Monitor your expenses, build a budget, and stick with it Make the most of a modest salary and still have money to spare Keep your credit in check and clean up credit card chaos Start and succeed at your side hustle Build a nest egg and invest in your future Transform your money mindset and be accountable for your financial well-being Feel the power of real-world stories from other "clever girls" Put yourself on the path to financial success with the valuable lessons learned from Clever Girl Finance.*

*John Bogle puts our obsession with financial success in perspective Throughout his legendary career, John C. Bogle-founder of the Vanguard Mutual Fund Group and creator of the first index mutual fund-has helped investors build wealth the right way and led a tireless campaign to restore common sense to the investment world. Along the way, he's seen how destructive an obsession with financial success can be. Now, with Enough., he puts this dilemma in perspective. Inspired in large measure by the hundreds of lectures Bogle has delivered to professional groups and college students in recent years, Enough. seeks, paraphrasing Kurt Vonnegut, "to poison our minds with a little humanity." Page by page, Bogle thoughtfully considers what "enough" actually means as it relates to money, business, and life. Reveals Bogle's unparalleled insights on money and what we should consider as the true treasures in our lives Details the values we should emulate in our business and professional callings Contains thought-provoking life lessons regarding our individual roles in society Written in a straightforward and accessible style, this unique book examines what it truly means to have "enough" in world increasingly focused on status and score-keeping.*

*The greatest transfer of wealth in the nation and the world is now unfolding. Money is about to flow away from the financially uninformed and flow towards the financially well-informed in the years ahead. Whenever governments start to dilute their money investors transfer their money into gold and silver. Although gold is a great way to preserve your wealth, it's silver you could actually make a fortune with. Protect your savings and create a substantial investment income every single month. Financial ignorance is the only reason you are not yet catching in on the biggest wealth transfer in history. A Solid Method to Achieve Financial Freedom This book will show you exactly how to live and prosper by the new laws of money in the new economy. It will show you how to beat the new money thieves (Banks and Governments) at their own game while quietly profiting from the money meltdown that is now underway. We are approaching a monetary crisis of epic proportions never before seen. You are probably aware of the rising price of gold that's been going on for almost 10 years now. Most recently, gold started climbing with even greater speed. History repeats itself again and again. Whenever governments start to dilute their money investors transfer their money into gold and silver. Gold and silver have intrinsic value and will always prevail in any economy. Many financial experts predict that gold could at least double to \$3,000 . . . \$3,500 . . . and some say even \$5,000! But experts also predict the price of silver could rise seven to eight times its current value before hitting its peak. What most non-investors and investors – including yourself – probably don't realize is that although gold is a great way to preserve your wealth, it's silver that could actually make you rich! The price of gold has already risen dramatically, but silver is just beginning its parabolic climb. Over the last 9 years the silver price increased an average of 29% per year! Compare this to the stock and real estate market, which declined when adjusted for inflation. Nine Reasons Why Silver is a Unique Wealth Building Instrument Silver, like gold, has intrinsic value Silver has been in a commodity bull cycle since 2000 Silver is a safe hedge against currency inflation Silver is a security choice during times of financial crisis Silver is rarer than gold Silver is used in 90% of all electronics – and its mostly non-renewable Silver leasing – the scam will be exposed soon Silver investment markets are expanding thanks to the Chinese What You Will Learn From Building Wealth with Silver You will discover why the Federal Reserve was created and why you and I have been kept in the dark about its true purpose. You will find out why the U.S. dollar is quietly being destroyed without fanfare and the reason this process is being publically denied and covered up. Learn Why Silver is the Best Investment Opportunity Right Now. Get the facts on silver production and consumption, and all the details behind silver's projected five- to eight-fold increase over the next several years. Financial Education Is The Solution To Financial Freedom Discover the facts about our global banking and government system that will change the way you look at money forever. You will learn how to buy silver at the lowest price. Professional trading techniques that leverage and maximize your profit. Understanding how the money system works will give you financial freedom. During the next few years the global financial system will be restructured on a scale that has never seen before. There are a few opportunities for you to profit from it - silver is one of them. Special Bonus: This book also includes a \$200 coupon for the author's Wealth Building Course.*

