

Forbidden Texts: Erotic Literature And Its Readers In Eighteenth Century France

While rumours of the theft and dissection of the famous novelist Laurence Sterne corpse circulated in the anatomy schools, numerous writers took possession of his literary body of work. This book introduces two critical concepts to eighteenth-century literary study, 'bodysnatching' and 'mimicry'.

In *Sex, Lies, and Autobiography* James O'Rourke explores the relationships between literary form and ethics, revealing how autobiographical texts are able to confront readers with the moral complexities of everyday life. Tracing the ethical legacy of Jean-Jacques Rousseau's Confessions in a series of English-language texts, the author shows how Rousseau's doubts about the possibility of ethical behavior in everyday life shadows the first-person narratives of five canonic works: William Wordsworth's Prelude, Charlotte Brontë's Jane Eyre and Vilette, Mary Shelley's Frankenstein, and Vladimir Nabokov's Lolita. Offering a fascinating new way of thinking about ethics through literature, Sex, Lies, and Autobiography challenges the most fundamental principles of the philosophical study of ethics, revealing the innate difference between morality in life and morality in literature. O'Rourke begins with Rousseau's inability to reconcile his intuitive belief that he is a good person with the effects that his actions have on others, and he goes on to show how this same ethical impasse recurs in the five aforementioned texts. The ethical crises these texts describe, such as when Jane Eyre's happiness can be purchased only at the cost of Bertha Mason's suicide, or when Humbert Humbert's artistry demands the sacrifice of Dolores Haze, are not instances of authorial ethical blindness, O'Rourke says, but rather are ethical challenges that force us as readers to consider our own lives. In each of these works, a narrator attempts to justify his or her behavior and fails; in each case, the rigorous narrative of self-examination demands a similar effort from the reader; whose own sense of moral rectitude is put into question. Confronting the long-held philosophical construction that links ethical principles and life choices, thereby reassuring us of the ethical coherence of everyday life, the narrators of these literary autobiographies come to a very different conclusion; by looking back on their lives, they cannot understand how their most benevolent desires led to such damaging life stories. By leaving meaning inexplicit, O'Rourke argues, these texts are able to recover traumatic material that is ordinarily repressed and then bring that repressed knowledge to bear on self-justifying narratives. For readers interested in autobiographical studies, ethical criticism, and trauma and literary studies, Sex, Lies, and Autobiography provides a groundbreaking analysis of the role of ethics in literature.

The Literary Agenda is a series of short polemical monographs about the importance of literature and of reading in the wider world and about the state of literary education inside schools and universities. The category of 'the literary' has always been contentious. What is clear, however, is how increasingly it is dismissed or is unrecognised as a way of thinking or an arena for thought. It is sceptically challenged from within, for example, by the sometimes rival claims of cultural history, contextualized explanation, or media studies. It is shaken from without by even greater pressures: by economic exigency and the severe social attitudes that can follow from it; by technological change that may leave the traditional forms of serious human communication looking merely antiquated. For just these reasons this is the right time for renewal, to start reinvigorated work into the meaning and value of literary reading. For the Internet and digital generation, the most basic human right is the freedom to read. The Web has indeed brought about a rapid and far-reaching revolution in reading, making a limitless global pool of literature and information available to anyone with a computer. At the same time, however, the threats of censorship, surveillance, and mass manipulation through the media have grown apace. Some of the most important political battles of the twenty-first century have been fought—and will be fought—over the right to read. Will it be adequately protected by constitutional guarantees and freedom of information laws? Or will it be restricted by very wealthy individuals and very powerful institutions? And given increasingly sophisticated methods of publicity and propaganda, how much of what we read can we believe? This book surveys the history of independent sceptical reading, from antiquity to the present. It tells the stories of heroic efforts at self-education by disadvantaged people in all parts of the world. It analyzes successful reading promotion campaigns throughout history (concluding with Oprah Winfrey) and explains why they succeeded. It also explores some disturbing current trends, such as the reported decay of attentive reading, the disappearance of investigative journalism, 'fake news', the growth of censorship, and the pervasive influence of advertisers and publicists on the media—even on scientific publishing. For anyone who uses libraries and Internet to find out what the hell is going on, this book is a guide, an inspiration, and a warning.

