

Financially Fearless: The LearnVest Program For Taking Control Of Your Money

Chief digital officer at Northwestern Mutual, founder/CEO of LearnVest, and New York Times bestselling author shows how to use the simple tools of the digital age to get more out of our money. We live in a new financial world. Our wallets--like every other aspect of our lives--have gone fully digital. From mobile pay to robo-advisers to cryptocurrencies, technology is rewriting the rules for how we earn, save, spend, and invest. Most people have no idea what to make of the latest trends. But where most people see confusion, Alexa von Tobel sees opportunities for everyday Americans to make and keep more of their money. Technology has made virtually every aspect of our lives cheaper and more convenient: from hailing a cab to getting a prescription filled to buying groceries. So why shouldn't it do the same when it comes to managing our finances? Alexa von Tobel shows that it can. In this straightforward and jargon-free guide, she shows us how to use the simple tools found on any smartphone to earn more, spend less, and invest smarter--and with fewer headaches. Readers will learn: * How to navigate the world of mobile pay and how going cashless can help you avoid unnecessary fines/fees * How to automate your investments and savings to keep earning you money while saving you time and stress * How to protect against privacy breeches and keep your data accounts, and identity ultra secure * What the Bitcoin hype is all about and what it means for the future of money Money is going digital--whether we like it or not. It's time to move Financially Forward...or get left behind.

Two-thirds of American parents today think their children are spoiled. From toys and laptops to smartphones and cars, our kids have grown increasingly entitled in what they believe we should do for them. Kids may not appreciate the value of a dollar, but it's hard to blame them. After all, what have they learned about money? Managing finances is rarely covered in schools, and as a parent, you probably don't know where to start. How do you provide a strong foundation of financial knowledge for your kids with these gaps? What should they learn each year? How do you teach a skill set you never received yourself? In *Smart, Not Spoiled*, financial expert and bestselling author Chad Willardson provides you with practical tools, tips, and stories that will help you teach the kids in your life how to think about money. Chad explores the seven skills your kids should know-and master-before they're adults and helps you improve the financial literacy of everyone in your household.

Opines that most people lack the skills and knowledge to invest their money but do it anyway, and unsuccessfully. Explains how to invest wisely and how markets really work. Looks at how to double a retirement fund.

"These are the 'know your value' conversations that we need to have. These women--their challenges, choices, and successes--are all of us." --Mika Brzezinski Over the last sixty years, women's lives have transformed radically from generation to generation. Without a template to follow--a way to peek into the future to catch a glimpse of what leaving this job or marrying that person might mean to us decades from now--women make important decisions blindly, groping for a way forward, winging it, and hoping it all works out. As they faced unexpectedly fraught decisions about their own lives, journalists Hana Schank and Elizabeth Wallace found themselves wondering about the women they'd graduated alongside. What happened to these women who seemed set to reap the rewards of second-wave feminism, on the brink of taking over the world? Where did their ambition lead them? So they tracked down their classmates and, over several hundred hours of interviews, gathered and mapped data about real women's lives that has been missing from our conversations about women and the workplace. Whether you're deciding if you should pass up a promotion in favor of more flex time, planning when to get pregnant, or wondering what the ramifications are of being the only person in your house who ever unloads the dishwasher, *The Ambition Decisions* is a guide to the changes that may seem arbitrary but are life defining, by women who've been there. Organized by theme, each chapter draws on real women's stories of facing down crisis, transition, and decision-making to illustrate broader trends Schank and Wallace observed. Each chapter wraps up with a useful bulleted list of questions to consider and tips to integrate that will guide women of all ages along the way to finding purpose and passion in work and life.