*How Much is Enough?*

How can millions of readers come to grips with their financial circumstances at a time when no one seems to have enough? Arun Abey and Andrew Ford believe that the answer lies beyond the balance sheet in the heart, mind, and spirit of the individual investor.Having advised investors around the globe, the authors dig deep into the latest economic and behavioral research as they bridge the worlds of financial security and personal well-being. They guide readers through a holistic approach to financial planning, one based on the fact that the money is only one element in the overall chemistry of a happy life. Readers will learn how to plan and invest to match their own goals, not those of their brokers or neighbors.Brilliantly combining economics and psychological thought, "How Much is Enough?" promises to revolutionize the way you look at your personal finances. Complete with succinct economic advise and stories from those who have found peace beyond their bank accounts, this book gives you the confidence to pursue your own path toward a secure and fulfilling future. Find happiness and wealth will follow.

Perfect for new real estate investors or first-time home-buyers. How to find a good deal, how to calculate profits and where to go for financing.We live in an extremely different marketplace now than when the first edition of Real Estate and Wealth: Investing in the American Dream was originally published. The initial volume served as an incredible resource for thousands of people, so bearing in mind the tremendous resurgence in the real estate market, real estate expert Sonia Booker felt that it was vital to offer this second, up to date best seller to make it relevant to financing and marketing changes in our current economic climate.This book offers a wealth of information, new topics and ideas with a particular appeal to first-time home buyers who are vacillating about their ability to purchase their "dream house". Sonia encourages her readers to begin by beginning... by purchasing a property with the intention of selling or renting the property and moving on up within a few years.A Portion of the Proceeds From This Book Go to Assist the Philanthropic Endeavors of Habitat for Humanity.

Merryn Somerset Webb, star of Channel 4's hit series 'Superscrimpers', shows you how to face the future with both money and confidence in this financial bible for sassy women.

Here is a single-sit read than can change the course of your retirement. Written by Dr. Teresa Ghilarducci, an economics professor, a retirement and savings specialist, and a trustee to two retiree health-care trusts worth over \$54 billion, How to Retire with Enough Money cuts through the confusion, misinformation, and bad policy-making that keeps us spending or saving poorly. It begins with acknowledging what a person or household actually needs to have saved—the rule of thumb is eight to ten times your annual salary before retirement—and how much to expect from Social Security. And then it delivers the basic principles that will make the money grow, including a dozen good ideas to get current expenses under control. Why to "get rid of your guy"—those for-fee (or hidden-fee) financial planners that suck up valuable assets. Why it's always better to pay off a loan or a mortgage. There are no gimmicks, no magical thinking—just an easy-to-follow program that works.

30+ Years of Confidence: No Pension Required

\* Have you ever bought \$100 worth of groceries for only 6 bucks?\* Did you ever leave a store with more money in your pocket than when you went in?\* Have you ever had so much food after a shopping trip that you gave it away to friends, neighbors and charity?If you answered "no" to any of these questions, then you'll definitely want to read Coupon Millionaire: How to Save Money and Make Money with the Art of Couponing and learn how to save money on groceries every time you shop! In fact, you will learn how to save thousands on groceries every year!Tough economic times has had many people scrambling to make ends meet. Eating out, going on vacation or even going to a movie are out of the question. Instead, people have been duped into buying the lowest quality junk foods thinking that they are saving money simply because it's cheap. With Coupon Millionaire in hand, you will learn how to save money and even make money whenever you shop.Coupon Millionaire is a wake up call that you have been spending way too much money at the supermarket. In it you'll learn how to:\* get organized so you don't feel like your life is being taken over by coupons\* take advantage of bonus days and weekly or daily specials on foods, medicines and toiletries\* save on ORGANIC foods and earth friendly household products\* get more coupons than you'll know what to do with\* make money with your excess coupons you don't plan on using\* take advantage of sales that you didn't even think would pertain to you and put EXTRA CASH in your pocket in the same time\* negotiate store policies so that you maximize the amount of money you save\* save big money at drug stores like CVS, Walgreen's and RiteAid\* and much, much more!Even if you have never used a coupon before you can start dramatically lowering your grocery bills with coupons starting today. There are no real "tricks" to spending less money on groceries. Successful couponing is about having a system of organization. And Coupon Millionaire will provide you with a shortcut to a system that is proven to work.If you think you already know all there is to know about couponing, then you wouldn't be reading this page. But even the most experienced couponers have walked away with some new tips they hadn't considered before. Like anything, you get out of it what you put into it. So if you're serious about saving money on groceries the next time you go shopping, then roll up your sleeves and get out those scissors so you too can start saving some serious cash!

