"Laura Wagner has managed to get a huge amount of Haiti into the pages of this book: the sun, the rain, the bottomless spiral of catastrophe, rage, despair and indomitable hope." —Madison Smartt Bell, author of All Souls' Rising: A Novel of Haiti "In Haiti they say 'Kreyòl pale, Kreyòl konprann.' Speak plainly and honestly, and be understood. Laura Wagner does just that in this brave, beautiful book, bringing us the complex life of Magdalie, and a glimpse of a people's soul."

—Jonathan M. Katz, author of The Big Truck That Went By: How the World Came to Save Haiti and Left Behind a Disaster "Haiti, already one of the poorest countries in the world, was devastated by the earthquake in 2010. This is a story of everything that comes after: from a candid depiction of the international response to a young girl's account of what a life of desperation can do to an individual and to a society. Magdalie's journey shows the importance of connections, of family and friends, during difficult times and the anguish that comes when those bonds are broken. In her debut novel, Laura Rose Wagner has managed to capture the devastation of loss while providing determined hope for the individual and the nation. An important read for anyone who wishes to better understand the reality of life in Haiti after the earthquake." —Ophelia Dahl, executive director of Partners in Health Hold Tight, Don't Let Go follows the vivid story of two teenage cousins, raised as sisters, who survive the devastating 2010 earthquake in Haiti. After losing the woman who raised them in the tragedy, Magdalie and Nadine must fend for themselves in the aftermath of the quake. The girls are inseparable, making the best of their new circumstances in a refugee camp with an affectionate, lively camaraderie, until Nadine, whose father lives in Miami, sends for her but not Magdalie. As she leaves, Nadine makes a promise she cannot keep: to bring Magdalie to Miami, too. Resourceful Magdalie focuses her efforts on a reunion with Nadine until she realizes her life is in Haiti, and that she must embrace its possibilities for love, friendship, and a future.

BASED ON A TRUE STORY In a land occupied by foreign powers and torn by confusion and conflict, a mother seeks to weave her family and her past into a fabric that will not tear. Their Lives Were Woven by Wars and Wilderness Places, and Tied by the Peace of Family and Faith. As the 1840s bring conflict to the Pacific Northwest's rugged Columbia Country, new challenges face Marie Dorion Venier Toupin: the wife, mother, and Ioway Indian woman who crossed the Rocky Mountains with the Astor Expedition, the first big fur trapping expedition after Lewis and Clark's. On French Prairie in the newly forming Oregon Territory, Marie strives to meet the needs of her conflict-ridden neighbors: British settlers and Americans, missionaries and disease-stricken natives, fur trappers and French Canadian farming families, and the surviving natives of the region. At the same time, as a mother, Marie must weave together the threads of an unraveling family. One daughter compares and judges as she seeks to find her place; another reaches for elusive evidence of her mother's love. Marie's memories are threatened with the emergence of a figure from the past. In the midst of this turmoil, Marie discovers an empowering spiritual truth: Unconditional love can shed light on even the darkest places in the heart.

"A touching novel of love and loss, a friendship that crosses generations, and learning how even the smallest gifts can change a life for good, from USA Today bestselling author Nancy Naigle"--

Serious illness and mortality, those most universal, unavoidable, and frightening of human experiences, are the focus of this pioneering study which has been hailed as a telling and provocative commentary on our times. As modern medicine has become more scientific and dispassionate, a new literary genre has emerged: pathography, the personal narrative concerning illness, treatment, and sometimes death. Hawkins's sensitive reading of numerous pathographies highlights the assumptions, attitudes, and myths that people bring to the medical encounter. One factor emerges again and again in these case studies: the tendency in contemporary medical practice to focus primarily not on the needs of the individual who is sick but on the condition that we call disease. Pathography allows the individual person a voice - one that asserts the importance of the experiential side of illness, and thus restores the feeling, thinking, experiencing human being to the center of the medical enterprise. Recommended for medical practitioners, the clergy, caregivers, students of popular culture, and the general reader, Reconstructing Illness demonstrates that only when we hear both the doctor's and the patient's voice will we have a medicine that is

truly human.