A New York Times correspondent shares his financial successes and mishaps, offering an everyman's guide to straightening out your money once and for all. Money management is one of our most practical survival skills--and also one we've convinced ourselves we're either born with or not. In reality, financial planning can be learned, like anything else. Part financial memoir and part research-based guide to attaining lifelong security, *This Is the Year I Put My Financial Life in Order* is the book that everyone who has never wanted to read a preachy financial guide has been waiting for. John Schwartz and his wife, Jeanne, are pre-retirement workers of an economic class well above the poverty line, but well below the one percent. Sharing his own alternately harrowing and hilarious stories--from his brush with financial ruin and bankruptcy in his thirties to his short-lived budgeted diet of cafeteria french fries and gravy--John will walk you through his own journey to financial literacy, which he admittedly started a bit late. He covers everything from investments to retirement and insurance to wills (at fifty-eight, he didn't have one!), medical directives and more. Whether you're a college grad wanting to start out on the right foot or you're approaching retirement age and still wondering what a 401(K) is, *This Is the Year I Put My Financial Life in Order* will help you become your own best financial adviser.

99 Personal Money Management Principles to Live by

Spend Well, Live Rich

A guide to achieving financial stability and prosperity by the co-authors of *The Two-Income Trap* encourages readers to change the ways they think about and manage money, discussing such topics as balancing a budget, planning for entertainment, and getting out of debt. 150,000 first printing.

Filled with a wealth of real-life success stories, this revolutionary approach to financial planning presents the 50/20/30 plan - 50 for essentials, 20 for the future and 30 for lifestyle - that will help readers set up a secure financial future without having to give up the things they enjoy.

Talking about money sucks; but so does being broke. Do your eyes glaze over just thinking about the mumbo-jumbo of finance? Do you break out into hives at the thought of money? Well, sister, you are not alone. In *RICH BITCH*, money expert and financial journalist Nicole Lapin lays out a 12-Step Plan in which she shares her experiences, mistakes and all, of getting her own finances in order. No lecturing, just help from a friend. And even though money is typically an off-limits conversation, nothing is off-limits here. Lapin rethinks every piece of financial wisdom you've ever heard and puts her own fresh, modern, sassy spin on it. Sure, there are some hard-and-fast rules about finance, but when it comes to your money, the only person who can spend it is you. Should you invest in a 401(k)? Maybe not. Should you splurge on that morning latte? Likely yes. Instead of nickel-and-diming yourself, Nicole's advice focuses on investing in yourself so you don't have to stress over the little things. But in order to do that, you have to be able to speak the language of money. After all, money is a language like anything else, and the sooner you can join the conversation, the sooner you can live the life you want, *RICH BITCH* rehabs whatever bad habits you might have and provides a plan you can not only sustain, but thrive with. It's time to go after the rich life you deserve, and confident enough to call yourself a *RICH BITCH*. Provides information about lodging, sights, and excursions for the top twenty-seven national parks in the United States, including Yellowstone, the Grand Canyon, and Yosemite.

Wouldn't you like to sit in a room and ask the following people for their investment advice? -John C. Bogle (Founder, Vanguard Group) -Warren Buffett (CEO of Berkshire Hathaway) -Bill Gross (Founder and CIO, PIMCO) -Susan Ivey (CEO, ReynoldsAmerican Inc.) -A.G. Lafley (Chairman, Procter & Gamble) -Georgette Mosbacher (CEO, Borghese Cosmetics) -John Myers (CEO, GE Asset Management) -Suze Orman (bestselling author) -Steve Forbes (President, Forbes magazine) These and dozens of other investment professionals offer their personal secrets of success when it comes to making money. And along the way, they provide their own insights on whether you should diversify your portfolio (or put your cash somewhere else), whether you should pick your own stocks (or let a pro do it for you), if investing in real estate is really the answer to great wealth, if saving a few pennies here and there really do add up, and much, much more. The book is edited by Claman to be extremely accessible to all investors, regardless of their financial background.

Take charge of your finances and achieve financial independence - the Clever Girl way

Join the ranks of thousands of smart and savvy women who have turned to money expert and author Bola Sokunbi for guidance on ditching debt, saving money, and building real wealth. Sokunbi, the force behind the hugely popular Clever Girl Finance website, draws on her personal money mistakes and financial redemption to educate and empower a new generation of women on their journey to financial freedom. Lighthearted and accessible, Clever Girl Finance encourages women to talk about money and financial wellness and shows them how to navigate their own murky financial waters and come out afloat on the other side. Monitor your expenses, build a budget, and stick with it Make the most of a modest salary and still have money to spare Keep your credit in check and clean up credit card chaos Start and succeed at your side hustle Build a nest egg and invest in your future Transform your money mindset and be accountable for your financial well-being Feel the power of real-world stories from other "clever girls" Put yourself on the path to financial success with the valuable lessons learned from Clever Girl Finance.

