*The Serious Leisure Perspective (SLP) is a theoretic framework developed by Robert A. Stebbins in 1973, that brings together three main forms of leisure known as serious leisure, casual leisure, and project-based leisure. The SLP has evolved considerably since 1973, and this textbook provides a synthesis of the many concepts and propositions, as well as the data supporting them. In this overview, Stebbins organizes the entire framework along conceptual lines, with careful attention to level of empirical support and validation of each concept, presenting an up-to-date version of the SLP that allows interested students and researchers of social psychology, sociology, and leisure studies, to pinpoint exact elements of the theory, the empirical base and its application.*

*PULITZER PRIZE WINNER • A "vivid and devastating" (The New York Times) portrait of an indomitable girl—from acclaimed journalist Andrea Elliott "From its first indelible pages to its rich and startling conclusion, Invisible Child had me, by turns, stricken, inspired, outraged, illumined, in tears, and hungering for reimmersion in its Dickensian depths."—Ayad Akhtar, author of Homeland Elegies ONE OF THE TEN BEST BOOKS OF THE YEAR: The New York Times • ONE OF THE BEST BOOKS OF THE YEAR: The Atlantic, The New York Times Book Review, Time, NPR, Library Journal In Invisible Child, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. In this sweeping narrative, Elliott weaves the story of Dasani's childhood with the history of her ancestors, tracing their passage from slavery to the Great Migration north. As Dasani comes of age, New York City's homeless crisis has exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger, violence, racism, drug addiction, and the threat of foster care. Out on the street, Dasani becomes a fierce fighter "to protect those who I love." When she finally escapes city life to enroll in a boarding school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott's Invisible Child reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of family and the cost of inequality—told through the crucible of one remarkable girl. Winner of the J. Anthony Lukas Book Prize • Finalist for the Bernstein Award and the PEN/John Kenneth Galbraith Award*

A dramatic, inspiring memoir by legendary rock climber Tommy Caldwell, the first person to free climb the Dawn Wall of Yosemite's El Capitan. On January 14, 2015, Tommy Caldwell, along with his partner, Kevin Jorgeson, summited what is widely regarded as the hardest climb in history Yosemite's nearly vertical 3,000-foot Dawn Wall, after nineteen days on the route. Caldwell's odds-defying feat was the culmination of an entire lifetime of pushing himself to his limits as an athlete. This engrossing memoir chronicles the journey of a boy with a fanatical mountain-guide father who was determined to instill toughness in his son to a teen whose obsessive nature drove him to the top of the sport-climbing circuit. Caldwell's affinity for adventure then led him to the vertigo-inducing and little understood world of big wall free climbing. But his evolution as a climber was not without challenges; in his early twenties, he was held hostage by militants in a harrowing ordeal in the mountains of Kyrgyzstan. Soon after, he lost his left index finger in an accident. Later his wife, and main climbing partner, left him. Caldwell emerged from these hardships with a renewed sense of purpose and determination. He set his sights on free climbing El Capitan's biggest, steepest, blankest face the Dawn Wall. This epic assault took more than seven years, during which time Caldwell redefined the sport, found love again, and became a father. The Push is an arresting story of focus, drive, motivation, endurance, and transformation, a book that will appeal to anyone.

"One of the most profound and illuminating studies of this century to have been published in recent decades."—John Gray, New York Times Book Review Hailed as "a magisterial critique of top-down social planning" by the New York Times, this essential work analyzes disasters from Russia to Tanzania to uncover why states so often fail—sometimes catastrophically—in grand efforts to engineer their society or their environment, and uncovers the conditions common to all such planning disasters. "Beautifully written, this book calls into sharp relief the nature of the world we now inhabit."—New Yorker "A tour de force."— Charles Tilly, Columbia University

• Written by a critically-acclaimed natural-history author • Shares author's fun journey to understanding clouds • Written for the curious—but non-science—minded Author Maria Mudd Ruth fell in love with clouds the same way she stumbles into most passions: madly and unexpectedly. A Sideways Look at Clouds is the story of her quite accidental infatuation with and education about the clouds above. When she moved to the soggy Northwest a decade ago, Maria assumed that locals would know everything there was to know about clouds, in the same way they talk about salmon, tides, and the Seahawks. Yet in her first two years of living in Olympia, Washington, she never heard anyone talk about clouds—only the rain. Puzzled by this lack of cloud savvy, she decided to create a 10-question online survey and sent it to everyone she knew. Her sample size of 67 people included men and women, new friends in Olympia, family on the East Coast, outdoorsy and indoorsy types, professional scientists, and liberal arts majors like herself. The results showed that while people knew a little bit about clouds, most were like her—they had a hard time identifying clouds or remembering their names. As adults, they had lost their curiosity and sense of wonder about clouds and were, essentially, not in the habit of looking up. A Sideways Look at Clouds acknowledges the challenges of understanding clouds and so uses a very steep and bumpy learning curve—the author's—as its plot line. The book is structured around the ten words used in most definitions of a cloud: "a visible mass of water droplets or ice crystals suspended in the atmosphere above the earth." A captivating story teller, Maria blends science, wonder, and humor to take the scenic route through the clouds and encourages readers to chart their own rambling, idiosyncratic course.