'Too often we minimise the reality of terminal cancer, concentrating instead on survival records and talking only in positive pink ribbon terms. But what of those who live daily with the shadow of the disease? This is a book about how that feels. It is about how to die as much as about to how to live; yet it is also life-affirming, funny and shot through with hope.' Life is full of small details that we tuck away somewhere to revisit when we need them most: the calming sound of the sea, that childlike joy when you feel the sun hit your face on an early February morning. These small details knitted together, make up our perfect, ordinary lives. Few understood the importance of these more than Sarah Hughes, who lived with terminal metastatic cancer for over three years and who died in April 2021. This book is a celebration of everything that can make up a life, and how to hold it all close: how to cherish the perspective-changing, exhale-bringing perspective of a trashy novel; how to find the upside of chemo (finally being able to fit into flippy french tea dresses); how to explore the intimate topography of a body that's yours and yours alone. For fans of Matt Haig and Maggie O'Farrell, this is a tender word-of-mouth bestseller: the sort of book you'll press into the hands of your friends, family and a stranger in a bookshop.

This collection bundles all 6 volumes of Susan May Warren's charming Christiansen Family novels together in one e-book, for a great value! *Take a Chance on Me* (2014 Christy Award winner!): Darek Christiansen would be a dream bachelor, except for the wounded heart he's been nursing since the tragic death of his wife, Felicity. New assistant county attorney Ivy Madison simply doesn't know any better when she bids on Darek at the Deep Haven charity auction. Nor does she know that a plea bargain she crafted three years ago kept the man responsible for Felicity's death out of jail. Caught between new love and old grudges, Darek must decide if he can set aside the past for a future with Ivy. *It Had to Be You*: Eden Christiansen never imagined cheering on her younger brother Owen—a reckless NHL rookie—would keep her on the sidelines of her own life, with little time to focus on her own career. Owen could use a mentor . . . but she knows better than to expect help from team veteran Jace Jacobsen. Now at a crossroads about his future in hockey, Jace's bad-boy reputation has him trapped. And the guilt-trip he's getting from Eden Christiansen isn't making things any easier. But when Owen's carelessness leads to a career-threatening injury, Eden and Jace begin to wonder if they belong on the same team after all. *When I Fall in Love* (2015 Christy Award finalist!): Hawaii was the last place Grace Christiansen ever imagined she'd vacation, much less fall in love. But when her family surprises her with a cooking retreat in paradise, she is thrown headfirst into an adventure. Max Sharpe may make his living on the ice as a pro hockey player, but he feels most at home in the kitchen. Which is why he takes a three-week culinary vacation each year in Hawaii. Upon being paired with Grace for a cooking competition, Max finds himself drawn to her passion, confidence, and perseverance. But as his secrets unfold, Grace is torn between the safe path in front of her and what her heart truly desires. *Always on My Mind*: After a failed dig, aspiring archaeologist Casper Christiansen heads home to Minnesota to face his feelings for Raina Beaumont. But when he arrives unannounced on her doorstep, he receives quite a shock: Raina is pregnant. Heartbroken, especially when he discovers the identity of the baby's father, Casper tables his dreams and determines to help his older brother prepare the family resort

for its grand reopening. But one of Casper's new jobs constantly brings him into contact with Raina, whom he can't seem to forget. The Wonder of You: Mortified after her year abroad is cut short, Amelia Christiansen returns to Deep Haven, certain she isn't brave enough for the adventures she's dreamed of. The last thing she expects is for the man who broke her heart to cross the Atlantic and beg forgiveness. Heir to a European hotel dynasty, Roark St. John has trekked from one exotic locale to another, haunted by tragedy and family expectations. He'll do anything for a second chance with Amelia. But Roark's continued presence only highlights the questions pursuing her. Could finding her new place mean leaving home behind? You're the One That I Want: An injury ended Owen Christiansen's NHL career, but a job on an Alaskan crabbing boat offers a fresh start, maybe even a shot at romance with Elise "Scotty" McFlynn, the captain's daughter. Scotty, however, doesn't believe in happily ever after—especially with someone like Owen. Her instinct is confirmed when Casper Christiansen arrives to drag his prodigal brother home, only to be detained in connection to a crime back in Minnesota. As part of her new job on the Anchorage police force, Scotty must escort both brothers to Deep Haven, where she is thrust into an unfamiliar world of family, faith, and fresh starts.