In 1857 the trials of Flaubert and Baudelaire for offending against religion and public morality drew attention to the features we now associate with literary modernism; but instead of winning praise for their innovations they were indicted for "ideological crimes." With the passage of time the offenses have been forgotten and the innovations inserted into a triumphal narrative about the rise of modernism. Far from manifesting the autonomy proclaimed by modernism's defenders, though, Flaubert's and Baudelaire's works remain enmeshed in their socio-historical contexts. To that end, The Censorship Effect argues that the stylistic features that prompted the criminal indictment of Madame Bovary and Les Fleurs du Mal—Flaubert's free indirect style and Baudelaire's multiple poetic personae—were much more the products of an intense struggle with a culture of censorship than that they were hallmarks of autonomous or autoreferential works of art. They exhibit signs of self-censorship and collaboration with a regime of ethical and political censorship that not only shaped their very composition but affected their reception and continues to operate in the field of literary criticism. Indeed, as William Olmsted compellingly demonstrates, French modernism begins and remains deeply embedded in a culture of censorship whose proprieties, both literary and social, Baudelaire and Flaubert nevertheless challenged and transgressed. Exploring the censorship effect as it played out for Baudelaire and Flaubert, from their trials to their monuments, The Censorship Effect recaptures some sense of their original anger as well as its ongoing suppression by new orthodoxies and reveals how the effect of censorship has implications beyond Flaubert and Baudelaire, beyond authors, but for us as readers too.

Buy it NOW and let your customers Become Addicted to the Incredible Series of Novels written by Jessica Dominate

In so doing, Machor takes us ever closer to understanding the particular and varying reading strategies of historical audiences and how they impacted authors' conceptions of their own readership.

In 1782, J. Hector St. John de Crèvecoeur wrote, "What then, is the American, this new man? He is an American, who, leaving behind him all his ancient prejudices and manners, receives new ones from the new mode of life he has embraced." In casting aside their European mores, these pioneers, de Crèvecoeur implied, were the very embodiment of a new culture, society, economy, and political system. But to what extent did manliness shape early America's character and institutions? And what roles did race, ethnicity, and class play in forming masculinity? Thomas A. Foster and his contributors grapple with these questions in *New Men*, showcasing how colonial and Revolutionary conditions gave rise to new standards of British American manliness. Focusing on Indian, African, and European masculinities in British America from earliest Jamestown through the Revolutionary era, and addressing such topics that range from slavery to philanthropy, and from satire to warfare, the essays in this anthology collectively demonstrate how the economic, political, social, cultural, and religious conditions of early America shaped and were shaped by ideals of masculinity. Contributors: Susan Abram, Tyler Bouliware, Kathleen Brown, Trevor Burnard, Toby L. Ditz, Carolyn Eastman, Benjamin Irvin, Janet Moore Lindman, John Gilbert McCurdy, Mary Beth Norton, Ann Marie Plane, Jessica Choppin Roney, and Natalie A. Zacek.

Twelve scholars of piracy show why pirates thrived in the New World seas of seventeenth- and eighteenth-century empires, how pirates operated their plundering ventures, how governments battled piracy, and when and why piracy declined.

Forbidden Books of the Victorians

Without End

In this volume of the 1877 work that established him as England's leading authority on pornography, Henry Spencer Ashbee describes scores of "curious, unsecret and erotic books" that were banned or otherwise prohibited from legitimate sale during the Victorian era... and some even until the 1960s. Included in this far-reaching volume are such "gentlemen only" titles as Exhibition of Female Flagellants, The Battles of Venus, and A Cabinet of Amorous Curiosities. This catalog of mostly forgotten works is an invaluable-and highly entertaining-resource for bibliophiles, students of erotica, and collectors of Victoriana. British book collector, travel writer, and bibliographer HENRY SPENCER ASHBEE (1834-1900), aka Pisamis Fraxi, is thought by some to have authored the notorious Victorian sexual memoir My Secret Life.

Realism, imagination, and desire -- Turmoil: Adorno's literary reading -- Intoxication: the nature of influence -- Hors-la-loi: Blanchot and the revolution -- Disorientation: the conditions of abstraction -- Praxis: crime and history -- Resistance: forms without end

This book is a new account of the surrealist movement in France between the two world wars. It examines the uses that realist artists and writers made of ideas and images associated with the French Revolution, describing a complex relationship between surrealism's avant-garde revolt and its powerful sense of history and heritage. Focusing on both texts and images by key figures such as Louis Aragon, Georges Bataille, Jacques-André Boiffard, André Breton, Robert Desnos, Max Ernst, Max Morise, and Man Ray, this book situates surrealist material in the wider context of the literary and visual arts of the period through the theme of revolution. It raises important questions about the politics of representing French history, literary and political memorial spaces, monumental representations of the past and critical responses to them, imaginary portraiture and revolutionary spectatorship. The study shows that a full understanding of surrealism requires a detailed account of its attitude to revolution, and that understanding this surrealist concept of revolution means accounting for the complex historical imagination at its heart.

