This two-volume set collects 300 of the most entertaining and important folk and fairy tales of Giuseppe Pitré, a nineteenth century Sicilian folklorist whose significance ranks alongside the Brothers Grimm. In stark contrast to the more literary ambitions of the Grimms' tales, Pitré's possess a charming, earthy quality that reflect the customs, beliefs, and superstitions of the common people more clearly than any other European folklore collection of the 19th century. Edited, translated, and with a critical introduction by world-renowned folk and fairy tale experts Jack Zipes and Joseph Russo, this is the first collection of Pitré's tales available in