"The illiterate of the future are not those who can't read or write but those who cannot learn, unlearn, and relearn."- quote by Alvin Toffler What clearly he meant is that we need to learn and unlearn as we continue to stay updated with what that works and those that no longer works Much has changed since the baby boomers days ,including the path of staying ahead in today's digital age. To succeed from now , one must learn to accept the constant change to adaptation – continually unlearning old 'rules' and relearning new ones. That requires continually questioning assumptions about how things has changed , un-valid old paradigms, and 'relearning' what is now relevant to pursue in acquiring your wealth. This book is filled with excellent ideas and concepts of daily struggle to understand money science. There is a lot here in this book that can help an individual move toward financial freedom through understanding money and the mindset required to become wealthy, of which means you need to know what it is that separates the wealthy from the Not-so wealthy. What you need to know and identify with is what principles and what behavior the rich have , and that you need to relearn . Some of which , You have not taken action to Unlearn yet ,to stay Current and Get Ahead "Happiness that Money brings cannot last" , With Money ,People cannot necessarily materialize everything , However without money many things cannot be done Accumulation of wealth with the pleasure to have comfort , luxuries , reputable status , financial influence, freedom and popularity are what money usually can help to achieve , its provides a centralized role in our lives , at a general necessity stage level as it helps to clothe and feed us ,to put a nice accommodation for stay and pay the bills. Money may not be everything, they may not even guarantee a happy life, but they are a pretty good basis to learn how to build happiness on ... for now I highly recommend this book to anyone who'd like to ignore the fluff available on the Internet and take action now. Now that being said, this book assumes you know about the basics like Cash Flow, budgeting, etc. It doesn't talk about investment mediums like stock market, bond, etc. And the best part is that unlike many books, this book tells you not to lead a frugal life

"Too Much Money Is Not Enough" is about special influence in politics in Texas. It has two parts: commentary and interviews of former Texas legislators. The commentary describes the state's poorly regulated and rarely enforced campaign finance system and the concentration of power in the hands of a few wealthy contributors. The interviews present a colorful and candid inside look of the influence of contributions on the state's legislature.

Make money with free stuff! Retail businesses from around the world are waiting for people like YOU to provide high quality, in depth-reviews of their products. These businesses are willing to reach out to YOU immediately in order to get your business and provide feedback that will benefit other customers. Earn a substantial income from home Making money from home has never been easier than it is today. With Internet based businesses on the rise, anyone can step in and start making an income with as little as just having a home computer and a decent Internet connection. Some sources have cited statistics that 1.6 million new home business owners bring an average income in between \$100,000 and \$250,000 per year. These sources cite technology as the number one leading cause of such success and those that can tap into these resources can start riding the wave immediately. Putting it all together In this book I'm going to introduce you to a real way of making money from home, one that does not require startup capital or outlandish fees. This method of making money can be worked from anywhere on the globe and only requires a short amount of time each day. If you're willing to put forth the effort to think, can write a few sentences, and have a computer connected to the Internet, then you have an instant business with a great deal of potential. Start Today By Purchasing this Book! In this book, you'll learn how to start writing real product reviews for money, how to get tons of free stuff, how to find new clients to write for, how to double your income, and much more.

