HBR Guide To Leading Teams (HBR Guide Series)

From the New York Times bestselling author of My Share of the Task and Leaders, a manual for leaders looking to make their teams more adaptable, agile, and unified in the midst of change. When General Stanley McChrystal took command of the Joint Special Operations Task Force in 2004, he quickly realized that conventional military tactics were failing. Al Qaeda in Iraq was a decentralized network that could move quickly, strike ruthlessly, then seemingly vanish into the local population. The allied forces had a huge advantage in numbers, equipment, and training—but none of that seemed to matter. To defeat Al Qaeda, they would have to combine the power of the world's mightiest military with the agility of the world's most fearsome terrorist network. They would have to become a "team of teams"—faster, flatter, and more flexible than ever. In Team of Teams, McChrystal and his colleagues show how the challenges they faced in Iraq can be relevant to countless businesses, nonprofits, and organizations today. In periods of unprecedented crisis, leaders need practical management practices that can scale to thousands of people—and fast. By giving small groups the freedom to experiment and share what they learn across the entire organization, teams can respond more quickly, communicate more freely, and make better and faster decisions. Drawing on compelling examples—from NASA to hospital emergency rooms—Team of Teams makes the case for merging the power of a large corporation with the agility of a small team to transform any organization. Discusses how readers can make persuasive presentations that inspire action, engage the audience, and sell ideas.

Leading any team involves managing people, technical oversight, and project administration, but leaders of virtual teams perform these functions from afar. Leading Virtual Teams walks you through the basics of: Connecting your people to each other--and to the team's mission Surmounting language, distance, and technology barriers Identifying and using the right communication channels Don't have much time? Get up to speed fast on the most essential business skills with HBR's 20-Minute Manager series. Whether you need a crash course or a brief refresher, each book in the series is a concise, practical primer that will help you brush up on a key management topic. Advice you can quickly read and apply, for ambitious professionals and aspiring executives--from the most trusted source in business. Also available as an ebook.

Both a compilation of the latest team-based research and a compelling leadership case-study fable, Leading Teams is a unique resource for both seasoned and emerging leaders. Their comprehensive research is encapsulated in a single diagram-the Team Leadership Pyramid-which helps the reader visualize the different elements that are essential to team success.

New Rules of Engagement for a Complex World

HBR's 10 Must Reads for New Managers (with bonus article "How Managers Become Leaders" by Michael D. Watkins) (HBR's 10 Must Reads)

Take the stress out of giving feedback. To help your employees meet their goals and fulfill their potential, you need to provide them with regular feedback. But the prospect of sharing potentially negative news can be overwhelming. How do you construct your message so that it's not only well received but also expressed in a way that encourages

change? Whether you're commending exemplary work or addressing problem behavior, the HBR Guide to Delivering Effective Feedback provides you with practical advice and tips to transform any performance discussion—from weekly check-ins to annual reviews—into an opportunity for growth and development. You'll learn to: Establish trust with your direct reports Assess their performance fairly Emphasize improvement, even in criticism React calmly to a defensive feedback recipient Recognize and motivate star performers Create individualized development plans Arm yourself with the advice you need to succeed on the job, from a source you trust. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

