From elite marathoner and Olympic hopeful Becky Wade comes the story of her year-long exploration of diverse global running communities from England to Ethiopia—9 countries, 72

host families, and over 3,500 miles of running—investigating unique cultural approaches to the sport and revealing the secrets to the success of runners all over the world.

Download File PDF Fun On The Run: Travel Games And Songs

Fresh off a successful collegiate running career—with multiple NCAA All-American honors and two Olympic Trials qualifying marks to her name—Becky Wade was no stranger to

Download File PDF Fun On The Run: Travel Games And Songs

international competition. But after years spent safely sticking to the training methods she knew, Becky was curious about how her counterparts in other countries approached the

Download File PDF Fun On The Run: Travel Games And Songs

sport to which she'd dedicated over half of her life. So in 2012, as a recipient of the Watson Fellowship, she packed four pairs of running shoes, cleared her schedule for the

Download File PDF Fun On The Run: Travel Games And Songs

year, and took off on a journey to infiltrate diverse running communities around the world. What she encountered far exceeded her expectations and changed her outlook into the

sport she loved. Over the next twelve months—visiting 9 countries with unique and storied running histories, logging over 3,500 miles running over trails, tracks, sidewalks, and dirt

roads—Becky explored the varied approaches of runners across the globe. Whether riding shotgun around the streets of London with Olympic champion sprinter Usain Bolt, climbing

for an hour at daybreak to the top of Ethiopia's Mount Entoto just to start her daily run, or getting lost jogging through the bustling streets of Tokyo, Becky's unexpected adventures,

Download File PDF Fun On The Run: Travel Games And Songs

keen insights, and landscape descriptions take the reader into the heartbeat of distance running around the world. Upon her return to the United States, she incorporated elements of the

training styles she'd sampled into her own program, and her competitive career skyrocketed. When she made her marathon debut in 2013, winning the race in a

blazing 2:30, she became the third-fastest woman marathoner under the age of 25 in U.S. history, qualifying for the 2016 Olympic Trials and landing a professional sponsorship from Asics.

This is a real story. It is narrated autobiographically, and it tells of a series of events that could happen anywhere in Colombia. The names of the places or people do not matter, since these same events are repeated all throughout the whole country. There are very few voices

that rise above the fear, threats or the generalized indifference, to denounce the mechanisms of corruption and violence that are forcefully imposed, even on those who represent the State/country, much like the protagonist of these revelations. Elsi Angulo wrote this book pouring out her soul in each phrase, and this has

resulted in a work that not only has the moral value of a denunciation, the political value of the testimony of the attacks on a race and the place they call home, but also the aesthetic value of showing us a reality so raw, so unfair, that it seems unlikely ... but it is not.
