Whether you've never picked up a knife or you're an accomplished chef, there are only four basic factors that determine how good your food will taste. Salt, Fat, Acid, and Heat are the four cardinal directions of cooking, and they will guide you as you choose which ingredients to use and how to cook them, and they will tell you why last minute adjustments will ensure that food tastes exactly as it should. This book will change the way you think about cooking and eating, and help you find your bearings in any kitchen, with any ingredients, while cooking any meal. --

The Cat in the Hat bakes cupcakes in this simple retelling of a scene from the movie version of Dr. Seuss's classic book.

Year of The Cat - an enchanting and informative book for all children interested in other Cultures, Places [here, it's New York City's Chinatown] and Cats - is the debut title in a new series of Chinese-culture themed books by artist and emerging children's book writer Natasha Lynn Rabin, and collaborator, award-winning illustrator, Josie Yee. Ying shares her own observations and opinions about what makes Chinese New Year the 'best', introduces us to her family (including cats) and takes us along on her Year of the Cat campaign. It is a book about the joy of holidays with family and the extra, added anticipation that surrounds the arrival of a new sibling, all captured in Josie Yee's colorful, exquisitely detailed illustrations. The following excerpt begins the fun adventure with Year of the Cat: "In Chinese Time, months are measured by the cycles of the moon, and every year has an assigned animal from the Chinese Zodiac. There are twelve official Chinese animals. I was born in the Year of the Monkey. Maybe that's why it's hard

for me to sit still. I ask Ma Ma, who knows the reasons for lots of things, Why isn't there a Year of the Cat?"Children and parents alike will learn why there isn't, and about Ying's resolve to honor her cat, Bao, her Cousin's cat, Jackie Chan, and cats everywhere, when the New Year arrives.

My dad and I don't have much in common apart from, well, cat burglary. We aren't interested in cash and diamonds though - we're after the world's real treasures - ancient artefacts that need to go back to their rightful place. Scaling buildings, defusing alarms, cracking safes, then home for a power nap before school - that's my life. At least it was until we took a priceless Aztec artefact. Now the strangest things are happening to me, and dad's been kidnapped. I've got three days to find him or neither of us will be living to steal another day.

Giving new meaning to the term "fast food" Rest-stop grade F meat patty? Nah. Nuggets of reconstituted poultry bits? Pass. Deep-fried fish discus? No, really, thanks all the same. It's time to bid farewell to the roadside meal as you know it. Nearly twenty years ago, Chris Maynard and Bill Scheller opened the world's eyes to the beauty of car-engine gastronomy in the original Manifold Destiny. And now that another generation of both drivers and eaters has emerged, the cult classic is due for an overhaul. In this shiny, spanking-new edition, learn how to make s'mores in your Scion, poach fish in your Pontiac, even bust out a gourmet snack from under the hood of your Escalade. With step-by-step diagrams, crowd-pleasing recipes, and thorough instructions, now you can turn your car into a kitchen without ever crossing any golden arches. Hilarious, bizarre, and ultimately (seriously!) useful, Manifold Destiny is and always will be an unparalleled original. So, slap a ham steak under the hood of your car, hit the gas, and drive until you reach delicious -- which is in approximately fifty miles, depending on traffic.

Remarkably candid, compulsively readable, renowned chef Cat Cora ' s no-holds-barred memoir on Southern life, Greek heritage, same sex marriage, and the meals that have shaped her memories. Before she became a celebrated chef, Cathy Cora was just a girl from Jackson, Mississippi, where days were slow and every meal was made from scratch. Her passion for the kitchen started in her home, where she spent her days internalizing the dishes that would form the cornerstone of her cooking philosophy incorporating her Greek heritage and Southern upbringing—from crispy fried chicken and honey-drenched biscuits to spanakopita. But outside the kitchen, Cat ' s life was volatile. In Cooking as Fast as I Can, Cat Cora reveals, for the first time, coming-of-age experiences from early childhood sexual abuse to the realities of life as a lesbian in the deep South. She shares how she found her passion in the kitchen and went on to attend the prestigious Culinary Institute of America and apprentice under Michelin star chefs in France. After her big break as a co-host on the Food Network ' s Melting Pot, Cat broke barriers by becoming the first-ever female Iron Chef. Cooking as Fast as I Can chronicles

the difficulties and triumphs Cora experienced on the path to becoming a chef. She writes movingly about how she found courage and redemption in the dark truths of her past and about how she found solace in the kitchen and work, how her passion for cooking helped her to overcome hardships and ultimately find happiness at home and became a wife and a mother to four boys. Above all, this is an utterly engrossing story about the grit and grace it takes to achieve your dreams.

Nick Sharratt's fabulously funny d_but novel, THE CAT AND THE KING, tells the story of a gentle, unworldly King and his very clever cat, and is illustrated throughout in two colours with Nick's irresistible wit and humour. The cat and the King must find a new home after their castle burns down in an Unfortunate Incident with a dragon. They choose Number 37 Castle Close, and the cat introduces the King to all sorts of new experiences, from washing-up to shopping. Then danger looms when the pesky, fire-breathing dragon makes its return.

"One day, a witch's cat found a dusty old cookbook, and it gave him the most marvellous idea..." The witch has gone out and inspired by the old cookbook, the cat is determined to knock up a super-scrumptious surprise lunch for her. But unfortunately, his enthusiasm far exceeds his cooking abilities, and he carelessly overlooks some rather important information. But hey, what's the worst that could happen? Reviews: "A fabulously charming story with beautiful illustrations. I have a feeling we'll be reading this one again (and again, and again...)" Fran Grant "This is a super book - it's got everything! Magic, potions, a lovely witch, and of course a cheeky cat - and with such beautiful illustrations, it's one that my little ones ask for over and over." Rebecca C "I love this book because it is really funny and made me laugh out loud. I woke up the next day and made a play with my sister, I was the witch and she was the cat. I like how the cat ends up reading her own book about spells, she is a clever cat!". Words from my daughter who was captured by this delightful storybook that has clearly made an impact! Highly recommended read! Kirstie Watson is a gifted author and the illustrations are adorable." Mrs Sumudu Edirisinghe "We love the Witch's Cat - my nearly 3yr old granddaughter asks for it almost every day and knows what's going to happen on every page - she still laughs at each bit though!! This is a really well written and beautifully illustrated story which I thoroughly recommend." Kindle Customer

Every cat deserves the best possible food in their diet, but knowing exactly what cat food and treats are best can be hard—especially with limited nutritional information for many brands and so many of those brands to choose from. For these reasons, many people have turned to creating their own cat food, using naturally healthy recipes and foods over which every cat will salivate. This book has been carefully researched and compiled to provide you and your cat more than 100 healthy recipes that will help your cat live the best possible lifestyle. You will learn how to recognize the nutritional needs of your cats, including what good health entails in their lives and how to change their diet accordingly depending on their exact breed. You will learn what various normal cat foods contain and which nutritional necessities they meet or do not meet accordingly. You will then learn what artificial preservatives might currently be in your cats food and what that can do to them. Dietary experts for pets and cats in particular have been interviewed and their insights have been included in this book to provide detailed information on how to best feed your cats at home. You will learn how and where to buy what you need for your cats new diet and how to slowly and effectively make the change without disrupting their health. Finally, you will learn more than 100 different recipes, with specific tips in each one for ensuring your cats utter and complete health both in their everyday meals and in the special treats you may give them. This book, for anyone who has considered the importance of their cats dietary health, is ideal for starting down the path to your own home made foods.
