Though his body is healed, a modern-day vet in medieval Scotland must find a way to mend his heart. Though Gavin McShane is happy for his sister and her new life, his own has foundered. As he tries to recover from his lover's betrayal, he finds solace in the work of being a fisherman in the Orkneys. On his tiny island he finds relief in seclusion-until he meets the ghostly Blue Lady of Marr. Young druidess Catriona Haral is no phantom. But her hidden existence has made her seem so, even to herself. When Gavin wanders into her secret glen, she wonders if she's found a reason to want to live again. But Catriona wasn't hiding on a whim. When her reasons are revealed, the might of the McDonnel clan and the judgement of the druids land at her doorstep.

I hate living in the spotlight. Going to college is my chance to escape it all. The CEO father, the famous mother, the cameras, the drama, everything... Unfortunately, I'm still stuck with my older brother and his best friend Ethan-AKA the guy I've been crushing on for years. But I plan on using this opportunity to make Ethan see me as a woman, and not just his best friend's little sister. That's if Gage, the campus bad boy, doesn't interfere. The last thing I need is an arrogant, cocky playboy whose sole purpose seems to be to complicate my life. The only thing he's good at is showing up at the wrong place at the wrong time. He's rude, obnoxious, and I need to avoid him at all costs. Only problem is...I can't seem to stay away from him.

PRIMAL PARTNERS Love may rule her heart, but not the world. As Heather considers the possibility of immortality, initiated by her lovers, the Magus Corps intrudes. Betrayed by the warlock who managed to infiltrate the coven, their location is no longer secret. Knowing full well that the Corps won't tolerate rogues, hurried plans are made to relocate. But the Templars close in as well. Centuries of searching has finally paid off for a cruel Temple Master who leads his army closer. Though he senses the Wiccans are within his reach, his success is guaranteed when he manages to capture their High Priestess, Heather's sister.

When a modern day archaeologist lands in medieval Scotland, she leaves behind the one thing that might truly help-her memory. But Jema McShane doesn't make the trip alone. Her twin brother Gavin falls through time with her. Separated immediately, Gavin must fend for himself. But Jema lands in the powerful arms of the only Viking member of the McDonnel clan, Tormod. The giant Norseman can scarcely believe how the fates have favored him. His only desire is to protect the strange and beautiful woman, even if it means keeping her existence a secret. But for Gavin, the fates have a different path in store. His world becomes one of darkness, the likes of which he has never known.

Ancient secrets are the deadliest. Although Heather and Lucas find the acceptance and love they've always craved, their union with Astrid and Sander has unexpected consequences. Even as the foursome struggles with their new reality, the ancient shifters make their own plans. But with Templars at the coven's doorstep, there are no good choices. Cut off from help and with too few Wiccans to make a stand, the wintry refuge that had once been a sanctuary becomes a trap. As deadly plans and dangerous blood rituals swirl around the mountain like a storm, Heather realizes she must embrace her Wiccan heritage in order to save her loved ones, even if it means losing herself.

In twelfth century Scotland, it took a half-Gael with a Viking name to restore the clans to their rightful lands. Once an exile, Somerled the Mighty now dominates the west. He's making alliances, expanding his territory, and proposing marriage to the Manx princess. It's a bad time to fall for Breagha, a torc-wearing slave with a supernatural sense of smell. Scent of the Soul
A Cultural History

A Midnight Covenant Anthology
Boxing is one of the oldest and most exciting of sports: its bruising and bloody confrontations have permeated Western culture since 3000 BC. During that period, there has hardly been a time in which young men, and sometimes women, did not raise their gloved or naked fists to one other. Throughout this history, potters, sculptors, painters, poets, novelists, cartoonists, song-writers, photographers and film-makers have been there to record and make sense of it all. In her encyclopedic investigation, Kasia Boddy sheds new light on an elemental sports and struggle for dominance whose weapons are nothing more than fists. Boddy examines the shifting social, political and cultural resonances of this most visceral of sports, and shows how from Daniel Mendoza to Mike Tyson, boxers have embodied and enacted our anxieties about race, ethnicity, gender and sexuality. Looking afresh at everything from neoclassical sculpture to hip-hop lyrics, Boxing explores the way in which the history of boxing has intersected with the history of mass media, from cinema to radio to pay-per-view. The book also offers an intriguing new perspective on the work of such diverse figures as Henry Fielding, Spike Lee, Charlie Chaplin, Philip Roth, James Joyce, Mae West, Bertolt Brecht, and Charles Dickens. An all-encompassing study, Boxing ultimately reveals to us just how and why boxing has mattered so much to so many.

An ancient highlander who's never been allowed to love. A modern woman who keeps men at arm's length. Can their passion overcome their pasts? Because deep passions can overwhelm her, she concluded long ago that a conventional life was not for her. She's learned to depend on herself. But all the self-reliance in the world can't prepare her for being taken to ancient Scotland and what she finds there. Chieftain Brennus Skaraven would like nothing better than to remain dead, his legendary clan buried and forgotten. Anything would be preferable to suffering the manipulations of the druids. But when a strange lass comes crashing into his life, he discovers more than a reason to live. He finds the one thing that had always been denied to him and his kind--love.
