The travel industry has been through exceptional upheaval and change. Plunkett's Airline, Hotel & Travel Industry Almanac will be your complete guide to this fascinating industry. After reeling from the effects of the September 11, 2001 tragedies, the travel business is now emerging as a more streamlined, efficient and focused industry. Many of the biggest, most successful firms are becoming extremely global in nature. Meanwhile, most airlines are struggling to return to profitability, while low-cost providers Southwest Airlines and JetBlue continue to set the standard for air travel. Deregulation is opening up huge travel markets in India and China. On the hotel side, massive management firms, development companies and real estate investment trusts are gaining in scale and influence. The booking of travel online is perhaps the most successful niche of all of the world's e-commerce efforts. Consumers use the Internet to become better informed and to seek bargains. Online sites like Travelocity, Priceline and Orbitz steer millions of consumers toward specific airlines and hotels in a manner that lowers prices and improves satisfaction among consumers. The exciting new reference book (which includes a fully-featured database on CD-ROM) will give you access to the complete scope of the travel industry, including: Analysis of major trends; Market research; Statistics and historical tables; Airlines; Hotel operators; Entertainment destinations such as resorts and theme parks; Tour operators; The largest travel agencies; E-commerce firms; Cruise lines; Casino hotels; Car rental; and much, much more. You'll find a complete overview, industry analysis and market research report in one superb, value-priced package. It contains thousands of contacts for business and industry leaders, industry associations, Internet sites and other resources. This book also includes statistical tables, a travel industry glossary, industry contacts and thorough indexes. The corporate profile section of the book includes our proprietary, in-depth profiles of over 300 leading companies in all facets of the travel industry. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling key word search and export of key information, addresses, phone numbers and executive names with titles for every company profiled.

The field of Corporate Finance has developed into a fairly complex one from its origins focussed on a company's business and financial needs (financing, risk management, capitalization and budgeting). Corporate Financial Strategy provides a critical introduction to the field and in doing so shows how organizations' financial strategies can be aligned with their overall business strategies. Retaining the popular fundamentals of previous editions, the new edition brings things up to date with an array of new examples and cases, new pedagogical features such as learning objectives and suggested further reading, and includes new material on mergers and acquisitions, and valuations and forecasting. Unlike other textbooks, Ruth Bender writes from the perspective of the firm rather than the investor. Combined with a structure driven by issues, the result is a textbook which is perfectly suited to those studying corporate finance and financial strategy at advanced undergraduate, postgraduate and executive education levels.

Traditionally, books on business ethics focus on CSR, companies' relations with their stakeholders, and corporate citizenship. More recently, green credentials and sustainability have been added to that agenda. Unconventionally, this book argues that business ethics are basic to running business, not a separate subject. They are inherent to the governance and management of every organization, not an optional exercise in corporate citizenship. Business ethics concern behaviour in business and the behaviour of business. Decisions at every level in a company have ethical implications – strategically in the board room, managerially throughout the organization, and operationally in all of its activities. The use, and sometimes the abuse, of corporate power, the process of corporate governance, raises ethical issues. Business involves risk-taking, whether decisions are at the strategic, managerial, or operational level. Exposure to ethical risk needs to be part of every organization's strategy formulation, policy making, and enterprise risk management. Designed to be read by both undergraduates and postgraduates, this book is a primer on ethics in business. It is also relevant to ethics courses that are now part of many legal, accountancy and other professional examinations. The book is not about moral philosophy, nor does it prescribe appropriate standards of behaviour or recommend economic, legal or political solutions. Rather it enables readers to recognize ethical issues in business, to respond appropriately, and to embed ethics in business processes. The book not only considers what business ethics are, and why they are important, but offers practical approaches on how to develop a successful corporate ethics culture.

Global Business Today has been developed specifically to meet the needs of international students of business. Written in a refreshing, informative, and accessible style, it has become the most widely used text in the International Business market with its comprehensive and up-to-date contents; focus on managerial implications and application of international business concepts; and incorporation of ancillary resources that enliven the text and make it easier to teach. In addition to boxed material which provides insightful illustrations in every chapter, interesting anecdotes have been carefully weaved into the narrative of the text to engage the reader. Enhancements to the Global Edition include: New Country Focus boxes that provide background on the political, economic, social, or cultural aspects of countries grappling with an international business issue to help raise students' awareness of how national and geographic differences affect the conduct of international business, such as Corruption in the Philippines and the Export Processing Zone Authority of Pakistan. New Management Focus boxes that provide lively illustrations of the relevance of chapter material for the practice of international business, including Patenting Basmati Rice and Expatriate Managers. New Perspective boxes that provide additional context for chapter topics, such as Market Economy in China, Australian SMEs Embrace the Chinese Currency, and Global Variations in Ownership Structure.

Vuoi imparare a mettere a reddito una casa con gli affitti turistici e diventare ambascador di ospitalità nella tua città? Vuoi scoprire una nuova passione e, organizzando le tue risorse, diventare un property manager indipendente? Le autrici di questo libro ti spiegano come fare, specialmente nell'ipotesi che questo diventi il tuo nuovo lavoro. Leggendo le loro storie potrai prendere spunto dalla loro esperienza imparando a orientarti nel sistema degli affitti a breve termine. Il manuale, di agevole lettura e con numerosi esempi pratici, illustra i punti critici della gestione, aiutandoti a trovare una soluzione ai problemi senza perdere tempo ed evitando gli errori comuni. Al suo interno troverai strumenti e procedure per l'avvio dell'attività (gestione dei prezzi, delle prenotazioni, strumenti informatici necessari, aspetti legali), dando anche uno sguardo a come potrà cambiare il mercato nel prossimo futuro. Facendo tesoro di questi consigli, ti renderai conto che puoi farcela anche tu partendo da zero e che non è necessario avere doti da supereroe per realizzare una attività gratificante.