Addresses personal finance issues that are of relevance to today's world of high debt and disproportionate lifestyles, addressing such topics as credit cards, student loans, credit scores, insurance, and mortgages.

Finally, a financial plan that lets you be YOU, only richer. It's time to throw away all your old notions of what financial advice should look like. Because if you're looking for a book to put you on an austerity savings plan that has you giving up vacations and lattes, you're out of luck. But if you're looking to get your finances in rock-hard shape--in less time than it takes to finish a workout--then Alexa von Tobel, Founder and CEO of LearnVest, has your back. How? Through the LearnVest Program. First, you'll take stock of where you stand today. Then, you'll create your customized 50/20/30 plan.

50/20/30 simply refers to the percentage breakdown of how to spend your take-home pay each month. The 50 gets the essentials out of the way so you don't have to stress about them. The 20 sets your foundation for the future, then the 30 is left to spend on the things that bring happiness to your life. By the time you're finished reading this book, you'll walk away with a financial game plan tailored to your priorities, your hopes and

dreams, and your lifestyle. And, because von Tobel and the team at LearnVest are experts at financial planning in the online era, you'll also learn how to integrate your financial plan into your mobile, social, digital life. Like your own personal financial planner between two covers, this book will set you up for a secure, worry-free money future, without having to give up things you love. So toss those old-school financial guides out the window, and get ready to start living your richest life.

As an entrepreneur, Anna Akbari learned that one of the best things about startups is their ability to "pivot" quickly--basically a euphemism for failing and starting over. And she quickly found that personal success is no different. It's not just about developing and following the right process but also having a good idea. And that demands rigor and daily maintenance--far beyond a few positive affirmations. Like any Silicon Valley startup, the business of life is not as glamorous as its Instagram account would make it seem. What do you do when planning is not an option? When control is out of your reach? You isolate the small stuff, experiment constantly, and use the results to lay a more sustainable foundation for the future. You validate your idealized vision by testing it out in bite-sized increments. You see what sticks, integrate, and move forward. And inevitably, you experience a series of failures along the way, but those failures are key to your next success. Living a start up life is about maximizing flexibility and measuring on-going results, not avoiding failure or reaching one particular end goal. It's about embracing defeat, analyzing it, and failing up. In *Startup Your Life*, Akbari shows that after all, it's often the stumbles that pave the way for real happiness.

A guide to creating a personalized debt reduction plan offers daily spending strategies, expense-tracking tools, and budgeting guidance, while offering advice on discussing debt problems with family and downsizing expenses.

Featured on The Drew Barrymore Show Can money buy happiness? Maybe, but not like you may think ... The Social's finance expert gives practical advice on how to spend, budget, invest, and feel good about money With *Happy Go Money*, financial expert Melissa Leong cuts through the noise to show you how to get the most delight for your dollar. *Happy Go Money* combines happiness psychology and personal finance and distills it into an indispensable starter guide. Each snappy chapter provides practical, easy-to-understand advice on topics such as spending, budgeting, investing, and mindfulness, while weaving in research, interactive exercises, and relatable anecdotes. Frank, funny, and empowering, this primer challenges everyone to revamp their relationship with their money so they can dial down their worries and supersize their joy. A common-sense guide to personal finance provides practical advice on how to get out of debt, establish an educational fund, create a retirement account, and achieve financial security, using seven key principles that range from "Cash is better than credit" to "Enough is enough" to "Keep it simple." Originally published as *7 Money Mantras for a Richer Life*. Reprint. 30,000 first printing.

A comprehensive, updated guide to setting up a monthly budget, tracking expenses, and saving money explains how to take control of daily finances, set goals and priorities, balance income and expenses, and budget for utilities, payments, maintenance, and home improvements, Original. 30,000 first printing.