This big initiative could make or break this fiscal year--or your career. Managing a successful strategic initiative may be the key to transforming your company--and propelling your career forward. Yet running a cross-functional team on a high-profile project can present a multitude of challenges and risks, causing even the most experienced manager to struggle. The HBR Guide to Managing Strategic Initiatives provides practical tips and advice to help you manage all the stages of an initiative's life cycle, from buy-in to launch to scaling up. You'll learn how to: Win--and keep--support for your new initiative Move rapidly from approval to implementation Assemble transformative, high-performing initiative teams Maintain the confidence of sponsors and stakeholders Stay on schedule and within budget Avoid initiative overload by killing projects that aren't meeting business needs Keep multiple initiatives in strategic alignment Arm yourself with the advice you need to succeed on the job, from a source you trust. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Make every minute count. Your calendar is full, and yet your meetings don't always seem to advance your work. Problems often arise with unrealistic or vague agendas, off-track conversations, tuned-out participants who don't know why they're there, and follow-up notes that no one reads—or acts on. Meetings can feel like a waste of time. But when you invest a little energy in preparing yourself and your participants, you'll stay focused, solve problems, gain consensus, and leave each meeting ready to take action. With input from over 20 experts combined with useful checklists, sample agendas, and follow-up memos, the HBR Guide to Making Every Meeting Matter will teach you how to: Set and communicate your meeting's purpose Invite the right people Prepare an achievable agenda Moderate a lively conversation Regain control of a wayward meeting Ensure follow-through without babysitting or haranguing Arm yourself with the advice you need to succeed on the job, from a source you trust. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

While some of us enjoy a lively debate with colleagues and others prefer to suppress our feelings over disagreements, we all struggle with conflict at work. Every day we navigate an office full of competing interests, clashing personalities, limited time and resources, and fragile egos. Sure, we share the same overarching goals as our colleagues, but we don't always agree on how to achieve them. We work differently. We rub each other the wrong way. We jockey for position. How can you deal with conflict at work in a way that is both professional and productive—where it improves both your work and your relationships? You start by understanding whether you generally seek or avoid conflict, identifying the most frequent reasons for disagreement, and knowing what approaches work for what scenarios. Then, if you decide to address a particular conflict, you use that information to plan and conduct a productive conversation. The HBR Guide to Dealing with Conflict will give you the advice you need to: Understand the

most common sources of conflict Explore your options for addressing a disagreement Recognize whether you—and your counterpart—typically seek or avoid conflict Prepare for and engage in a difficult conversation Manage your and your counterpart's emotions Develop a resolution together Know when to walk away Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Senior Leadership Teams

HBR Guide to Remote Work

Bring strategy into your daily work. It's your responsibility as a manager to ensure that your work--and the work of your team--aligns with the overarching objectives of your organization. But when you're faced with competing projects and limited time, it's difficult to keep strategy front of mind. How do you keep your eye on the long term amid a sea of short-term demands? The HBR Guide to Thinking Strategically provides practical advice and tips to help you see the big-picture perspective in every aspect of your daily work, from making decisions to setting team priorities to attacking your own to-do list. You'll learn how to: Understand your organization's strategy Align your team around key objectives Focus on the priorities that matter most Spot trends in your company and in your industry Consider future outcomes when making decisions Manage trade-offs Embrace a leadership mindset ARE YOUR WORKING RELATIONSHIPS WORKING AGAINST YOU? To achieve your goals and get ahead, you need to rally people behind you and your ideas. But how do you do that when you lack formal authority? Or when you have a boss who gets in your way? Or when you're juggling others' needs at the expense of your own? By managing up, down, and across the organization. Your success depends on it, whether you're a young professional or an experienced leader. The HBR Guide to Managing Up and Across will help you: Advance your agenda—and your career—with smarter networking Build relationships that bring targets and deadlines within reach Persuade decision makers to champion your initiatives Collaborate more effectively with colleagues Deal with new, challenging, or incompetent bosses Navigate office politics Quick, practical management advice from Harvard Business Review to help you do your job better. Drawing from HBR's popular Management Tip of the Day newsletter, these concise, handy guides are packed with easy-to-read tips on a broad range of topics. Each book puts the best management practices and insights, from top thinkers in the field, right at your fingertips. Pick one up any time you have a few minutes to spare, and you'll have a fresh, powerful idea you can immediately put into action. This collection includes the original best-selling Management Tips and the newly released Management Tips 2. This user-friendly guide presents the proven strategies of top experts on creating and guiding effective work teams From recruiting and motivating members to setting ground rules and mediating problems, Leading Teams arms managers with a step-by-step plan and practical

tools for maximizing productivity in any team setting. Key features Instructs readers how to: Organize a team with complimentary skills Clarify team goals, roles, and responsibilities Foster trust, creativity, and risk-taking Get teams back on track after a setback Collaborate to achieve team objectives