*Have you ever dreamed of becoming a millionaire by the age of 30? Then it's time you stop listening to the inexperienced and biased talking heads, latest sales gimmicks, and advice from the good old days. It's time you pick up what's simply been called "The White Book"! Young professionals are now facing both economic opportunities and obstacles unlike anything witnessed before. Millennial Millionaire pulls back the curtain on the financial industry to give you an insider's look at how to make money work for you. In this no holds barred narrative, Bryan Kuderna reveals the secrets to financial independence in a concise and easy to understand manner. You will learn how to take advantage of this quickly changing economy, leverage higher education (or lack thereof), build a financial plan, save for retirement, become a master networker, fast-track your career, and become a millionaire by your 30th birthday!*

*Finally, a book about money that you can read and use, that won't overwhelm you. ENOUGH MONEY will help you build your income, invest wisely, use advisors well, and see the big picture. The rules about money fit on one page. Read how they work for you.*

*WHY MONEY CAN BUY YOU HAPPINESS Wealth is about more than just money. But how can we come to grips with our finances at a time when no one seems to have enough? The authors of this book believe that the answer lies beyond the balance sheet, in the mind, heart and spirit of the individual investor. How Much Is Enough? provides a framework that will allow you to discover the optimal relationship between your time, money and happiness in order to achieve both financial security and personal well-being – how much is enough for you. Through a holistic approach to wealth management, based on the premise that money is only one element in the overall chemistry of a happy life, you will learn how to: overcome the challenges that the brain's hard-wiring and the environment place on your health and well-being; plan and invest to achieve personal goals and aspirations; become happier and avoid wealth-destroying behaviour to improve your investment returns; and help your kids achieve financial security and assume financial responsibility. Combining the latest economic theory and behavioural research with compelling stories of those who have found peace beyond their bank accounts, including Warren Buffett, Archbishop Emeritus Desmond Tutu, Raymond Ackerman, Bill Gates and Patrice Motsepe, How Much Is Enough? is the perfect antidote to our acquisitive, materialistic times and a must-read for anyone who wants both financial wealth and personal well-being. Find happiness, and wealth will follow ...*

*A provocative and timely call for a moral approach to economics, drawing on philosophers, political theorists, writers, and economists from Aristotle to Marx to Keynes. What constitutes the good life? What is the true value of money? Why do we work such long hours merely to acquire greater wealth? These are some of the questions that many asked themselves when the financial system crashed in 2008. This book tackles such questions head-on. The authors begin with the great economist John Maynard Keynes. In 1930 Keynes predicted that, within a century, per capita income would steadily rise, people's basic needs would be met, and no one would have to work more than fifteen hours a week. Clearly, he was wrong: though income has increased as he envisioned, our wants have seemingly gone unsatisfied, and we continue to work long hours. The Skidelskys explain why Keynes was mistaken. Then, arguing from the premise that economics is a moral science, they trace the concept of the good life from Aristotle to the present and show how our lives over the last half century have strayed from that ideal. Finally, they issue a call to think anew about what really matters in our lives and how to attain it. How Much Is Enough? is that rarity, a work of deep intelligence and ethical commitment accessible to all readers. It will be lauded, debated, cited, and criticized. It will not be ignored.*

*Some people spend more time planning their next vacation than they spend planning a comfortable financial life. You can do better with BOTTOM LINE FINANCIAL PLANNING! Learn key concepts from experienced professionals--from efficient investing to tax and debt management, from retirement -wish-list- planning to guarding your loved ones from financial hazards, from estate planning essentials to building the legacy you leave for your heirs. On your terms, and your timeline. Know what you can DIY...and how to assemble your expert team to handle the rest. Scan each chapter's introductory bullet list of -bottom line- planning necessities to see what you're already doing right--and what you may be missing. Concise, clear explanations follow, with helpful tips and stories from seasoned financial professionals focused on helping clients manage risk and fund their good life. In 1930 the great economist Keynes predicted that, over the next century, income would rise steadily, people's basic needs would be met and no one would have to work more than fifteen hours a week. Why was he wrong?Robert and Edward Skidelsky argue that wealth is not - or should not be - an end in itself, but a means to 'the good life'. Tracing the concept from Aristotle to the present, they show how far modern life has strayed from that ideal. They reject the idea that there is any single measure of human progress, whether GDP or 'happiness', and instead describe the seven elements which, they argue, make up the good life, and the policies that could realize them.ROBERT SKIDELSKY is Emeritus Professor of Political Economy at the University of Warwick. His biography of Keynes received numerous prizes, including the Lionel Gelber Prize and the Council on Foreign Relations Prize for International Relations. He was made a life peer in 1991, and a Fellow of the British Academy in 1994.EDWARD SKIDELSKY is a lecturer in the Philosophy Department of the University of Exeter. He contributes regularly to the New Statesman, Spectator and Prospect. His previous books include The Conditions of Goodness and Ernst Cassirer: The Last Philosopher of Culture.*

