## I Misteri D'Italia

*The 1978 kidnapping and murder of Christian Democrat politician, Aldo Moro, marked the watershed of Italy's experience of political violence in the period known as the 'years of lead' (1969–c.1983). This uniquely interdisciplinary volume explores the evolving legacy of Moro's death in the Italian cultural imaginary, from the late 1970s to the present. Bringing a wide range of critical perspectives to bear, interventions by experts in the fields of political science, social anthropology, philosophy, and cultural critique elicit new understandings of the events of 1978 and explain their significance and relevance to present-day Italian culture and society.*

*Il mondo fantastico e magico, inquietante e surreale di Buzzati poteva forse trovare occasione più felice, per confrontarsi con la realtà quotidiana, che un'inchiesta giornalistica sui fenomeni di parapsicologia? E infatti Buzzati la colse con contagioso entusiasmo nell'estate del '65, quando scrisse per il "Corriere della Sera" una Serie di "pezzi" dal titolo "In cerca dell'Italia misteriosa". Ne uscì un servizio dal fascino straordinario, che riusciva a rendere allucinatorio il reale e realistico l'incredibile: dal ferroviere medium che organizza a Verona una seduta e poi scopre che è morto tre mesi prima, alla strega abruzzese che conficca 400 aghi nel corpo di un bambino. Mai lo humour nero del Buzzati narratore aveva trovato modo di colarsi così spontaneamente nella immediatezza del Buzzati giornalista. Così questa raccolta, mentre ci propone il puzzle imprevedibile di un'Italia sconosciuta, fa emergere l'immagine, affabile ed elusiva, ironica e indecifrabile, di un grande scrittore del nostro Novecento.*

Saggio Di Lingua Etrusca E Di Altre Antiche D'Italia

Murder Made in Italy

Mafia Movies

Le stragi di Portella della Ginestra, Piazza Fontana, Brescia, Ustica, Bologna o i tentati golpe De Lorenzo e Borghese, i casi Mattei, Moro, Ambrosoli e l'omicidio di Pier Paolo Pasolini o il G8 di Genova: sono alcune tra le principali (strane storie) che costellano la vicenda repubblicana italiana, nodi apparentemente inestricabili di un passato/presente che il volume intende ripercorrere proiettandone la visione e l'interpretazione nella cornice del grande schermo cinematografico. Il testo adotta uno sguardo ad ampio raggio capace di rendere conto del cinema d'autore e documentario così come di quello di genere, ma anche di molta produzione televisiva, delineando una mappa completa e dettagliata dei titoli che, nel corso degli ultimi quarant'anni, hanno fronteggiato le questioni più scottanti di un'epoca ancora densa di ombre. I contributi raccolti analizzano in tale prospettiva alcuni capolavori della storia del cinema italiano ma anche film del tutto sconosciuti, evidenziando le modalità in cui, negli uni e negli altri, l'immaginario dei cosiddetti (misteri italiani) ha trovato spazio di trattazione. L'intento è quello di proporre una nuova lettura di uno spaccato di cinema e di storia italiani che possa altresì gettare una pur minima luce sulle zone più buie della nostra (notte della repubblica).

Stars and Masculinities in Contemporary Italian Cinema

Assassinations and Murder in Modern Italy

Homicide, Media, and Contemporary Italian Culture

*Stars and Masculinities in Contemporary Italian Cinema is the first book to explore contemporary male stars and cinematic constructions of masculinity in Italy. Uniting star analysis with a detailed consideration of the masculinities that are dominating current Italian cinema, the study addresses the supposed crisis of masculinity.*

*Un libro-indagine sui più inquietanti misteri della nostra storia recente: dal caso Sindona a Calvi o Mattei, da Mauro De Mauro alla Banda della Uno Bianca, dal caso Castellari alla strage di Gioia Tauro, Carlo Lucarelli ripercorre come in un romanzo noir eventi che hanno tenuto l'Italia con il fiato sospeso. Assieme al testo, stesura arricchita rispetto alla sceneggiatura originale della trasmissione "Blu notte - Misteri italiani", sono integrati nella narrazione documenti e interviste.*

*A study of three high-profile Italian murder cases, how they were covered by the media, and what it all says about Italian culture. Looking at media coverage of three very prominent murder cases, Murder Made in Italy explores the cultural issues raised by the murders and how they reflect developments in Italian civil society over the past twenty years. Providing detailed descriptions of each murder, investigation, and court case, Ellen Nerenberg addresses the perception of lawlessness in Italy, the country's geography of crime, and the generalized fear for public safety among the Italian population. Nerenberg examines the fictional and nonfictional representations of these crimes through the lenses of moral panic, media spectacle, true crime writing, and the abject body. The worldwide publicity given the recent case of Amanda Knox, the American student tried for murder in a Perugia court, once more drew attention to crime and punishment in Italy and is the subject of the epilogue. "A fantastic array of literary, cinematic, and oral narratives."—Stefania Lucamante, Catholic University of America "Original, engaging, and thought-provoking . . . quite unlike any other existing book in Italian cultural and media studies."—Ruth Glynn, University of Bristol*