Taxes! Boring and irritating, right? Perhaps. But if you want to succeed in real estate, your tax strategy will play a HUGE role in how fast you grow. A great tax strategy can save you thousands of dollars a year - and a bad strategy could land you in legal trouble. That's why BiggerPockets is excited to introduce its newest book, *The Book on Tax Strategies for the Savvy Real Estate Investor!* To help you deduct more, invest smarter, and pay far less to the IRS!

A groundbreaking book about personal growth that presents a uniquely effective set of four tools that bring about dynamic change in the present and impart a greater understanding of the depth and complexity of the human condition over the longterm. *The Tools* addresses the most common complaint patients have about psychotherapy: the interminable wait for change to begin. Barry Michels, an LA-based therapist, was frustrated by his inability to bring his patients faster relief from the issues that plagued them. He found a mentor in Phil Stutz, a psychiatrist who years before devised a methodology that arose from a similar disenchantment. The traditional therapeutic model sets its sights on the past, but Stutz and Michels employ an arsenal of tools--exercises that access the power of the unconscious and effectively meet the most persistent problems people face--and the results are electrifying. Stutz and Michels are much sought-after--a recent profile in *The New Yorker* touted them as an "open secret" in Hollywood--and treat a high-powered and creative clientele. Their first work, *The Tools* transcends the typical self-help genre because of its paradigm-changing material, the credibility of its authors, and the instant appeal and empowerment of its message.

You don't have to spend decades paying off your student loans! You can destroy your debt fast and live a life of freedom. You've been lied to: there's no such thing as good debt. Debt sucks. Period. And that includes student loan debt. No matter what you believed—or were told—when you took out your loans, you need to get serious about getting rid of your debt fast, because it's costing you more than you know. That's why bestselling author Anthony O'Neal wrote this motivating 64-page Quick Read—to show you why you need to dump your debt fast and how to do it. If you have student loan debt and have never heard of Ramsey Solutions or the 7 Baby Steps, this 64-page Quick Read is for you. Anthony will walk you step-by-step through Baby Steps 1 and 2 to show you how to dump your debt forever. You'll learn:

- The ugly truth about how debt hurts you
- The importance of an emergency fund and how to budget (Baby Step 1)
- The power of the debt snowball (Baby Step 2)
- Exactly what to do to pay off your student loans faster
- How to control your money so it doesn't control you

-You'll also hear stories from real people about how they paid off their debt fast. You don't need relief from your debt, you need to get mad at it. Because the truth is, when you get mad enough, you can pay off your loans faster than you ever thought possible—and take control of your money, and your life, for good! Don't let anything stand in the way of your future. This plan has helped millions get out of debt and you're next. You can do this! (Ramsey Press)

The nation's #1 real estate broker and star of Bravo's Million Dollar Listing New York shares his secrets for superstar success and getting what you want out of life—no matter who you are or what you do. Ten years ago, Fredrik Eklund moved to New York City from his native Sweden with nothing but a pair of worn-out sneakers and a dream: to make it big in the city that never sleeps. Since then, he's become the top seller in the most competitive real estate market on the planet, brokering multimillion-dollar deals for celebrities, selling out properties all over the city, and charming audiences around the world as one of the stars of the hit Bravo series Million Dollar Listing New York. Now, for the first time, Fredrik shares his secrets so that anyone can find success doing what they love. According to Fredrik, even if you don't consider yourself a salesperson, you've been in sales your whole life because every day you are selling your most important asset: yourself. Whenever you influence, persuade or convince someone to give you something in exchange for what you've got—whether it's a luxury home, a great idea at work, or your profile on Match.com—you are selling. And if you know how to sell the right way, you can live your dream. That is what *The Sell* is all about. Blending personal stories, hilarious anecdotes, and the expertise he's gained from his meteoric rise, Fredrik has written the modern guide on becoming successful, a book that tells you how to recognize and cultivate your true talents and make the ultimate sell. From the importance of being your most authentic self to looking like a million bucks even if you don't have a million bucks (yet!), he shows how intangible factors like personality and charm can get you noticed and make you shine. He also shares his tips and tricks for preparing, persuading, and negotiating so that in any of life's dealings, you'll come out a winner. Whether you work on Wall Street or at Wal-Mart, aim to become the top seller at your company or want to impress a first date, *The Sell* will help you have more personal and professional success, lead a rich and fulfilling life, and have fun along the way.