*In Greek mythology, Ariadne held authority over the mazes and labyrinths located beneath the palace of Knossos on Crete, including the labyrinth that housed the deadly Minotaur. When Theseus came to attempt to free the people from the Minotaur, Ariadne gave Theseus a ball of red thread to mark his passage in and out of the labyrinth. The thread was the key to successfully navigating the labyrinth's many twists and turns, and Theseus ultimately confronted the Minotaur. In her teaching, Julie Tallard Johnson notes that metaphorically, we all spend our lives in a labyrinth, regularly having to face forked paths, contradictory twists and turns, and dead ends. Red thread is a rich analogy for the wisdom passed on to us from generations of spiritual teachers, and this wisdom guides us through our labyrinths. In *The Clue of the Red Thread*, Johnson, longtime student of author, teacher, and activist Parker J. Palmer, offers numerous practices and strategies for navigating what she calls the greatest adventure of our lifetime: going inward to discover who we truly are, then returning outward to blossom into a fearless and compassionate citizen, living with integrity while both keeping hold of the red thread in our own lives and moving forward to pass it on to others.*

Preaching Effectively, Revitalizing Your Church offers a practical and theological guide to effective preaching. Gueric DeBona, an experienced and respected teacher of homiletics, uses the metaphor of a ladder to describe the ascent up seven rungs that constitute the strategies of preaching. Beginning with advice on discovering a personal theology of preaching, the author proceeds to unlock the power of the Bible and the liturgy. He then guides preachers in creating a unified homily and in discovering a homiletic method that best suits their own intellect and temperament. Chapters on communicating in contemporary culture and on globalizing the homily for the New

Evangelization are vital for coming to grips with the technological age and the often bewildering diversity of today's world. Finally, DeBona challenges readers to recognize and confront their own obstacles to effective preaching. Each chapter ends with questions to assist preachers in appropriating the material. With bad homilies consistently cited as a factor in declining church attendance, *Preaching Effectively, Revitalizing Your Church* answers a very pressing need, especially in view of the papacy's urgent call to rescue traditionally Christian countries from the brink of total secularization. Book jacket.

-What do you do if you have two bratty teenage kids who don't give you the time of day?
-What do you do if your husband is more interested in his remote than you? -What do you do if you're forever being compared to your perfect sister--who just happened to marry your perfect boyfriend? -And what do you do if you're told you have stage 4 breast cancer? Well, if you're Raquel Rose, you tell your family your diagnosis, and then you watch them go from treating you like dirt to treating you like a queen. Then you go on to raise unprecedented amounts of money for breast cancer research. You fulfill your early artistic promise. And you find you love this new life of yours, no matter how fleeting it may be. So when the doctor calls to tell her that there was a mistake and she's actually perfectly healthy, instead of sharing her good news, Raquel can't relinquish the sudden attention and love from her family. Soon Raquel's lie by omission snowballs and the wise-cracking 40-something becomes a sought-after figure on her sister's popular talk show, elevating her "illness" to local rock star status. Her mistaken diagnosis becomes the fated opportunity to fix the glaring problems in her life--her stalled career as an artist, her lackluster marriage, her unappreciative children, and her highly dysfunctional family. And while she wants to tell the truth, she's afraid to give it all up--would her family go back to taking her for granted? Would the donors rescind their checks if they think she was a fraud? In the end, it's up to Raquel to find her real "cure": an ending that befits the second chance she's been granted.

The inspiring symbolism, intertwined with scripture, story and insights from psychology makes it a compelling read. But it doesn't stop there, it navigates us towards a spirituality of the future and offers a direction in which we can be orientating ourselves in religious practice. "Life is like a voyage on the sea of history, often dark and stormy, a voyage in which we watch for the stars that indicate the route." (Spe Salvi 49) In Vol 6 of Wood You Believe, through scripture and sculpture, story and self-acceptance, Jim Cogley encourages his readers to face the turbulence of today's faith voyage and drop anchor in the Spirit of God within. I thought I'd live in silence forever . . . and then I met him. I'll never be able to hear, but music has always been a source of comfort for me. Rather than listen to the rhythm, I can actually feel the beat pulsing through me. It's pure bliss. So the moment I saw Thorin playing his guitar, I was mesmerized. I'd never seen anything more beautiful . . . or intimate. I couldn't tell where his body ended and the song began. He's everything I need in my life . . . I'm falling fast, hard, and deep. I want him more than anything. But while I live in silence, Thor lives in secrets. He's holding something back-something that's keeping this intensity, this longing from being real. And the silence may be too loud to bear . . .

The eloquent voices in *Holding Tight, Letting Go* speak of different reality; that women with metastatic breast cancer generally go on to live with their disease, often for many years, and that the time they have can be full and meaningful. All aspects of dealing with the disease are covered here: coping with the shock of recurrence, seeking information, making treatment decisions, and communicating effectively with medical personnel. Getting emotional support from other patients and friends and working on relationship and family issues are often as important as managing the side-effects of treatment and the pain and symptoms of disease progression. Open discussions about approaching the end of life often lead to a profound inquiry into ways of keeping hope alive and finding meaning in the midst of adversity. Frank and moving descriptions from forty women and men who have been there make their stories relevant to anyone facing a life-threatening illness.
