escape, tumbling out of the hole that imprisoned her, leaving her free to uncover the truth about what happened to her all those years ago. Only something else has escaped with her. Something dark. Something powerful. And to find the truth, she will have to track this beast to the very heart of the Old City, where the rabbit waits for his Alice.

The author of Alice takes readers back down the rabbit hole to a dark, twisted, and fascinating world based on the works of Lewis Carroll... The land outside of the Old City was supposed to be green, lush, hopeful. A place where Alice could finally rest, no longer the plaything of the Rabbit, the pawn of Cheshire, or the prey of the Jabberwocky. But the

verdant fields are nothing but ash—and hope is nowhere to be found. Still, Alice and Hatcher are on a mission to find his daughter, a quest they will not forsake even as it takes them deep into the clutches of the mad White Queen and her goblin or into the realm of the twisted and cruel Black King. The pieces are set and the game has already begun. Each move brings Alice closer to her destiny. But, to win, she will need to harness her newfound abilities and ally herself with someone even more powerful—the mysterious and vengeful Red Queen...

their blockade repels all attempts by the fledgling United Terran Federation to mount a counteroffensive. The Federation's military command is desperate and with their fleet still in tatters they make a last ditch effort to free the planet: They pull Captain Jackson Wolfe out of retirement and put him in command of a ship they hope can get past the defending armada and provide support to the beleaguered Marines and civilians fighting on the surface of the contested world. There is no reasoning with this enemy. If the Terran Federation wants their planet back, they will have to pay the price.