Pundits and politicians often opine on the irrelevance of feminism and the women's movement today. Some commentators describe the state of feminism as "post-feminist," alongside equally questionable claims of Barack Obama's election as signaling a "post-racial" America. *Modern Misogyny* examines contemporary anti-feminism in a "post-feminist" era. It considers the widespread notion that the feminist movement has ended, in large part because the work of feminism has been completed. In fact, the argument goes, women have been so successful in achieving equality, it is now men who currently are at risk of becoming irrelevant and unnecessary. These sentiments make up modern anti-feminism. *Modern Misogyny* argues that equality has not been fully achieved and that anti-feminism is now packaged in a more palatable, but stealthy form. This book addresses the nature, function, and implications of modern anti-feminism in the United States. *Modern Misogyny* explores the landscape of popular culture and politics, emphasizing relatively recent moves away from feminist activism to individualism and consumerism where "self-empowerment" represents women's progress. It also explores the retreat to traditional gender roles after September 11, 2001. It interrogates the assumption that feminism is unnecessary, that women have achieved equality, and therefore those women who do insist on being feminists want to get ahead of men. Finally, it takes a fresh look at the positive role that feminism plays in today's "post-feminist" era, and how feminism does and might function in women's lives. Post-feminist discourse encourages young women to believe that they were born into a free society, so if they experience discrimination, it is an individual, isolated problem that may even be their own fault. *Modern Misogyny* examines that rendering of feminism as irrelevant and as the silencing and marginalizing of feminists. Anderson calls for a revived feminism that is vigilant in combatting modern forms of sexism.

From the founder and superstar CEO of DailyWorth.com, the go-to financial site for women with more than one million subscribers, comes a fresh book that shows women how to view money as a source of personal power and freedom—and live life on their own terms. Millions of women want to create financial stability and abundance in their lives, but they don't know how. They are stuck in overwhelming confusion and guilt, driven by internalized "money stories" that have nothing to do with what is really possible. As the founder of DailyWorth.com, a financial media and education platform, Amanda Steinberg encounters these smart, ambitious women every day. With this book, she helps them face their financial situations head on and wake up to the prosperity that awaits them. *Worth It* outlines the essential financial information women need—and everything the institutions and advisors don't spell out. Steinberg gets to the bottom of why women are stressed and anxious when it comes to their finances and teaches them to stay away from strict budgeting and other harsh austerity practices. Instead, she makes money relatable, while sharing strategies she uses herself to build confidence and ease in her own financial life. Through her first-hand experiences and the stories from other women who've woken up, Steinberg's powerful and encouraging advice can help women of any age and income view money as a source of freedom and independence—and create bright financial futures. Striking out on your own for the first time is exhilarating. But in a culture full of bad advice, predatory banks, and splurge-now-pay-later temptations, it can also be extremely dangerous—leading you to make financial decisions that could hurt you for years to come. Combine this with a slumped economy, mounds of student loans, and dubious examples from reality TV stars to politicians to your own parents, and it's no wonder so many twenty-somethings are struggling. Twenty-three-year-old Zac Bissonnette—the author of *Debt-Free U*—knows exactly what you're going through. He demystifies the many traps young people fall victim to in their post-college years. He offers fresh insights on everything from job hunting to buying a car to saving for retirement that will give you a foundation for a secure, stable, and happy life. In the process, he reveals why FICO scores are overrated, online job applications are a waste of time, car loans are for suckers, and credit card rewards are a scam. With detours to discuss wine connoisseurs, *Really Broke Housewives*, and Lenny Dykstra, Zac shows you how to make better choices today so you can be richer, smarter (and better-looking!) for years to come.