HBR Guide to Managing Strategic Initiatives

Great teams don't just happen. How often have you sat in team meetings complaining to yourself, "Why does it take forever for this group to make a simple decision? What are we even trying to achieve?" As a team leader, you have the power to improve things. It's up to you to get people to work well together and produce results. Written by team expert Mary Shapiro, the HBR Guide to Leading Teams will help you avoid the pitfalls you've experienced in the past by focusing on the often-neglected people side of teams. With practical exercises, guidelines for structured team conversations, and step-by-step advice, this guide will help you: Pick the right team members Set clear, smart goals Foster camaraderie and cooperation Hold people accountable Address and correct bad behavior Keep your team focused and motivated Most teams underperform. Yours can beat the odds. If you read nothing else on building better teams, read these 10 articles. We've combed through hundreds of articles in the Harvard Business Review archive and selected the most important ones to help you assemble and steer teams that get results. Leading experts such as Jon Katzenbach, Teresa Amabile, and Tamara Erickson provide the insights and advice you need to: Boost team performance through mutual accountability Motivate large, diverse groups to tackle complex projects Increase your teams' emotional intelligence Prevent decision deadlock Extract results from a bunch of touchy superstars Fight constructively with top-management colleagues

DON'T LET YOUR FEAR OF FINANCE GET IN THE WAY OF YOUR SUCCESS Can you prepare a breakeven analysis? Do you know the difference between an income statement and a balance sheet? Or understand why a business that's profitable can still go belly-up? Has your grasp of your company's numbers helped—or hurt—your career? Whether you're new to finance or you just need a refresher, this go-to guide will give you the tools and confidence you need to master the fundamentals, as all good managers must. The HBR Guide to Finance Basics for Managers will help you: Learn the language of finance Compare your firm's financials with rivals' Shift your team's focus from revenues to profits Assess your vulnerability to industry downturns Use financial data to defend budget requests Invest smartly through cost/benefit analysis

An organisation's fate hinges on its CEO—right? Not according to the authors of Senior Leadership Teams. They argue that in today's world of neck-snapping change, demands on leaders in top roles are rapidly outdistancing the capabilities of any one person - no matter how talented. Result? Chief executives are turning to their enterprise's senior leaders for help. Yet many CEOs stumble when creatinga leadership team. One major challenge is that senior executives often focus more on their individual roles than on the top team's shared work. Without the CEO's careful attention to setting the team up correctly, these high-powered managers often have difficulty pulling together to move their organisation forward. Sometimes they don't even agree about what constitutes the right path forward.The authors explain how to determine whether your organisation needs a senior leadership team. Then, drawing on their study of 100+ top teams from around the world, they explain how to create a clear and compelling purpose for your team, get the right people on it, provide structure and support, and sharpen team members' competencies - and your own. Timely and practical, this book enables you to create and sustain a leadership team whose members learn from one another while collaborating to pursue your company's objectives.

will be able to surpass any professional obstacle. No matter where you are in your career, the HBR Guides to Managing Your Career Collection will help you plan your next steps and push yourself forward to the next level.

