He and Heddie served in many animal-assisted therapy roles. They taught children to read at schools and libraries, provided support and encouragement for children with cancer and their families in hospitals, and provided therapy for children and families in domestic-violence shelters. They were dispatched by NAACR and assigned through the American Red Cross to assist with the mental-health unit after the EF5 tornado hit Parkersburg, Iowa. Hero will never be forgotten by all who were fortunate enough to have interacted with him and Heddie. His achievements, encouragement,

If you are someone who would love to see the man in your life with the spark you used to see in his eyes, this book is a superb gift for him. But answering the call to be a godly hero is far from that mistaken scenario. The lives of too many guys are full of pain and frustration and an aimless desire to either medicate the pain or find another victim to rescue the furthest thing from being a hero. The world

He longed to put on a cape and use his superpowers to save the earth from destruction. But as he grew older and traveled the world, he found real heroes everywhere he went -- and none of them had superpowers. None of them wore capes or cowls. But they all possessed qualities that gave them the power to help others, to make a difference, to save the world: courage, both physical and moral; humility; a willingness to sacrifice; and a deep sense of integrity. THE HERO CODE is not a cypher, a puzzle, or a secret message. It is a code of conduct; lessons in virtues that can become the foundations of our character as we build a life worthy of honor and respect.
