**Barron’s French Grammar provides a concise summary of French grammar and is a handy textbook supplement for language students. This guide is helpful for classroom use, and is also valuable for translators whose first language is English. Topics covered include parts of speech, sentence structure, punctuation, idioms, and pronunciation advice. Small in size but packed with helpful instruction, this new edition is printed with headings and key phrases in a second color for fast, easy reference.**

**This practical grammar book is the result of 16 years of teaching online to adults and young students located all over the world. I believe that French grammar should not be a stumbling block to learning the language and should not discourage learners of French to embrace the beautiful journey of becoming fluent. Hence, I felt that it was important to explain the grammar rules in English and in the simplest way possible without including too much grammar jargon, so that a beginner could grasp the essential elements of grammar to build sentences. Every grammar point is followed with exercises to practice what has been taught. Whenever possible, the answers are included in the back of the book (some answers are open ended questions and therefore have no right or wrong answers). This grammar book is aimed to teach A1 levels (total beginners) to the B1 level (intermediate level). Perfect for self-study, but also ideal for supplementary grammar activities in the classroom. Step by step with a teacher or on their own, French learners can learn to construct their sentences and gain plenty of practice.**

**This new edition of the Modern French Grammar is an innovative reference guide to French, combining traditional and function-based grammar in a single volume. Divided into two parts, Part A covers traditional grammatical categories such as word order, nouns, verbs and adjectives and Part B is organized around language functions and notions such as: giving and seeking information describing processes and results expressing likes, dislikes and preferences. With a strong emphasis on contemporary usage, all grammar points and functions are richly illustrated with examples. Implementing feedback from users of the first edition of the Grammar, this second edition includes clearer explanations and greater emphasis on areas of particular difficulty for learners of French. This is the ideal reference grammar for learners of French at all levels, from beginner to advanced. No prior knowledge of grammatical terminology is assumed and a glossary of grammatical terms is provided. This Grammar is complemented by the Modern French Grammar Workbook Second Edition which features related exercises and activities.**

**Students and travelers can instantly create hundreds of sentences for communication in French. This 6 page laminated guide provides template sentences and a color coded bank of words that can be plugged into those sentences. To change the sentence, pick a different color-coded noun, verb or adjective for a wide range of sentences for communication. Categories follow those of a French 1 course which are the same categories helpful to a world traveler. 6-page laminated guide includes: Greetings (Les salutations) Social Courtesies (La politesse) Numbers (Les nombres) French Pronunciation (La prononciation) Basic Statements Questions (Les questions) Expressing Opinions (Les opinions) Negatives (La négation) Measurements (Les dimensions) Colors (Les couleurs) Money (L’argent) Time (L’heure) Days of the Week (Les jours de la semaine) Months of the Year (Les mois de l’année) Seasons (Les saisons) Errands & Shopping (les courses) Directions (Les directions) The Family (La famille) Weather (Le temps) & Climate (Le climat) Personal Information (Les renseignements personnels) Food (La nourriture) Habitat (L’habitation) Entertainment (Le divertissement) Media & Communication (La communication) Travel (Le voyage) Transportation (Le transport) Workplace (Le travail) Technology (La technologie) Health (La santé) Emergency situations (en cas d’urgence)**

Nowadays thousands of grammar books, textbooks, outlines, references and language guides of Spanish, Portuguese, Italian and French are published year by year. However, all of them teach these languages separately. Here you will find a comparative grammar of the four major Romance languages together based on their grammatical and lexical similarities for you, lovers of foreign languages, to learn and compare Spanish, Portuguese, Italian and French simultaneously. It is an audacious endeavor to find or create a novel way of learning to speak several languages and becoming a multilingual person. It took me over 3 years to finish the book. It consists of over 800 pages, 10 chapters covering all the grammatical aspects of these 4 languages. It includes over 1000 examples, 500 easy-to-follow charts and tables. It contains 138 geographical, historical and cultural facts about Spanish, Portuguese, Italian and French countries.Below I will discuss several reasons why I decided to write this book and why you need it.1) First of all, this book is written for readers like you who are fond of or would like to learn Spanish, Portuguese and French simultaneously or just to get an all-round knowledge of all these four Romance languages. It is designed not only for beginners who do not have an extensive knowledge of grammar, yet need a guide through the grammatical concepts of all mentioned above languages, but also intermediate and advanced students who would like to have a reference book of several Romance languages at once.2) Second of all I spent many years learning these languages separately, which was a complete waste of time before I realized it. This book will hopefully save you a great deal of time and allow you to study and compare at a glance the four main Neo-Latin languages.3) Knowledge of foreign languages is fast becoming a necessary requirement for those who are involved in international business, tourism, culture and education. This book offers you four languages to learn, which will make you feel at home wherever you go, whether as a tourist or businessman.4) Learning several languages simultaneously or one by one will train and strengthen your memory and can help stave off such terrible diseases as Alzheimer’s.5) If you never studied several languages at once before and you like challenges, then you should definitely try it. Because it is a really entertaining and challenging task to do.In conclusion, I would like to sincerely thank you for preordering the book and your interest in it. I hope it will help you improve your languages and become multilingual.