Plunkett's E-Commerce & Internet Business Almanac 2008

Title 12, Banks and Banking, Parts 500-599

This book deconstructs the “sharing” marketing narratives surrounding Airbnb and similar platforms. It provides a conceptual analysis of the ‘sharing economy’ and accommodation sector and furthers the ongoing discussion surrounding Airbnb and the social sustainability of city tourism. The volume analyses the touristification of neighbourhoods in the context of broader economic and ideological shifts, thus bridging the gap between academic and social debate. It presents four different city scenarios of potential future developments and evaluates the effects of different regulatory responses, giving readers an understanding of the forces and factors at work and envisioning the ultimate consequences of current developments. The book will appeal to students and researchers in tourism and hospitality studies, futures studies and urban planning, as well as to policymakers and strategists in the hospitality and tourism sectors.

La chiamano ricettività alternativa, ma in Italia offre 500.000 posti letto in più di quella tradizionale. Il settore extra alberghiero è in forte crescita, grazie all’affermarsi di fenomeni come l’home sharing e gli affitti brevi. Per lo stesso motivo è anche sotto la lente del Legislatore: quasi metà delle Regioni italiane ha regolamentato appartamenti, B&B, agriturismo e case vacanza negli ultimi tre anni. Oggi lavorare in questo ambito richiede sempre maggiori investimenti e competenze digitali per restare sul mercato. Nell’evoluzione di questo settore rivestono un ruolo chiave le piattaforme digitali, punto d’incontro di esperienze offerte in cui convivono strutture alberghiere ed extra alberghiere. In questo nuovo scenario competitivo, sempre più “convergente”, Digital marketing extra alberghiero è una guida strategica che spiega come tutti possano ritagliarsi la propria nicchia di mercato.

I progetti di successo, quelli che creano la felicità di chi li realizza, hanno una caratteristica fondamentale: nascono dalla passione e dal talento di chi li ha generati. La parte complicata è però riuscire ad accendere la lampadina sul proprio talento e farlo coincidere con quello che il mondo chiede. Il turismo rurale è un settore che richiede talento e passione, un settore di grande bellezza e potenzialità di cui l’umanità in questo momento ha un estremo bisogno. Sfolgiando questo libro, oltre a una panoramica generale, sulla sua storia e le sue regole, troverai un metodo di lavoro utile a individuare quale sia il tuo modello di turismo rurale e potrai migliorare il tuo lavoro in questo straordinario settore capace di riconnetterci con la terra, le radici e il cibo.

This volume explores the challenge of engaging knowledge management in a sharing economy. In a hyper-competitive business environment, everything tends to be digital, virtual and highly networked, which raises the issue of how knowledge management can support the decision whether or not to share strategic resources or capabilities. The book answers questions such as: to what extent does the sharing economy preserve or compromise the competitive advantage of organizations? And what are the knowledge-management strategies for competitive, yet cautious sharing dynamics?

This brief comparatively reviews the security and safety features of hotels and home sharing services. It reviews crime data, laws, and applicable theories – such as defensible space, rational choice, and routine activity theories – to determine how responsibility for crime control and accident prevention in these industries is allotted.This analysis identifies key policy questions about the role of the home sharing hosts and guests in ensuring their own safety and security, which will be of interest to policy makers, researchers and practitioners in criminal justice and law enforcement, as well as those involved in the home sharing and hotel industries.

Hai mai utilizzato Airbnb per prenotare un appartamento per una vacanza? Se l'hai fatto, avrai sicuramente visto centinaia di appartamenti in affitto a diverse centinaia di euro e l'imprenditore che è in te non avrà fatto altro che iniziare a immaginare i guadagni mensili di chi possiede questi appartamenti. Si tratta molto spesso di diverse migliaia di euro al mese con un'attività totalmente automatica. E se fosse possibile attingere a questa fonte di reddito anche senza un immobile di proprietà? Ora è possibile, grazie al subaffitto e alla gestione per conto terzi. Ed è ciò di cui si occupa Alessandro Mondelli, esperto nel settore degli affitti brevi su Airbnb. In questo libro scoprirai tutti i segreti e le tecniche che hanno permesso ad Alessandro di avere successo in questo settore affittando con successo molteplici appartamenti, anche partendo senza alcun capitale e senza immobili. In questo libro scoprirai... Cos'è Airbnb e come funziona - dal lato dell'host Come valutare un immobile e capirne il potenziale Come ottenere le prime prenotazioni sull'immobile Con quali modalità ricevere i tuoi compensi Tutti gli aspetti legali e di fiscalità Come identificare le opportunità e stimare i profitti potenziali

This one-stop handbook covers everything you need to know: starting out; making your business special; people; enterprise for beginners; marketing; cash management; finance; innovation; export know-how; risks and rewards; avoiding the pitfalls and moving on.Packed with case studies from an enormous variety of businesses, this book draws extensively on the stories of successful entrepreneurs from Financial Mail's unique Enterprise Awards programme, It also covers the issues that everyone with their own business should and must consider, from how to get paid promptly (and what to do if not) to advertising, personnel, the business implications of the euro and how to get investment for future growth.