In You Dont Say Edward Cifelli collects 68 previously published essays and fugitive thoughts. It is a miscellany that records some of the things, large and small, that have claimed his attention between 2012 and 2017, between his 70th and 75th birthdaysand his attention ranges far and wide, from Donald Trump, Hillary Clinton, and Barack Obama to Joe Maddon and the Ronettes; from Henry David Thoreau and Henry Wadsworth Longfellow to Keurig coffee makers and New York Times crossword puzzles; from the resignation of Pope Benedict XVI and the discovery of the God Particle to lottery statistics and lost golf balls. Part of the fun of the book is its crazy quilt of the important and unimportantand how they look after Cifelli stops to think about them. From Whining Poets: They attend each others readings and pretend there is a place for them someplace else in the literate universe. That is delusional, but its a fiction they all hold on tojust as they hold on to the idea that they are under-read and under-appreciated. Their usual posture is a sort of hang-dog look of disappointment and loft y superiority, a difficult combination that they manage with the same irritating panache observed in perpetually misunderstood teenagers.

Volume Two of Working Girl, featuring the final four parts of this sexy new serial, Mr Thursday, Mr Friday, Mr Saturday and Mr Sunday, perfect for fans of Audrey Carlan's Calendar Girl. A sexy seven-day job interview. Seven irresistible interviewers. Who will she choose at the end of the week? Tess has been determined to get revenge for her father, ever since he was falsely accused of misusing company funds and unceremoniously let go from Diamond Enterprises. Applying to be Executive Assistant to the elusive, elderly head of the company, Mr King, seems the ideal way to get inside the firm and clear his name. But the job interview is not what she expects. Arriving at the company HQ, she is escorted to a helicopter, blindfolded and flown to a secret location. She meets a man whose voice is disguised, but introduces himself as Mr King and says the job advertisement was a ruse to find the new CEO of Diamond Enterprises. The catch, the interviewer says, is that the job will only be hers if she passes a seven-day interview. Tess will have seven mysterious men who will assist her - one for each task each day. She will have to use all of her skills if she's to succeed and to resist the powerful magnetism of the irresistible men sent to help - or distract - her. Or will Tess find herself losing her heart when she meets her man of the week? Mr Monday, Mr Tuesday, Mr Wednesday, Mr Thursday, Mr Friday, Mr Saturday, Mr Sunday. Meet all seven in Working Girl - who will be your man of the week?

*"This is an American story, unsettled by contradictions, constituted by unresolvable loss and open-ended hope, produced through brutal exclusivities and persistent insurgencies. This is the story of Lincoln prison." In her Introduction, Sabina E. Vaught passionately details why the subject of prisons and prison schooling is so important. An unprecedented institutional ethnography of race and gender power in one state's juvenile prison school system, Compulsory will have major implications for public education everywhere. Vaught argues that through its educational apparatus, the state disproportionately removes young Black men from their homes and subjects them to the abuses of captivity. She explores the various legal and ideological forces shaping juvenile prison and prison schooling, and examines how these forces are mechanized across multiple state apparatuses, not least school. Drawing richly on ethnographic data, she tells stories that map the repression of rightless, incarcerated youth, whose state captivity is the contemporary expression of age-old practices of child removal and counterinsurgency. Through a theoretically rigorous analysis of the daily experiences of prisoners, teachers, state officials, mothers, and more, Compulsory provides vital insight into the broad compulsory systems of schooling—both Inside prison and in the world Outside—asking readers to reconsider conventional understandings of the role, purpose, and value of state schooling today.*