This pathbreaking study delineates the distinctive place of actresses, dancers, and singers within the French erotic and political imaginations. Berlanstein argues that the public image of actresses was shaped by the political climate and ruling ideology; thus they were deified in one era and damned in the next.

Forbidden TextsErotic Literature and Its Readers in Eighteenth-century France

Mighty Lewd Books describes the emergence of a new home-grown English pornography. Through the examination of over 500 pieces of British erotica, this book looks at sex as seen in erotic culture, religion and medicine throughout the long eighteenth-century, and provides a radical new approach to the study of sexuality.

Arguing for renewed attention to covert same-sex-oriented writing (and to authorial intention more generally), this study explores the representation of female and male homosexuality in late sixteenth- through mid-eighteenth-century British and French literature. The author also uncovers and analyzes long-term continuities in the representation of same-sex love, sex, and desire between the classical, early modern, eighteenth-century, and even modern periods. Among the seventeenth- and eighteenth-century authors and texts examined here are Mme de Murat, Les Memoires De Madame La Comtesse De M*** (1697); John Cleland, Memoirs of a Woman of Pleasure (1748-49); Tobias Smollett, The Adventures of Roderick Random (1748); Nicolas Chorier and Jean Nicolas, L'Academie des dames (1680); Delarivier Manley, The New Atalantis (1709); and Isaac de Benserade, Iphis et Iante (1637). Classical texts brought into the discussion include Juvenal's Satires, Lucian's Erotos, and, most importantly, Ovid's Metamorphoses. Casting its net broadly yet exploring deeply-poems, plays, novels, and more; from the serious to the satiric, the polite to the pornographic; well-known and little-known; written in English, French, and Latin; published in early modern and eighteenth-century Britain and France; plus key classical texts-this study engages with the historiography of sexuality as a whole.

In this study of sexual violence and rape in French medieval literature and law, Kathryn Gravidal examines an array of famous works never before analyzed in connection with sexual violence. Gravidal demonstrates the variety of techniques through which medieval discourse made rape acceptable: sometimes through humor and aestheticization, sometimes through the use of social and political themes, but especially through the romanticism of rape scenes.

The book PROHIBITED Literature is a collection of erotic tales and poems, forbidden to minors. As the name already says, it has gathered twenty titles, with spicy stories ranging from the best known paraphrasis to fantastic erotic literature without neglecting to prioritizeize the quality of the text, present in each of its paragraphs. It's not just about sex stories, it's about overwhelming erotic literature.

Daughters of Eve

Vampire Academy

Representations of convents and nuns assumed power and urgency within the volatile political culture of eighteenth-century France. Drawing from a range of literary, cultural, and legal material, Mita Choudhury analyzes how, between 1730 and 1789, lawyers, religious pamphleteers, and men of letters repeatedly asked, "Who should control the female convent and women religious?" These sources chronicled the conflicts between nuns and the male clergy, among nuns themselves, and the context of potent issues such as despotism, citizenship, female education, and sexuality. The cloister operated as a symbol of despotism, the equivalent of the Sultan's seraglio or the King's Bastille. Before 1770, lawyers and magistrates praised nuns as the personification of virtuous Christian women, often victims vulnerable to those who would use them to further their own political ends. After 1770, men of letters evaluated nuns according to more secular norms, and concluded inherent in the Old Regime. Choudhury elaborates on how nuns were not always passive entities, mere objects to be shaped by the political needs of others. But because they relied on men in order to make their voices heard, the place of women religious in the public sphere was a complex one based on negotiations between female action and male subjectivity. During the French Revolution, whatever support they had enjoyed was lost as republicans and moderates began to see Guenent approaches the erotic book as a literary genre, and suggests that in early modern France, it could be found alongside accepted forms of literary practice. He argues that erotic literature was ousted from the marketplace with the arrival of a codified elitist conception of art, examines various narrative techniques, and discusses rules of production of erotic literature and its modes of consumption, including its use in brothel waiting rooms. Annotation copyright by Book News, Inc.

From accounts of the Holocaust, to representations of AIDS, to predictions of environmental disaster: from Hal Lindsey's fundamentalist 1970s bestseller The Late Great Planet Earth, to Francis Fukuyama's The End of History and the Last Man in 1992, the sense of apocalypse is very much with us. In Postmodern Apocalypse, Richard Dellamora and his contributors examine apocalypse in works by late twentieth-century writers, filmmakers, and critics.

In this provocative work, Roger Chartier continues his extraordinarily influential consideration of the forms of production, dissemination, and interpretation of discourse in Early Modern Europe. Chartier here examines the relationship between patronage and the market, and explores how the form in which a text is transmitted not only constrains the production of meaning but defines and constructs its audience.