The one primer you need to develop your managerial and leadership skills. Whether you're a new manager or looking to have more influence in your current management role, the challenges you face come in all shapes and sizes—a direct report's anxious questions, your boss's last-minute assignment of an important presentation, or a blank business case staring you in the face. To reach your full potential in these situations, you need to master a new set of business and personal skills. Packed with step-by-step advice and wisdom from Harvard Business Review's management archive, the HBR Manager's Handbook provides best practices on topics from understanding key financial statements and the fundamentals of strategy to emotional intelligence and building your employees' trust. The book's brief sections allow you to home in quickly on the solutions you need right away—or take a deeper dive if you need more context. Keep this comprehensive guide with you throughout your career and be a more impactful leader in your organization. In the HBR Manager's Handbook you'll find: - Step-by-step guidance through common managerial tasks - Short sections and chapters that you can turn to quickly as a need arises - Self-assessments throughout - Exercises and templates to help you practice and apply the concepts in the book - Concise explanations of the latest research and thinking on important management skills from Harvard Business Review experts such as Dan Goleman, Clayton Christensen, John Kotter, and Michael Porter - Real-life stories from working managers - Recaps and action items at the end of each chapter that allow you to reinforce or review the ideas quickly The skills covered in the book include: - Transitioning into a leadership role - Building trust and credibility - Developing emotional intelligence - Becoming a person of influence - Developing yourself as a leader - Giving effective feedback - Leading teams - Fostering creativity - Mastering the basics of strategy - Learning to use financial tools - Developing a business case Break down the barriers to effective collaboration. For cross-functional projects to work, you need to bring together diverse ideas and resources from across your organization. But office politics, conflicting objectives, and lack of clear authority can get in the way. The HBR Guide to Collaborative Teams provides practical tips and advice to help you collaborate more effectively. Whether you're leading your own direct reports or building a talented group from disparate parts of your organization, you'll discover how to align others' goals and skills so you can solve problems as a team and deliver great results. You'll learn to: Develop a shared purpose Bust departmental silos Lead employees who don't report to you Overcome conflict and turf wars Prevent collaborative overload and fatigue Use the right tools for virtual information sharing Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Learn how to make better, faster decisions. You make decisions every day--from prioritizing your to-do list to choosing which long-term innovation projects to pursue. But most decisions don't have a clear-cut answer, and assessing the

alternatives and the risks involved can be overwhelming. You need a smarter approach to making the best choice possible. The HBR Guide to Making Better Decisions provides practical tips and advice to help you generate more-creative ideas, evaluate your alternatives fairly, and make the final call with confidence. You'll learn how to: Overcome the cognitive biases that can skew your thinking Look at problems in new ways Manage the trade-offs between options Balance data with your own judgment React appropriately when you've made a bad choice Communicate your decision--and overcome any resistance Arm yourself with the advice you need to succeed on the job, from a source you trust. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Please note: This is a companion version & not the original book. Sample Book Insights: #1 To achieve the diversity sweet spot you're aiming for, you must first envision the results you want, and then determine what strengths and capabilities you'll need to achieve them. Don't add another team member who excels at the same thing. #2 The best teams are made up of a variety of people with complementary skills who are committed to a common purpose, set of performance goals, and approach. #3 The larger the team, the more difficult it is to find meeting times, the longer it takes to make decisions, and the tougher it is to manage information and work flow. So bring together the smallest number of people necessary to provide the skills and perspectives you need. #4 To reevaluate your team, list the skills and types of expertise you'll need to tackle the team's responsibilities. Then identify the fewest number of people who can cover most of those requirements.

Teams have more talent and experience, more diverse resources, and greater operating flexibility than individual performers. So why do so many teams either struggle unpleasantly toward an unsatisfactory conclusion-or, worse, crash and burn shortly after launch? J. Richard Hackman, one of the world's leading experts on group and organizational behavior, argues that the answer to this puzzle is rooted in flawed thinking about team leadership. It is not a leader's management style that determines how well a team performs, but how well a leader designs and supports a team so that members can manage themselves. According to Hackman, cookie-cutter formulas and prescribed leadership styles often backfire because they place far too much emphasis on the leader as the primary cause of team behavior. InLeading Teams, he identifies the key conditions that any leader can put in place to increase the likelihood of team success-regardless of his or her personality or preferred style of operating. Through extensive research and compelling examples ranging from orchestras to economic analysts to airline cockpit crews, Hackman identifies five conditions that set the stage for great performances: a real team, a compelling direction, an enabling team structure, a supportive organizational context, and the availability of competent coaching. Leading Teamsoutlines what leaders can do to structure, support, and guide teams in a way that· enhances the social processes essential to collective work;

