Poetry. Winner of the 2015 CSU Poetry Center Open Book Competition, Selected by Lesle Lewis, Shane McCrae, & Wendy Xu. "THE BEES MAKE MONEY IN THE LION is a journey across a dizzying landscape of immigrants and androids, of alien romance and elegies. Here we encounter a language that is both familiar and estranging: phones burble, voices tune by 'auto-fable,' and we are kicked 'in the essay.' Lo Kwa Mei-en is a formalist trickster: her aubades, sonnets, and pastorals are like none you've ever read before, stuttering with rapid-fire rhymes and repetitions, pulling you through unexpected swerves. Reading this remarkable collection is like 'downloading a copy of a consciousness FAQ,' finding within it a fractured yet powerful voice. 'Volts fail' and forms falter, but Lo Kwa Mei-en's poems declare: 'here we are, unhurt nowhere, / editing violence until we dawn.'"—Timothy Yu "If rapture is a dizzy ecstasy brought on by a love no deeper than a hot mouth, then call me taken in and taken over. Lo Kwa Mei-en's THE BEES MAKE MONEY IN THE LION is bawdiness and bombast, a babel of tongues locked and loaded, vowel-drunken and pledging allegiance to the bones of a lion. These downloaded colonists and conquerors masquerading as citizens romance the future, drag you to the edge by your treacherous light. I want to lick these poems from z to a, wear this sonnet crown like a riddled king of this alien kingdom and its honeyed kingdom come."—Traci Brimhall "Lo Kwa Mei-en's second collection rings with 'bravado's vibrato.' Her honeyed roar, itself golden and generously gilding, acknowledges an echo's willingness to submit, and cries 'Lo!' instead: clever reverberation in her 'self- landscape' as she recites 'a fable with no phobia.' Here, the alien non-citizen disassembles the colony by naming its simulacrum of fear in varying degrees of intimacy: the tourist, the migrant, the stranger, the immigrant. This is 'the futurist's job.' In THE BEES MAKE MONEY IN THE LION, the hive serves as metaphor for a postmodern diaspora—to be at the mercy of a swarm, compliant within the biblical irresistible, an actor in a dystopian myth disguised as reality. Lo Kwa Mei-en's speaker pledges not to nation but to story. Her exquisite execution of form works to mythify this speaker, rendering her super capable."—Ladan Osman

When fire falls from the heavens... will the whole world burn? Dr. Morgan Sierra, an Oxford University psychologist with a deadly past, doesn ' t know the answer to that question — and doesn ' t care. All she knows is that her sister and niece have been abducted, held hostage for the stone pendants that Morgan and her sister wear: two of twelve relics once owned by the original Apostles. Forged in fire and wind, drowned in the blood of martyrs, the twelve Pentecost stones have been kept secret for two thousand years. But now the Keepers of the stones are being murdered, and the relics stolen by Thanatos, a shadowy group dedicated to remaking the world into a living Hell. The authorities are clueless; the world lies helpless. And Thanatos grows more powerful with each stone they take. Enter Jake Timber — agent of ARKANE, the British agency tasked with investigating the supernatural. Jake knows some of the secrets Morgan needs to save her family, but can ' t stop Thanatos without her help. Only together can they stop Thanatos before the stones are captured, before Morgan ' s family is murdered, and before the world is changed forever. From flooded ruins in Italy, to religious sites in Israel, to the far reaches of Iran and Tunisia, Morgan and Jake must race across the world to find the stones before Thanatos gathers the relics and uses their power to turn Earth into a living Hell. But every step they take brings Morgan and Jake closer to the end. To the knife edge between salvation and madness. To the moment when Morgan will have to decide whether she will save her family... or save the world. Time is running out. Thanatos draws near. And the day of Pentecost is at hand. Felix Dennis is an expert at proving people wrong. Starting as a college dropout with no family money, he created a publishing empire, founded Maxim magazine, made himself one of the richest people in the UK, and had a blast in the process. How to Get Rich is different from any other book on the subject because Dennis isn't selling snake oil, investment tips, or motivational claptrap. He merely wants to help people embrace entrepreneurship, and to share lessons he learned the hard way. He reveals, for example, why a regular paycheck is like crack cocaine; why great ideas are vastly overrated; and why "ownership isn't the important thing, it's the only thing."

*"It's hard to talk clearly about investing and make sense to ordinary readers at the same time. Katsenelson gives a lucid explanation of today's markets with sound advice about how to make money while avoiding the traps that the market sets for exuberant bulls and frightened bears alike." — Thomas G. Donlan, Barron's "A thoroughly enjoyable read. Provides a clear framework for equity investing in today's 'sideways' and volatile markets useful to everyone. Clear thinking and clear writing are not often paired - well done!" — Dick Weil, CEO, Janus Capital Group "The bible for how to invest in the most tumultuous financial market environment since the Great Depression. A true guidebook for how to build wealth prudently." — David Rosenberg, Chief Economist & Strategist, Gluskin Sheff + Associates Inc. "A wonderful, grounded read for new and seasoned investors alike. Katsenelson explains in plain English why volatility and sideways markets are a stock picker's best friend." — The Motley Fool, www.Fool.com Praise for Active Value Investing "This book reads like a conversation with Vitality: deep, insightful, inquisitive, and civilized." — Nassim Nicholas Taleb, author of The Black Swan "Thoroughly enjoyable . . for the thoughtful and often entertaining way in which it is delivered. . . Katsenelson takes his reader step by step into the mind of the value investor by relating, in a fictional addendum to Fiddler on the Roof, the story of Tevyve's purchase of Golde, the cow. He also describes his own big-time gambling evening (he was willing to lose a maximum of \$40) and that of a half-drunken, rowdy fellow blackjack player to stress the importance of process. He then moves on to the fundamental principles of active value investing. What differentiates this book from so many others on value investing is that it describes, sometimes through the use of case studies, the thinking of a value investor. Not just his models or his metrics but his assessments. Katsenelson is an empiricist who weighs facts, looks for contraindications, and makes decisions. He makes value investing come alive. This may be a little book, but it's packed with insights for both novices and experienced investors. And it is a delight to read." —Seeking Alpha*