*Weekly Index Options became available on the Chicago Board of Options Exchange in 2003. I have watched this type of Options Trading evolve as more investors used weekly trading. The trading software I have developed adapted to the weeklies evolution. The software became simpler: It uses SPX for the weekly options My principle strategy for trading Weekly Index Options uses 2 sigma Condors: Short Calls 2 standard deviations above the market and the Long Calls the next strike price higher; Short Puts 2 standard deviations below the market and the Long Puts the next strike price lower. This is called 2 Sig Iron Condors. I have developed a tactic to make weekly profits in spite of the huge daily Up and Down movements in the SPX. SelfAdapSPXweeklyVLTy is the name of my software which I use to generate monthly income. The software described in this book uses only SPX for the options because I discovered that when I used other underlying stocks or indices such as Google and SPY, SPX usually finished best. This book describes how to use the TradeMonster real-time SPX quotes for computing the 2 sig Condors used in my Software: SelfAdapSPXweeklyVLTy. Trade Monster's affiliate OptionsHouse can be used for Weekly Options trading if you have a minimum of \$2,000 in the account. I use 1/4 of the capital = \$500 for Margin to generate about \$100 for the week or \$400 for the Month. In other words you get 90% return per month on \$500 margin. Remember the weekly in-out trades should be no more than 2 per week to avoid being designated a day trader by your broker which requires a minimum of \$25,000 in your account.*

### Create a Financial Breakthrough Without Losing Your Heart

### True Measures of Money, Business, and Life

"The author chooses to address these wealth-creating principles primarily to Millennials, born after 1982, because they represent the greatest potential for transformation of society and our world for good. They cannot do this unless they are financially free to do so, live the life they were born to live, and make the unique contribution to the world that only they can make"--Back cover.

Do you know if you have enough? Do you know how much is enough? If you can't answer these questions, The New Master Your Money Workbook is for you. Ron Blue extracts principles from God's Word and applies them to your financial portfolio. Ron's professional experience in financial planning will be an asset to you and to your family for generations to come. This new edition includes important updates and new content you won't want to miss. Written in a 10-week program in workbook format.

You Don't Need to Make Millions to Get Rich. Believe Me. This comprehensive 8-step guide provides the blueprint to achieve financial freedom at a young age, regardless of income. No B.S., just answers. In Get Rich Action Plan, you will learn the lifelong habits to become financially independent sooner than you thought possible. Do we really need another personal finance book? YES. The outdated status quo advice of "Save 10% for 40+ years" simply doesn't work. It's time to rethink the conventional wisdom that only serves to continue the vicious cycle of wage slavery and the "live to work" mentality. In an age of globalization and abundance, I'm here to tell you there is another way! It is time to change how we think about personal finance, budgeting, and investing. The 8 steps in this book each work in unison to create a rapid snowball effect that will make your money work for you immediately, so you can afford time off of work or even retire in your 30's. From saving money to investing to growing your income, all of the specifics are covered in this action plan. Get Started on the Right Foot and Change How You Think About Finances I have never made much money by Western standards. In fact, I have never made more than a middle class income. But by employing these strategies, I was able to increase my net worth dramatically at a very young age. It took only 6 years of full-time employment to build an "FU money" fund of hundreds of thousands of dollars, providing me the freedom to travel and take time off of work to pursue other interests. I was able to do this by quickly taking action and ignoring conventional advice. After years of trial and error, I have developed a strategy and philosophy that simply works. And I want to share with you everything I have done to build this large nest egg. I have nothing to hide. The truth is that the path to wealth is not complicated, and you do not need to make millions to get there. More and more of us are realizing that financial freedom is possible in 10 years or less. But the media will never tell you this. Your politicians will never tell you this. They want you to live to work instead of work to live. Now is the time to flip the script and live free! The Time To Take Action Was Yesterday. The Next Best Time is Now. Whether you are in your 20's and looking for sound advice to get started, or you're later in your career and haven't really thought about financial freedom, it's not too late to start! Once you put these systems in place, financial independence will no longer be a lifelong battle. Ditch the 40-year plan and live the life you want to live. Get started today! BONUS MATERIAL INCLUDED I'm also excited to share FREE bonus material that highlights "27 Ways I Slashed My Budget By \$1818 Per Month." A link to the free PDF is included in the book! Adhering to the strategies in this book and in the free bonus guide will grow your net worth by thousands in the first year and hundreds of thousands over your lifetime! What are you waiting for? Click the "Buy Now" button above and get started today!