Here at last are the hard-to-find answers to the dizzying array of financial questions plaguing those who are age fifty and older. The financial world is more complex than ever, and people are struggling to make sense of it all. If you're like most people moving into the phase of life where protecting—as well as growing-- assets is paramount, you're faced with a number of financial puzzles. Maybe you're struggling to get your kids through college without drawing down your life's savings. Perhaps you sense your nest egg is at risk and want to move into safer investments. Maybe you're contemplating downsizing to a smaller home, but aren't sure of the financial implications. Possibly, medical expenses have become a bigger drain than you expected and you need help assessing options. Perhaps you'll shortly be eligible for social security but want to optimize when and how to take it. Whatever your specific financial issue, one thing is certain—your range of choices is vast. As the financial world becomes increasingly complex, what you need is deeply researched advice from professionals whose credentials are impeccable and who prize clarity and straightforwardness over financial mumbo-jumbo. Carrie Schwab-Pomerantz and the Schwab team have been helping clients tackle their toughest money issues for decades. Through Carrie's popular "Ask Carrie" columns, her leadership of the Charles Schwab Foundation, and her work across party lines through two White House administrations and with the President's Advisory Council on Financial Capability, she has become one of America's most trusted sources for financial advice. Here, Carrie will not only answer all the questions that keep you up at night, she'll provide answers to many questions you haven't considered but should.

You Can Baby Step Your Way to Becoming a Millionaire Most people know Dave Ramsey as the guy who did stupid with a lot of zeros on the end. He made his first million in his twenties—the wrong way—and then went bankrupt. That's when he set out to learn God's ways of managing money and developed the Ramsey Baby Steps. Following these steps, Dave became a millionaire again—this time the right way. After three decades of guiding millions of others through the plan, the evidence is undeniable: if you follow the Baby Steps, you will become a millionaire and get to live and give like no one else. In Baby Steps Millionaires, you will . . . *Take a deeper look at Baby Step 4 to learn how Dave invests and builds wealth *Learn how to bust through the barriers preventing them from becoming a millionaire *Hear true stories from ordinary people who dug themselves out of debt and built wealth *Discover how anyone can become a millionaire, especially you Baby Steps Millionaires isn't a book that tells the secrets of the rich. It doesn't teach complicated financial concepts reserved only for the elite. As a matter of fact, this information is straightforward, practical, and maybe even a little boring. But the life you'll lead if you follow the Baby Steps is anything but boring! You don't need a large inheritance or the winning lottery number to become a millionaire. Anyone can do it—even today. For those who are ready, it's game on!

DISCOVER THE JAPANESE SECRET TO FINANCIAL WELL-BEING: The Takeibo is a wonderful tool for anyone who wants to make keeping track of their spending more streamlined. People in Japan are masters of minimal living, able to make do with less in all aspects of life, whether it's de-cluttering personal belongings or savvy seasonal cooking. At the heart of all this is the takeibo: the budgeting journal used to set savings goals and track spending. The premise is simple: at the beginning of each month, the prompts in this book help you to plan how much you would like to save and what you need to do in order to reach your goal. The takeibo then gives you space to jot down your weekly spending and reflect on the month just gone. The act of completing your journal ensures that saving is a part of your everyday life, while also giving you the opportunity to reflect and improve every month.

'Gabby and Hezi were always the most looked-up-to duo in ecommerce and they truly taught me how to trade!' Nick Molnar, CEO, Afterpay 'The Leibovich brothers are pioneers of Australian ecommerce. You cannot afford to not read this book.' Christine Holgate, Group Chief Executive Officer & Managing Director, Australia Post Real stories and advice from digital entrepreneurs who have learned what it takes to succeed In Catch of the Decade, two of Australia's most successful online superstars reveal how they've built, launched, merged, and sold some of the most disruptive businesses in Australia today: Catch, Scoopon, Menulog and Luxury Escapes. Follow in their footsteps with over 200 bite-sized entries that are both inspirational and useful. Pick up Catch of the Decade and get moving!

