The answer is surprisingly well: Broiled Tilapia with Lime, Spicy Pulled Pork, Green Chile and Cheddar Quesadillas, Vegetable Jambalaya, Beet and Chickpea Salad—even desserts like Coconut Chocolate Cookies and Peach Coffee Cake. In addition to creating nutritious recipes that maximize every ingredient and use economical cooking methods, Ms. Brown gives tips on shopping and creating pantry basics; on mastering certain staples—pizza dough, flour tortillas—and saucy extras that make everything taste better, like spice oil and tzatziki; and how to make fundamentally smart

Once the reader learns one of Chaplin's base recipes, whether for gluten-

Featured in the groundbreaking documentary *What the Health* Gwyneth Paltrow, Academy-Award winning actress and bestselling cookbook author, returns with recipes for the foods she eats when she wants to lose weight, look good, and feel more energetic. Last spring, after a particularly grueling schedule and lapse of overindulgence, Gwyneth Paltrow was feeling fatigued and faint. A visit to her doctor revealed that she was anemic, vitamin D

deficient, and that her stress levels were sky high. He prescribed an elimination diet to clear out her system and help her body heal. But this meant no coffee, no alcohol, no dairy, no eggs, no sugar, no shellfish, no deep-water fish, no wheat, no meat, no soy, nothing processed at all! An avid foodie, Paltrow was concerned that so many restrictions would make mealtime boring, so, together with Julia Turshen, she compiled a collection of 185 delicious, easy recipes that followed her doctor's guidelines. And it worked! After changing her diet, Paltrow healed totally, felt more energetic and looked great. Now, in *It's All Good*, she shares the go-to dishes that have become the baseline for the restorative diet she turns to whenever she feels she needs it. Recipes include: Huevos Rancheros, Hummus Tartine with Scallion-Mint Pesto, Salmon Burgers with Pickled Ginger, even Power Brownies, Banana "Ice Cream," and more!

When people adopt a new diet for health or personal reasons, they worry most about the parties, holidays, and events with strong food traditions, fearing their fond memories will be lost along with the newly eliminated food groups. After suffering for years with a debilitating autoimmune disease and missing many of these special occasions herself, Danielle Walker has revived the joy that cooking for holidays can bring in Danielle Walker's *Against All Grain Celebrations*, a collection of recipes and menus for twelve special occasions throughout the year. Featuring a variety of birthday cakes, finger foods to serve at a baby or bridal shower, and re-creations of backyard barbecue standards like peach cobbler and corn bread, Danielle includes all of the classics.

There ' s a full Thanksgiving spread—complete with turkey and stuffing, creamy green bean casserole, and pies—and menus for Christmas dinner; a New Year's Eve cocktail party and Easter brunch are covered, along with suggestions for beverages and cocktails and the all-important desserts. Recipes can be mixed and matched among the various occasions, and many of the dishes are simple enough for everyday cooking. Stunning full-color photographs of every dish make browsing the pages as delightful as cooking the recipes, and beautiful party images provide approachable and creative entertaining ideas. Making recipes using unfamiliar ingredients can cause anxiety, and while trying a new menu on a regular weeknight leaves some room for error, the meal simply cannot fail when you

**Veteran cooking instructor Cathy Fisher guides you in preparing delicious meals made from the most health-promoting ingredients on the planet! Her recipes call for 100% plant foods: vegetables, fruits, whole grains, legumes, nuts and seeds, and contain no animal-derived ingredients: meat (beef, pork, fowl, fish, seafood), eggs, honey, or dairy products (cow's milk, cream, butter, cheese, yogurt). They are also gluten-free and "SOS-free" (made with no added salt, oil, or sugar). These are dishes that most of us have been eating all of our lives--they've just been given a makeover!**

**Although Cathy emphasizes whole foods instead of overly processed foods, flavor is not sacrificed: her recipes simply call for more healthful sources of sodium (salt), richness (fat), and sweetness (sugar). This is not a complicated gourmet cookbook to be admired on the bookshelf, but rather a "let's make really good food so we can feel and look really good" cookbook filled with recipes you will make on a regular basis.**