Become a money management superstar and learn how to manage money wisely, design a budget, handle expenses, settle debts successfully, manage debts and make smart investments. As most of us know, one of the most difficult things is to control money. Money is one of the most important things that can be used to serve our goals, but it also is one of the things we tend to overspend, misuse and lose money on. In our short-sightedness, we often mistake significant pursuit for the important things that we should be focusing on. Such as the pursuit of money instead of the things that really drive us. Money is not a short-term goal, and it is not interchangeable with success. If what you want is a lot of money, you might have success and happiness for a while. But there is no guarantee that you will be either successful or happy forever. I know, I know, it is difficult not to admire the big paychecks, large investments, the luxury, the parties or the lifestyle that money provides. People, who are driven by consuming money, tend to be unhappy. When the money is not enough, they need more. When they have enough money, they need more again. You know what I'm talking about. People who are driven to use their money for success and financial freedom are an exception. That is because when you make your own success, you are ultimately in a position of strength and freedom that cannot be taken away from you. So ask yourself how you want to use your money? If you want your money to serve you, then find a way to make enough money to meet your needs and fund your dreams. You will never have enough money if you want to use it to fulfill all of your desires. But if your goal is to have money to use to do what you want in life and get the things you want, you probably will never get to your financial goals. If your goal is to have the money to fund your freedom to do what you want in life, then you will soon be able to do what you want without worrying about money. How do you make enough money to have the freedom you want in your life and to have the money to do what you want in life? First, you need an end goal in life. Your goal does not have to be the best or the richest or the biggest. It just has to have enough certainty that you can focus on it and be able to tell the future how much money it takes to reach your goal. You want to work towards your goals and have the money to build the value you want. Is it worth it to pay what it takes to get what you want? If you have a goal, you do not have to answer that question. Developing a goal and working towards it, you will see your goals increase in value and your motivation will increase as you move towards your goal. What are you waiting for? Design your life and make your dreams a reality.

**Bring your financial planning to life by bringing life to your financial planning. Life-Centered Financial Planning: How to Deliver Value That Will Never Be Undervalued shows financial planners and advisors how to radically improve the service they provide to their clients by tying their decisions and strategies to their clients' life events, stages, and goals. Written by distinguished financial professionals Mitch Anthony and Paul Armson, Life-Centered Financial Planning provides readers with practical advice and concrete strategies to revolutionize their organization and client service by:**

- **Focusing on what matters most to clients, rather than maximizing assets under management or pushing products**
- **Understanding that a strong financial plan means more than simply accumulating as much money as possible**
- **Building a business model that is good for everyone involved: the financial advisor, clients, and the organization**
- **Moving from being a commodity to being your client's trusted advisor**

**The book is perfect for any financial planner or advisor who wishes to adapt to the radical redefinition of financial services taking place today.**

**A near-death boating accident forced 31-year-old James Nowlin to take a long hard look in the mirror. As a result of what he calls his "awakening," this already self-made millionaire and respected CEO reshaped his perspective and reprioritized his life. In The Purposeful Millionaire, James shares the four-part formula he used to transform his life into one of abundance and purposefulness. He believes that if he can survive the literal waters from which he was pulled, you too can survive--and thrive--in life's roughest waters. In this book, you'll learn how to:**

- **Shift thoughts of self-doubt and fear into ones of certainty**
- **Attract abundant personal and business relationships**
- **Use discipline and routine as the foundation of success**
- **Adopt an attitude of humility, kindness, and gratitude**
- **Arm yourself with the self-made-millionaire mindset**

**The Purposeful Millionaire will take you on a journey of self-mastery, guiding you to unlock your greater purpose; to achieve your highest success; and to live an epic, powerful, and abundant life. Your life is in your control!**