*CLICK HERE to download the first chapter from Rare Bird "Compelling... engaging." —Library Journal "Rare insights into the trials and joys of scientific discovery." —Publisher's weekly Part naturalist detective story and part environmental inquiry, Rare Bird: Pursuing the Mystery of the Marbled Murrelet celebrates the fascinating world of an endangered seabird that depends on the contested old-growth forests of the Pacific Northwest for its survival. "This chunky little seabird stole my heart." So confesses Maria Mudd Ruth, a veteran nature writer perfectly happy to be a generalist before getting swept up in the strange story of the marbled murrelet. This curiosity of nature, which flies like a little brown bullet at up to 100 miles an hour and lives most of its life offshore, is seen*

onland only during breeding season, when each female lays a single egg high on a mossy tree limb in the ancient coastal forest. Ruth traces reports of the bird back to Captain Cook’s ill-fated voyage of discovery on the Pacific Ocean in 1778, and explores the mindset of 19th- and 20th-century naturalists who — despite their best efforts — failed to piece together clues to the whereabouts of the bird’s nest. Ruth ventures to coastal meadows before dawn and onto the ocean at midnight to learn firsthand how scientists observe nature. She interviews all the major players in the drama: timber company executives and fishing fleet operators whose businesses are threatened by conservation measures, as well as the so-called cowboy scientists who are devoted to saving the marbled murrelet from extinction. And, ultimately, Ruth puts her curiosity and passion for this rare bird onto the page for readers to savor.

'A Grave Temptation' is a collection of twenty-four dark and emotional fictional short stories which delve into everything from mystery to the supernatural, from tales of the sinister to tales of the heart. In them we meet a little girl who sees disaster on a tragic scale . . . the undertaker who keeps a terrible secret in his funeral home . . . a grief-stricken drunk driver who lives each day haunted by a terrible mistake . . . a young boy who stumbles on something terrible in the woods while walking his dog . . . a nurse returning home from her shift to find horror has come to visit . . . the doctor whose affair with a young woman leads to his demise ... and much more.

By combining classic insights and stories from Zen tradition, Zen Golf helps eliminate the mental distractions that routinely cause poor shots and loss of concentration, allowing golfers to feel in “the zone” that professionals have learned to master. “The lessons in Zen Golf make the mental game seem so simple. Dr. Parent has given me very effective methods for working with thoughts and emotions, and for taking the negatives out of the picture.” —Vijay Singh, Masters and PGA Champion The best players know that golf is a game of confidence, and most important, concentration—the ability to focus and block out distraction. The goal of achieving clear thought is also at the heart of Buddhist teachings. In his highly original and groundbreaking book, noted PGA coach and Buddhist instructor, Dr. Joseph Parent, draws on this natural connection and teaches golfers how to clear their minds, achieve ultimate focus, and play in the moment for each shot. Zen Golf presents a simple system for building “mental game mastery.” Dr Parent’s unique PAR Approach (focusing on Preparation, Action, and Response to Results) guides golfers with specific techniques for each aspect of their games. In chapters such as “How to Get From the Practice Tee to the First Tee”, “You Produce What You Fear”, and “How to Enjoy a Bad Round of Golf”, the author shares a personal teaching regimen that has helped improve the games of professionals and amateurs alike. Clear, concise, and enlightening, Zen Golf shows golfers how to prepare for, execute, and equally important, respond the results of any golf shot. A different approach to golf instruction, this book shapes ancient philosophies into new teachings.

In 1946, while Rosy the Riveter was taking her shop apron off and setting down her wrench for the last time, Millie Uher got into a U.S. Army surplus Jeep and drove up into the hills southwest of Maracaibo, Venezuela. In this biography written by her son, we learn she was much more than a working mother. She was a woman of the world and a rare trendsetter that changed the world without design and perhaps intent. The development and education expert would live 100 years and break ground and gender barriers as an athlete in basketball, tennis, golf, and especially alpine skiing as she trekked the globe. She dared to go where others, including men, dared not go, living her life at full speed and never once touching the brakes. From immigrant's child to global diplomat, from rural schoolchild to urbane single mother, and from first-generation high school graduate to Ph.D., this is the story of a traditional American girl who became a bona fide adventurer.

In this brilliant novel in Robert B. Parker's New York Times bestselling series, police chief Jesse Stone faces a ruthless hit man. All is quiet in Paradise, except for a spate of innocuous vandalism. Good thing, too, because Jesse Stone is preoccupied with the women in his life, both past and present. As his ex-wife Jenn is about to marry a Dallas real-estate tycoon, Jesse isn't too sure his relationship with former FBI agent Diana Evans is built to last. But those concerns get put on the back burner when a major Boston crime boss is brutally murdered. Despite all evidence to the contrary, Jesse suspects it's the work of Mr. Peepers, a psychotic assassin who has caused trouble for Jesse in the past. Peepers has long promised revenge against the mob, Jesse, and Suit for their roles in foiling one of his hits—and against Jenn as well. And though Jesse and Jenn have long parted ways, Jesse still feels responsible for her safety. Jesse and Diana head to Dallas for the wedding and, along with the tycoon's security team, try to stop Peepers before the bill comes due. With Peepers toying with the authorities as to when and where he'll strike, Jesse is up against the wall. Still, there's a debt to pay and blood to be spilled to satisfy it. But whose blood, and just how much?