· builds shared commitment, skills, and task-appropriate coordination strategies; · helps members troubleshoot problems and spot emerging opportunities; and · captures experiences and translates them into shared knowledge. Out of these conditions, Hackman argues, the very best teams emerge-teams that exceed client expectations, grow in capability over time, and contribute to the learning and personal fulfillment of individual members. Authoritative, practical, and astutely realistic, Leading Teamsoffers a new and provocative way of thinking about and leading work teams in any organizational setting. AUTHORBIO:J. Richard Hackmanis the Cahners-Rabb Professor of Social and Organizational Psychology at Harvard University. He resides in Bethany, Connecticut, and Cambridge, Massachusetts.

HBR's 10 Must Reads on Teams (with featured article "The Discipline of Teams," by Jon R. Katzenbach and Douglas K. Smith)

Setting the Stage for Great Performances

The 3 Imperatives for Becoming a Great Leader

The Discipline of Teams

HBR Guide to Finance Basics for Managers (HBR Guide Series)

Break down the barriers to effective collaboration. To get work done and accomplish your goals, you need access to resources and ideas from across your organization. But technology issues, office politics, and lack of clear authority can get in the way of success. The HBR Guide to Collaborative Teams provides practical tips and advice to help you collaborate more effectively. Whether you're working with your own direct reports or looking to find resources outside your department, you'll discover how to align the ideas and objectives of others in ways that allow you to work together and solve problems more easily. You'll learn to: Bust departmental silos Develop a shared purpose Forge relationships across the company Overcome turf wars and conflict Prevent collaborative overload and fatigue Use the right tools for virtual information sharing and teamwork

When asked to define the ideal leader, many would emphasize traits such as intelligence, toughness, determination, and vision—the qualities traditionally associated with leadership. Often left off the list are softer, more personal qualities—but they are also essential. Although a certain degree of analytical and technical skill is a minimum requirement for success, studies indicate that emotional intelligence may be the key attribute that distinguishes outstanding performers from those who are merely adequate. Psychologist and author Daniel Goleman first brought the term "emotional intelligence" to a wide audience with his 1995 book of the same name, and Goleman first applied the concept to business with a 1998 classic Harvard Business Review article. In his research at nearly 200 large, global companies, Goleman found that truly effective leaders are distinguished by a high degree of emotional intelligence. Without it, a person can have first-class training, an incisive mind, and an endless supply of good ideas, but he or she still won't be a great leader. The chief components of emotional intelligence—self-awareness, self-regulation, motivation, empathy, and social skill—can sound unbusinesslike, but Goleman found direct ties between

emotional intelligence and measurable business results. The Harvard Business Review Classics series offers you the opportunity to make seminal Harvard Business Review articles a part of your permanent management library. Each highly readable volume contains a groundbreaking idea that continues to shape best practices and inspire countless managers around the world—and will have a direct impact on you today and for years to come.

IS YOUR WORKLOAD SLOWING YOU—AND YOUR CAREER—DOWN? Your inbox is overflowing. You're paralyzed because you have too much to do but don't know where to start. Your to-do list never seems to get any shorter. You leave work exhausted but have little to show for it. It's time to learn how to get the right work done. In the HBR Guide to Getting the Right Work Done, you'll discover how to focus your time and energy where they will yield the greatest reward. Not only will you end each day knowing you made progress—your improved productivity will also set you apart from the pack. Whether you're a new professional or an experienced one, this guide will help you: Prioritize and stay focused Work less but accomplish more Stop bad habits and develop good ones Break overwhelming projects into manageable pieces Conquer e-mail overload Write to-do lists that really work