**Doing well with money isn't necessarily about what you know. It's about how you behave. And behavior is hard to teach, even to really smart people. Money--investing, personal finance, and business decisions--is typically taught as a math-based field, where data and formulas tell us exactly what to do. But in the real world people don't make financial decisions on a spreadsheet. They make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together. In The Psychology of Money, award-winning author Morgan Housel shares 19 short stories exploring the strange ways people think about money and teaches you how to make better sense of one of life's most important topics.**

**If you are looking for a POLITICALLY CORRECT retirement book, you better keep looking ... because this book is not for you! If on the other hand, you want the real deal, a POLITICALLY INCORRECT and a NO BS approach to your retirement funding ... then you found the right book! If you believe taxes will be going up and you're worried about your safety net of Social Security and Medicare becoming just a distant memory ... you must read this book now! IN THIS BOOK YOU WILL LEARN: The dirty little secret about IRA's, 401(k)'s and other So Called savings plans. How to beat Wall Street and NEVER outlive your retirement money. How to become your own banker ... and virtually eliminate interest you pay to your bank and Credit Card Company. A unique retirement strategy that gives you: o The potential to achieve a large annual cash accumulations, while both your principal AND your gains are never at risk. o Penalty-free, tax-free access to your money. o Tax-free long term care type benefits. o Tax-free death benefit. Remember, it's your money, you only get one chance to get it right ... there are no do over's or second chances!**

You're thinking about your financial future and wondering how much you'll need to save to retire comfortably. But the real question you should be asking yourself is, "What is my income going to be and where is it going to come from after I retire?" The ballgame isn't over when you decide to stop working. You need to keep playing. Sam Marrella, a wealth manager with more than three decades of experience, can help you devise a powerful offensive strategy for your retirement years that focuses on creating a continuous stream of income. His financial game plan helps you achieve a "triple-double" and overcome the three great risks of retirement: -Bad timing-retiring before you're ready or right before a downturn in the markets -Inflation-having your money lose purchasing power over time -Longevity-living longer than you expected or longer than you can afford Chances are your pension, Social Security, and 401(k)s as they stand may not be enough for the long game. You need your nest egg to work harder in the last quarter so you can maintain your desired lifestyle. It's time to put Your Retirement Game Plan into action to help provide a lifetime of inflation-adjusted income...and win!

I have had a good life and now I am semi-retired. My first public job was at age 13. I have owned several businesses and I have experience in many things. I have written this book to share the knowledge that I have gained over the years. You will learn what it takes to own your own business. You will learn many things that are not taught in school. I want to share this knowledge to help you reach the level of income and the lifestyle you choose, without making a lot of the mistakes I made. READ - ENJOY -and make your DREAMS come true.

Is the Money Running Out Faster Than it Comes In? Somehow the old saying, "Work hard and the money will follow" has not yet panned out for you. You work hard, and exhaust yourself, but the money runs out as fast (or faster) than it comes in. Suddenly, you discover that half of your working life has nothing to show for except debt and the recognition of a "hard worker." Each month you are terrified, angry, and maybe even ashamed to look at your bank balance. You wonder, "Where does all the money go?" Or, maybe you're in the other camp: you earn enough, but barely enough, and each month you spend a little more than you have. You know it's unsustainable, but you cannot figure out the things you need to do to have the financial breakthrough that you deserve. From a distance, it looks as if the problem is not having enough money. The age old thinking says the more money you have the less problems you'll have as well. So it makes sense to just make more money. You can try and get rich, but it won't solve your problems; they will actually get worse. Why? Because money is a magnifier for the type of person you are. What good is money going to do for you when the same feelings of terror, insecurity, and scarcity were present before you had enough money? The real problem: How do you cure the insecurity and struggle of having enough money and earn plenty of it, too? You know there has to be another way: to feel safe, secure, and have plenty of money without the hard work and stress. You're not asking for much, only to meet your needs and have enough money left over to do what you like and like what you do. It is possible to have a nourishing relationship with Money that reflects abundance, safety, and ease. This may not look like a million dollar investment portfolio, but you'll be able to talk about money with confidence, have expenses that feel good and true to the heart, earn an income doing what you enjoy, and lighten the weight of debt or completely erase it. Introducing a Unique Book That Deals with Creating a Healthy and Sustainable Relationship with Money: Opening the Flow of Money The purpose of Opening the Flow of Money is for you to embody Truth, Love, and Power so you can have a consistent healthy relationship with money. This relationship manifests uniquely for each person, but the main outcome is the same: Abundance, relief, and sacredness with money. With this type of relationship, the income potential is unlimited and your expenses are aligned with your heart and values. There's no fluff-n-stuff of ask, believe, and receive. This book is down to earth, practical, and nourishing for the heart and soul. When you read this book, expect to receive these outcomes: The truth to money so earning it is simple and enjoyable Abundance and ease that gives you relief in your finances Confidence to live your fullest because you understand the matching vibe for financial success Get unstuck in your current money situation and heal its surrounding issues Play money like a game so life becomes fun and adventurous with new challenges and successes Form empowering beliefs for a healthy and whole attitude to move you forward in creating your ideal financial reality. By the end of the book, you will feel renewed, re-energized, and inspired to take control of your money situation and make the changes needed to have abundance. You will have the key to Opening the Flow of Money.