You're going to earn plenty of money over your lifetime. Are you going to waste it on stupid crap that doesn't make you happy, or let it buy your freedom and your most audacious dreams? We never get an instruction manual about how money works. Most of what we learn about money comes from advertising or from other people who know as little as we do. No wonder we make such basic mistakes. No wonder we feel disempowered and scared. No wonder so many of us just decide to stick our heads in the damn sand and never deal with it. In Manage Your Money Like a F*cking Grown Up, Sam Beckbessinger tells it to you straight: how to take control of your money to take control of your life. In this clear and engaging basic guide to managing your finances, you will learn: - How to trick your dumb brain into saving more, without giving up fun - How to make a bona fide grown-up budget - Why you need to forget what you've learned about credit - How to negotiate a raise - Why buying a house (probably) won't make you rich - The one super-simple investment you need With helpful exercises, informative illustrations (also: kittens) and straightforward advice, this book doesn't shy away from the psychology of money, and is empowering, humorous and helpful. The book you wish you'd had at 25, but is never too late to read.

The #1 New York Times bestseller, now revised and updated, filled with tools and advice that can take you from a place of financial fear to a place of financial security. WHAT WILL YOU LEARN IN THE MONEY CLASS? How to find the courage to stand in your truth and why it is a place of power. What daily actions will restore the word "hope" to your vocabulary. Everything you need to know about taking care of your family, your home, your career, and planning for retirement—no matter where you are in your life or where the economy is heading. In nine electrifying, empowering classes, Suze Orman teaches us how to navigate these unprecedented financial times. With her trademark directness, she shows us how to tackle the complicated mix of

money and family, how to avoid making costly mistakes in real estate, and how to get traction in your career or rebuild after a professional setback. And in what is the most comprehensive retirement resource available today, Suze presents an attainable strategy, for every reader, at every age. In *The Money Class* you will learn what you need to know in order to feel hopeful, once again, about your future.

Whoever you are, whatever your financial situation, I'm here to give you a wake-up call, my friend. Twenty-five years ago, I set off on my own with nothing but a folding table and a phone. For years, real success eluded me. I told people I was doing well when I was often on the edge of being broke. Millions of people face the same plight—including my beloved brother-in-law, who died tragically before he could fix his money problems. That was MY wake-up call. I knew I needed more money, but I didn't know how to get it. I only turned things around by getting honest with myself, taking responsibility for my situation, and figuring out some practical solutions. Now I'm going to show you how to do the same. In polite society, we don't like to talk about money. But it's too important to tiptoe around. In these pages, you and I are going to cut the BS and get real. For starters, I'll help you understand . . .

- How the money has moved. Stop making decisions based on advice that worked decades ago, but no longer.
- The dangers of living in a "False Positive." It's easy to tell ourselves that we have enough-- until we're hit with medical bills, aging parents, tuition, or early retirement.
- The cheap comfort of the blamer mind-set: It might feel good to blame the government, the economy, or your boss for your troubles, but it won't change anything. Do you want an excuse, or do you want more money?
- The power of "Lifestyle by Design." Visualize your long-term goal and work backward to figure out how to get there.
- The trade-offs of being an employer or employee. You can get rich by starting a business or by rising to the top of an existing organization. Let's figure out what's right for you. It's going to take grit and guts, but if you follow my road map, you'll start accumulating real wealth, the kind that lets you live the life of your dreams and lasts for generations to come.

The MoneySmart Family System will show you how to teach your children to manage money and have a good attitude while they're learning to earn, budget, and spend wisely.

WALL STREET JOURNAL and USA TODAY NATIONAL BESTSELLER! Do you feel like you deserve to make more money? In *Good Money Revolution*, you'll learn to make more money, live the life you deserve, and change the world, too. Derrick Kinney is the fresh financial voice to guide you there. This is the Year I Put My Financial Life in Order

