Publisher Description

Christmas comes but once a year. Luckily . . . The Christmas holiday is, traditionally, a time when families gather together. In Ralph's case this means ten or more relatives coming to stay, including assorted aunts and uncles, nutty Great-Aunt Ida (the Home tells them to be careful not to let her out) and his ghastly cousins: Titania in her silly, sick-making frilly fairy dresses and the twins Sylvester and Sylvia (it took until Easter last year before the family dog got over them). Jammed into one small house for three days of merriment and family fun, with the tv on the blink and Mum on the verge of a breakdown, it soon becomes obvious that, in this house, more definitely does not mean merrier . . .

There are many good books on Italian immigration to the United States, including success biographies, field researches and historical investigations. What is lacking however is an account of the immigrant experience from a "grassroots" point of view. This book tells the stories of a normal people, the great majority of the immigrant population, through their own, sometimes almost illiterate, words.With this book I aim to contribute to this country's story of immigration with these first-hand accounts of those who lived it, first-generation immigrants. It was said once, by Giuseppe Prezzolini, that Italian immigration left tears and sweat but not "words." The material of this book proves such arrogance wrong. I tried to be as thorough as possible in my field research looking for such "words" on both sides of the Ocean. I consulted Italian and American archives, I looked for books out of print, and scavenged for unpublished ones in private houses and forgotten drawers. What I found fills a silence and gives a wider spectrum of the immigrant experience, from the miner to the tailor, from the janitor to the professor.The book will interest scholars of Italian immigration because it adds information from within the protagonists' self. Their tales may be average, their memory may be inaccurate but their drive toward a new life and their immigrant "philosophy," made of grinding teeth and hope, is all there in its most fresh features. The book will also interest scholars of the autobiographical genre because it adds a new facet to the autobiographical voice. There are only a few studies on the life writing of the lower class (which come from France and England, not the US). I have tried toformulate new concepts that describe the autobiographical "I" of these works, conc

The Diary of a Killer Cat

Warning Miracle

Now a major motion picture, Stephen King's brilliant and terrifying story of a marriage with truly deadly secrets. Darcy Anderson's husband of more than twenty years is away on one of his routine business trips when the unsuspecting Darcy looks for batteries in the garage. Her toe knocks up against a hidden box under a worktable and in it she discovers a trove of horrific evidence that her husband is two men—one, the benign father of her children, the other, a raging rapist and murderer. It's a horrifying discovery, rendered with bristling intensity, and it definitively ends "A Good Marriage." This story was originally published in Stephen King's acclaimed collection, Full Dark, No Stars.

A pair of newlyweds honeymoon in a truly exotic location as they delve deep into a mysterious forest and themselves.

Nobody wants Tulip in their gang. She skives off school, cheeks the teachers and makes herself unpopular with her classmates by telling awful lies. None of this matters to Natalie who finds Tulip exciting. At first she doesn't care that other people are upset and unnerved by Tulip's bizarre games, but as the games become increasingly sinister and dangerous, Natalie realises that Tulip is going too far. Much too far.

Racing, in fact, to the novel's shocking ending.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Theoretical and Empirical Studies on the Restandardization of Italian

When his class of underachievers is assigned to spend three torturous weeks taking care of their own "babies" in the form of bags of flour, Simon makes amazing discoveries about himself while coming to terms with his long-absent father.

In many European languages the National Standard Variety is converging with spoken, informal, and socially marked varieties. In Italian this process is giving rise to a new standard variety called Neo-standard Italian, which partly consists of regional features. This book contributes to current research on standardization in Europe by offering comprehensive overview of the re-standardization dynamics in Italian. Each chapter investigates a specific dynamic shaping the emergence of Neo-standard Italian and Regional Standard Varieties, such as the acceptance of previously non-standard features, the reception of Old Italian features excluded from the standard variety, the changi standard language ideology, the retention of features from Italo-Romance dialects, the standardization of patterns borrowed from English, and the developmental tendencies of standard Italian in Switzerland. The contributions investigate phonetic/phonological, prosodic, morphosyntactic, and lexical phenomena, addressed by several empirical methodologies and theoretical vantage points. This work is of interest to scholars and students working on language variation and change, especially those focusing on standard languages and standardization dynamics.

La mamma di Ellie frequenta un corso di pittura e decide di ritirarre Tuffy. Però, nessuno in famiglia è entusiasta del nuovo quadro appeso alla parete, e il Gatto killer interviene a modo suo. Chi può addossarmi la colpa se uno dei miei artigli si è impigliato nella tela? Sono rimasto incastrato. Nessuno potrebbe biasimarmi solo perché ho cercato di liberarmi...».

Translating Culture Specific References on Television provides a model for investigating the problems posed by culture specific referenes in translation, drawing on case studies that explore the translational norms of contemporary Italian dubbing practices. This monograph makes a distinctive contribution to the study of audiovisual translation and culture specific references in its focus on dubbing as opposed to subtitling, and on contemporary television series, rather than cinema. Irene Ranzato's research involves detailed analysis of three TV series dubbed into Italian, drawing on a corpus of 95 hours that includes nearly 3,000 CSR translations. Ranzato proposes a new taxonomy of strategies for the translation of CSRs and explores the sociocultural, pragmatic and ideological implications of audiovisual translation for the small screen.