**"I recommend this book highly as one of the 10 most important 'must read' books published this year," Robert Plotkin, Founding President, World Trade Center San Diego. "Three Steps to Wealth & Financial Security – All That Glitters Isn't Gold" is a back to basics, easy to use guide to reassert financial control and secure your financial future. The book draws on real world examples that husband-and-wife authors attorney Gary Lurno, Esq. and Victoria Kuick, MBA, have encountered in counseling over two thousand homeowners in financial distress since 2007. As a result, the book will be an easy read for people who find financial matters confusing or even frightening. The authors' straightforward guidance and recommendations will help many take charge of their financial futures. Comments by Readers: I read your book last night. I'm incredibly impressed! It's a huge undertaking to present an enormous wealth of REALLY important and helpful information in a streamlined way...but you guys did it! And, I think your readers will really appreciate the genuine tone and straightforward approach—life changing stuff. Great job! I see this book distributed in high schools, colleges (law schools particularly—some lawyers are not great when it comes to financial matters), vocational schools, and the like. I hope you're aiming to reach the masses with this one—the subject matter is so salient right now, and this information is really resonating with people.Jennifer Manganello, Esq., University of California, Hastings College of the Law I just finished reading your book. Outstanding! I love the unique way it was written in PowerPoint format—original, straightforward, and easy to follow. The information the book contains, and how it is explained, makes it stand out. You do not allow the reader to blame others or make excuses about their financial situation. You tell them to look in the mirror, take responsibility, and you show them that money problems are not hopeless but fixable. The stock and real estate**

investing sections are informative and easy to understand. You take the complexity out of stock market investing. You show real estate investors the pitfalls to avoid. Readers will especially benefit from how you compare and contrast real estate investing with the stock market and other investments — bonds, precious metals and cash. It's evident the book was written from firsthand experience, making it truly authentic. I am impressed both by your credentials and your experience counseling over 2,000 homeowners in financial distress since 2007. This book cuts to the core of what people need to know and do to put their financial house in order. I highly recommend your book! Read it and you will substantially increase your financial I.Q. Dory Laramore, Certified Registered Tax Preparer, and author of Get Your Finances Right: The Foundation for Success "Three Steps to Wealth & Financial Security" is well written, concise and provides a wealth of financial advice for every American. The authors ask and answer a number of profound questions. What are the lessons of the housing crisis? Why are savings rates in the United States so low? Why do so many retire on Social Security only? Why do so many mismanage their financial affairs? How do we put our financial house in order? What do we need to know and do to be financially secure? Understand the mistakes that so many made and continue to make. Fine tune your financial plan and money management skills. Recommendation: Read the book!

Money management, financial planning, and wealth building are mandatory subjects not electives. Andrew J. Sussman, Esq., Partner, RSR Law Group, San Diego, California

How much money do you really need for the rest of your life? Research shows that the majority of people have no idea where they are heading financially, or if they going to run out of money? Or die with too much? What we all need to know is: "How much is ENOUGH?" This book helps you discover how much is enough - for YOU."
