Fyodor Dostoyevsky's "Notes from Underground" is considered by many to be the first existentialist novel. It presents itself as an excerpt from the rambling memoirs of a bitter, isolated, unnamed narrator (generally referred to by critics as the Underground Man) who is a retired civil servant living in St. Petersburg. The first part of the story is told in monologue form, or the underground man's diary, and attacks emerging Western philosophy, especially Nikolay Chernyshevsky's "What Is to Be Done?" The second part of the book is called "Àpropos of the Wet Snow," and describes certain events that, it seems, are destroying and sometimes renewing the underground man, who acts as a first person, unreliable narrator.

A riveting novel about the tragic romance that nearly destroyed a young Pablo Picasso--while granting him his first flight of creative genius. From rowdy Barcelona barrooms to the incandescent streets of turn-of-the-century Paris, Pablo Picasso experiences the sumptuous highs and seedy lows of bohemian life alongside his rebellious poet friend with a shadowy past, Carles Casagemas. Fleeing family misfortune and their parents' expectations, the two young artists seek their creative outlet while chasing inspiration in drugs, decadence, and the liberated women of Montmartre--creatures far different from the veiled ones back home. The new life feels like bliss, and nothing can come between them...until a dark-haired, enigmatic muse enters the picture. The two artists' passion for Germaine will lead to a devastating turn. Amid soul-searching and despair, however, Picasso discovers a color palette in which to render his demons and paint himself into lasting history. Bringing the exuberance of the era vividly to life, this richly imagined portrait of Picasso's coming of age intertwines the love, death, lust, and friendships that inspired the immortal works of a defiant master.

A narrative account of the author's investigation into the world's economic gap describes her rediscovery of a blue sweater she had given away to Goodwill and found on a child in Rwanda, in a passionate call to action that

relates her work as a venture capitalist on behalf of impoverished nations.

*friendship and an indestructible love
the brilliant and sorrowful new novel*

Considered by many the greatest war novel of all time, All Quiet on the Western Front is Erich Maria Remarque's masterpiece of the German experience during World War I. I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty, culture, and progress they had been taught breaks in pieces under the first bombardment in the trenches. Through years of vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another . . . if only he can come out of the war alive. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."—The New York Times Book Review

The author sets out to capture Picasso's early life in this biography, exploring the originality of his art and ambition. At the heart of the interpretation is Picasso's first great love, Fernande Olivier, with whom the artist lived for seven years - a period which included his most revolutionary works. Fernande is given her own voice by way of excerpts from her candid memoirs. Including the artist's friendships with Apollinaire and Gertrude Stein, the book evokes the atmosphere of bohemian life in Paris in the early 1900s.

Their Eyes Were Watching God

The story of Pecola Breedlove profiles an eleven-year-old Black girl growing up in an America that values blue-eyed blondes and the tragedy that results from her longing to be accepted.

Krakauer's page-turning bestseller explores a famed missing person mystery while

unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting

to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of ‘Women and Fiction’; she spoke about her conviction that ‘a woman must have money and a room of her own if she is to write fiction’. The following year, the two speeches were published as A Room of One’s Own, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance – women and learning, writing and poverty – which helped to establish much of feminist thought on the importance of education and money for women’s independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence – a call which sent ripples well into the next century.

Unlocking the Power of Sleep and Dreams

Records the courage and self-reliance of an Indian girl who lived alone for eighteen years on an isolated island off the California coast when her tribe emigrated and she was left behind.

A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

The fifth volume of Schirmer's Visual Library is devoted to the first independent artistic expression of the young Pablo Picasso (1881-1973), the pictures of the so-called Blue Period.

From one of our most widely admired art critics comes a bold and timely manifesto reaffirming the independence of all the arts—musical, literary, and visual—and their unique and unparalleled power to excite, disturb, and inspire us. As people look to the arts to promote a particular ideology, whether radical, liberal, or conservative, Jed Perl argues that the arts have their own laws and logic, which transcend the controversies of

any one moment. "Art's relevance," he writes, "has everything to do with what many regard as its irrelevance." Authority and Freedom will find readers from college classrooms to foundation board meetings—wherever the arts are confronting social, political, and economic ferment and heated debates about political correctness and cancel culture. Perl embraces the work of creative spirits as varied as Mozart, Michelangelo, Jane Austen, Henry James, Picasso, and Aretha Franklin. He contends that the essence of the arts is their ability to free us from fixed definitions and categories. Art is inherently uncategorizable—that's the key to its importance. Taking his stand with artists and thinkers ranging from W. H. Auden to Hannah Arendt, Perl defends works of art as adventuresome dialogues, simultaneously dispassionate and impassioned. He describes the fundamental sense of vocation—the engagement with the tools and traditions of a medium—that gives artists their purpose and focus. Whether we're experiencing a poem, a painting, or an opera, it's the interplay between authority and freedom—what Perl calls "the lifeblood of the arts"—that fuels the imaginative experience. This book will be essential reading for everybody who cares about the future of the arts in a democratic society.

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

Relief is short-lived for Yatora after his first competition, where his piece was higher ranked than he expected, but far from his dream school's standards. While he's prepared to give Ooba-sensei's challenges everything he's got...what if all he's got is still not enough? With 100 days until university exams, he must seize what's beyond—beyond his singular drive, learned technique, and hard work—to produce an answer only he can.

New insights into Picasso's Blue Period, through innovative technology that reveals hidden compositions, motifs and alterations, plus hitherto unknown information on the artist's materials and process This lavishly illustrated volume reexamines Pablo Picasso's famous Blue Period (1901-04) in paintings, works on paper and sculpture. Relying on new information gleaned from technical studies performed on The Blue Room (Le Tub) (1901), Crouching Beggarwoman (La Miséreuse accroupie) (1902) and The Soup (La

Soupe) (1903), this multidisciplinary volume combines art history and advanced conservation science in order to show how the young Picasso fashioned a distinct style and a pronounced artistic identity as he adapted the artistic lessons of fin-de-siècle Paris to the social and political climate of an economically struggling Barcelona. Essays, a chronology and a summary of conservation findings contextualize Picasso's experimental approach to painting during the Blue Period. A major contribution to the burgeoning field of technical art history, *Picasso: Painting the Blue Period* advances new scholarship on one of the most critical episodes in 20th-century modernism.

Rural Rides is the book for which the English journalist, agriculturist and political reformer William Cobbett is best known. At the time of writing *Rural Rides*, in the early 1820s, Cobbett was a radical anti-Corn Law campaigner. He embarked on a series of journeys by horseback through the countryside of Southeast England and the English Midlands. He wrote down what he saw from the points of view both of a farmer and a social reformer. The result documents the early 19th-century countryside and its people as well as giving free vent to Cobbett's opinions

Authority and Freedom

In Red City, Blue Period, Kaplan combines the methods of anthropology and the new cultural history to examine the civic culture of Barcelona

between 1888 and 1939. She analyzes the peculiar sense of solidarity the citizens forged and explains why shared experiences of civic culture and pageantry sometimes galvanized resistance to authoritarian national governments but could not always overcome local class and gender struggles. She sheds light on the process by which principles of regional freedom and economic equity developed and changed in a city long known for its commitment to human dignity and artistic achievement. Although scholars increasingly recognize the relationship between so-called high art and popular culture, little has been done to explain what opens the eyes of artists to folk figures and religious art. Kaplan shows how artists like Picasso and Joan Miró, playwright Santiago Russinyol, the cellist Pablo Casals, and the architect Antonio Gaudí, as well as anarchists and other political activists, both shaped and were influenced by the artistic and political culture of Barcelona.

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a

contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.
