Following the bestselling Festival of Brexit and A Prat's Progress, star satirist Cold War Steve returns with a viral vengeance with his Journal of the Plague Year. Dubbed 'the modern-day William Hogarth', the collage artist casts a searing eye back at the last year on 'Plague Island' Britain and abroad: featuring a global pandemic, an inept government at home and the US election's absurdist saga, his chronological journal spans lockdowns, G7 summits, crises and scandals, to leave no-one unscathed. Featuring the usual suspects in despicable settings, and rife with art historical references, Journal of the Plague Year brilliantly blends world news and art in signature-style collages, each accompanied by witty commentary. Published in an enlarged format, this new tome will delight Cold War Steve's huge fanbase, and anyone in need of humour after the grimness of this past plague year With 100 illustrations in colour

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Humorous Illustrations, easy-to-read text, and dinosaurs introduce young children to good manners and prosocial behavior. Dinosaurs don't just take, take, take; dinosaurs do share. When they are mad, they don't hit or bite; instead they use words to express their feelings. They shout and run outdoors; they don't shout at a wedding or run in the china shop. So when he learns that the five best students in school that year will get the chance to start warrior training, it's ON.

The fifth diary written by Steve Waugh, this World Cup diary, as well as looking at the cricket on the field, also includes

If you've ever wondered what a day in the life of a Creeper would look like, Jasper gives us a never before, sneak peek into his secret diary.

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

Fiction. In the world lovers create for themselves, it's the simple images and quiet gestures that linger in memory. A silent moment together on a bench, a hand loose upon a table, a voice carried across a crowded room. Doug is quiet and aimless when he meets Sophie, an extravagant, excitable artist. They live together on box wine, ramen and peanut butter until their world is fractured by violence. Eight years later, they rediscover each other as Sophie approaches a startling decision. CLOUD DIARY is Doug's story about Sophie and the shattering, transformative nature of intimacy. In considering the ways our histories can both scar and rescue us, it reminds us that the past is never simply the past.