The Japanese Art of Saving Money

NEW YORK TIMES, WALL STREET JOURNAL, AND USA TODAY BESTSELLER • A ten-step plan for finding peace, safety, and harmony with your money—no matter how big or small your goals and no matter how rocky the market might be—by the inspiring and savvy "Budgetnista." "No matter where you stand in your money journey, *Get Good with Money* has a lesson or two for you!"—Erin Lowry, bestselling author of the *Broke Millennial* series Tiffany Aliche was a successful pre-school teacher with a healthy nest egg when a recession and advice from a shady advisor put her out of a job and into a huge financial hole. As she began to chart the path to her own financial rescue, the outline of her ten-step formula for attaining both financial security and peace of mind began to take shape. These principles have now helped more than one million women worldwide save and pay off millions in debt, and begin planning for a richer life. Revealing this practical ten-step process for the first time in its entirety, *Get Good with Money* introduces the powerful concept of building wealth through financial wholeness: a realistic, achievable, and energizing alternative to get-rich-quick and over-complicated money management systems. With helpful checklists, worksheets, a tool kit of resources, and advanced advice from experts who Tiffany herself relies on (her "Budgetnista Boosters"), *Get Good with Money* gets crystal clear on the short-term actions that lead to long-term goals, including:

- A simple technique to determine your baseline or "noodle budget," examine and systemize your expenses, and lay out a plan that allows you to say yes to your dreams.
- An assessment tool that helps you understand whether you have a "don't make enough" problem or a "spend too much" issue—as well as ways to fix both.
- Best practices for saving for a rainy day (aka job loss), a big-ticket item (a house, a trip, a car), and money that can be invested for your future.
- Detailed advice and action steps for taking charge of your credit score, maximizing bill-paying automation, savings and investing, and calculating your life, disability, and property insurance needs.
- Ways to protect your beneficiaries' future, and ensure that your financial wishes will stand the test of time. An invaluable guide to cultivating good financial habits and making your money work for you, *Get Good with Money* will help you build a solid foundation for your life (and legacy) that's rich in every way.

It's natural to want your kids to have a secure future. But when it comes to teaching the next generation how to handle money, parents are failing. Still there is hope! Financial expert Mary Hunt shows parents how to raise kids who have a

healthy relationship with money--even if the parents themselves have made financial mistakes along the way or are struggling financially right now. Drawing from solid statistics and her own hard-won knowledge and experience, Hunt helps parents protect their children from the financial pitfalls of easy credit, an attitude of entitlement, and our culture's chummy relationship with debt. From preschool through the teen years, every stage of a child's development is covered, including how to talk to them about money, how to help them start saving money and giving it away, and how to manage money wisely.

"This workbook includes 55 practical reinforcement exercises that enable students to actively learn each principle."--Back cover.

WASHINGTON POST "COLOR OF MONEY" BOOK CLUB PICK Stop Living Paycheck to Paycheck and Get Your Financial Life Together (#GYFLT)! If you're a cash-strapped 20- or 30-something, it's easy to get freaked out by finances. But you're not doomed to spend your life drowning in debt or mystified by money. It's time to stop scraping by and take control of your money and your life with this savvy and smart guide. Broke Millennial shows step-by-step how to go from flat-broke to financial badass. Unlike most personal finance books out there, it doesn't just cover boring stuff like credit card debt, investing, and dealing with the dreaded "B" word (budgeting). Financial expert Erin Lowry goes beyond the basics to tackle tricky money matters and situations most of us face #IRL, including: - Understanding your relationship with moolah: do you treat it like a Tinder date or marriage material? - Managing student loans without having a full-on panic attack - What to do when you're out with your crew and can't afford to split the bill evenly - How to get "financially naked" with your partner and find out his or her "number" (debt number, of course) . . . and much more. Packed with refreshingly simple advice and hilarious true stories, Broke Millennial is the essential roadmap every financially clueless millennial needs to become a money master. So what are you waiting for? Let's #GYFLT!

Here is a single-sit read than can change the course of your retirement. Written by Dr. Teresa Ghilarducci, an economics professor, a retirement and savings specialist, and a trustee to two retiree health-care trusts worth over \$54 billion, How to Retire with Enough Money cuts through the confusion, misinformation, and bad policy-making that keeps us spending or saving poorly. It begins with acknowledging what a person or household actually needs to have saved—the rule of thumb is eight to ten times your annual salary before retirement—and how much to expect from Social Security. And then it delivers the basic principles that will make the money grow, including a dozen good ideas to get current expenses under control. Why to "get rid of your guy"—those for-fee (or hidden-fee) financial planners that suck up valuable assets. Why it's always better to pay off a loan or a mortgage. There are no gimmicks, no magical thinking—just an easy-to-follow program that works.