Get your best work done, no matter where you do it. Video calls from your couch. Project reports in a coffee shop. Presentations at your kitchen table. You'll learn to: Set clear employee goals that align with company objectives Monitor progress and check in regularly Close performance gaps Understand when to use performance analytics Create opportunities for growth, tailored to the individual Overcome and avoid burnout on your team Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Develop the mindset and presence to successfully manage others for the first time. If you read nothing else on becoming a new manager, read these 10 articles. We've combed through hundreds of Harvard Business Review articles and selected the most important ones to help you transition from being an outstanding individual contributor to becoming a great manager of others. This book will inspire you to: Develop your emotional intelligence Influence your colleagues through the science of persuasion Assess your team and enhance its performance Network effectively to achieve business goals and for personal advancement Navigate relationships with employees, bosses, and peers Get support from above View the big picture in your decision making Balance your team's work and personal life in a high-intensity workplace This collection of articles includes "Becoming the Boss," by Linda A. Hill; "Leading the Team You Inherit," by Michael D. Watkins; "Saving Your Rookie Managers from Themselves," by Carol A. Walker; "Managing the High-Intensity Workplace," by Erin Reid and Lakshmi Ramarajan; "Harnessing the Science of Persuasion," Robert B. Cialdini; "What Makes a Leader?" by

Daniel Goleman; "The Authenticity Paradox," by Herminia Ibarra; "Managing Your Boss," by John J. Gabarro and John P. Kotter; "How Leaders Create and Use Networks," by Herminia Ibarra and Mark Lee Hunter; "Management Time: Who's Got the Monkey?" by William Oncken, Jr., and Donald L. Wass; and BONUS ARTICLE: "How Managers Become Leaders," by Michael D. Watkins.

In The Discipline of Teams, Jon Katzenbach and Douglas Smith explore the often counter-intuitive features that make up high-performing teams—such as selecting team members for skill, not compatibility—and explain how managers can set specific goals to foster team development. The result is improved productivity and teams that can be counted on to deliver more than just the sum of their parts. Since 1922, Harvard Business Review has been a leading source of breakthrough ideas in management practice. The Harvard Business Review Classics series now offers you the opportunity to make these seminal pieces a part of your permanent management library. Each highly readable volume contains a groundbreaking idea that continues to shape best practices and inspire countless managers around the world.

Dysfunctional teams are maddeningyet are a reality of organizational life. How often have you sat in team meetings complaining to yourself, What a colossal waste of time. Why does it take forever for this group to make a simple decision? What are we even trying to achieve here?" But as the team leader, you have the power to change things for the better. It's up to you to get people to work well together and produce results. How do you avoid the pitfalls you've experienced so painfully in the past? DON'T LET YOUR WRITING HOLD YOU BACK. When you're fumbling for words and pressed for time, you might be tempted to dismiss good business writing as a luxury. But it's a skill you must cultivate to succeed: You'll lose time, money, and influence if your e-mails, proposals, and other important documents fail to win people over. The HBR Guide to Better Business Writing, by writing expert Bryan A. Garner, gives you the tools you need to express your ideas clearly and persuasively so clients, colleagues, stakeholders, and partners will get behind them. This book will help you: • Push past writer's block • Grab—and keep—readers' attention • Earn credibility with tough audiences • Trim the fat from your writing • Strike the right tone • Brush up on grammar, punctuation, and usage

Resource added for the Human Resources program 101161.

You never dreamed being the boss would be so hard. You're caught in a web of conflicting expectations from subordinates, your supervisor, peers, and customers. You're not alone. As Linda Hill and Kent Lineback reveal in Being the Boss, becoming an effective manager is a painful, difficult journey. It's trial and error, endless effort, and slowly acquired personal insight. Many managers never complete the journey. At best, they just learn to get by. At worst, they become terrible bosses. This new book explains how to avoid that fate, by mastering three imperatives: · Manage yourself: Learn that management isn't about getting things done yourself. It's about accomplishing things through others. · Manage a network: Understand how power and influence work in your organization and build a network of mutually beneficial relationships to navigate your company's complex political environment. · Manage a team: Forge a high-performing "we" out of all the "I"s who report to you. Packed with compelling stories and practical guidance, Being the Boss is an indispensable guide for not only first-time managers but all managers seeking to master the most daunting challenges of leadership.