*"In Networking Operatic Italy, Francesca Vella explores how networks of opera production and critical discourse shaped Italian cultural identity during the years before and after the country's unification in 1861. Vella sheds light on the vibrancy and complexity of nineteenth-century Italian operatic culture, its engagement with early technologies, and the inherent mobility of operatic productions as they physically traveled across the peninsula. Through a series of case studies, Vella explores musical criticism in the Italian press as well as specific operatic works, singers, and theatrical stagings. She also develops new tools for rethinking nineteenth-century operatic Italy by drawing inspiration from mobility studies and media archaeology. The author traces the politics of movement within and between multiple locations by attending to opera's encounters with technologies of communication and transportation, including the new railway, understood as a medium of operatic dissemination as well as a new part of opera's media infrastructure"–*

Italy in Early American Cinema

*In the past two centuries hundreds of apparitions of the Virgin Mary have been reported, drawing crowds to the seers and the sites and constituting events of great religious significance for millions of people worldwide. Here Sandra Zimdars-Swartz provides a detective-like investigation of the experiences and interpretations of six major apparitions, including those at La Salette and Lourdes in France during the mid-nineteenth century; at Fatima Portugal, in 1917; and the more recent ones at San Damiano, Italy; Garabandal, Spain; and Medjugorje, Yugoslavia, where the apparitions continue. Adopting a phenomenological approach to these "encounters with Mary"—one that is neither apologetic nor antagonistic—the author explores the tension between the personal meaning of the events for their subjects and the public appropriation of this meaning by a larger religious community. Along the way she examines the backgrounds of the seers, their willingness or reluctance to talk about the apparitions and their messages, the amount of emotional support they received from family and community as news of the apparitions spread, the reports of miracles at apparition sites, the reactions of local authorities, and the steps taken by the Roman Catholic Church in officially recognizing or rejecting the apparitions as worthy of belief. The author concludes with a survey of religious worldviews based on Marian apparitions, focusing especially on the now-popular transcultural apocalyptic nature of these messages to the modern world. Originally published in 1991. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University since its founding in 1905.*

*An extraordinary series of murders and political assassinations has marked contemporary Italian history, from the killing of the king in 1900 to the assassination of former prime minister Aldo Moro in 1978. This book explores well-known and lesser-known assassinations and murders in their historical, political and cultural contexts.*

Bibliografia d'Italia

giornale dell'Associazione tipografico-libreria italiana

Religion has had been foundational in shaping Italy. Home to the Vatican State, the Italian peninsula is the religious centre for one billion Catholics globally. It is also increasingly home to those of other faiths, especially Islam. Italy's development as a contemporary post-secular and multi-religious society is fraught and fascinating. The recent return of religious discourse from the margins of Western society to a central position is a sign of what German philosopher Jürgen Habermas, has defined as the post-secular condition. Habermas and others have questioned forward march of secularization and the subsequent marginalization of religion. Instead, one of the greatest global fault-lines in the contemporary world – the divide between absolutist extremist Islamic faith and liberal, but Christian-inflected, secular values – has religious identity at its core. The first book-length study to examine religion in contemporary Italian cinema and television fiction, Screening Religions in Italy identifies two key issues: how Italian filmmaking constructs the continuing position of religion in the public sphere and why religion persists on both commercial and art-house filmmaking. It treats films and television series that range from Moretti's Habemus Papam to Sorrentino's The Young Pope.

Giorgio Bertellini traces the origins of American cinema's century-long fascination with Italy and Italian immigrants to the popularity of the pre-photographic aesthetic–the picturesque. Once associated with landscape painting in northern Europe, the picturesque came to symbolize Mediterranean Europe through comforting views of distant landscapes and exotic characters. Taking its cue from a picturesque stage backdrop from The Godfather Part II, Italy in Early American Cinema shows how this aesthetic was transferred from 19th-century American painters

early films that pay close attention to how landscape representations that were related to narrative settings and filmmaking locations conveyed distinct ideas about racial difference and national destiny.

Il cinema e i misteri d'Italia

Misteri d'Italia. Blu Notte

Per Servire Alla Storia De' popoli, Delle Lingue E Delle Belle Arti Dell'ab

La sensibilità romantica ha inventato il tipo del brigante italiano, riconoscibile dal suo costume pieno di arabeschi e da quell'inconfondibile cappello di forma conica, a tesa larga e ornato di nastri, da cui spuntano lunghe trecce corvine. Figura "totale", il brigante si insinua in ogni angolo dell'immaginario sociale europeo. Romanzieri, artisti e viaggiatori, ma anche patrioti e reazionari, hanno a che fare con questo misterioso personaggio e contribuiscono a plasmarne il profilo ambiguo. Magnetico, esotico, affascinante, il brigante incarna la virtù e il vizio, il pittoresco e il mostruoso, il sublime nella rivolta e la peggiore depravazione criminale. Per molti versi, sintetizza una certa idea di Italia. Ricostruendo un vorticoso racconto collettivo questo volume indaga discorsi, saperi e immagini che, nel contesto delle grandi trasformazioni avviate nel tardo Settecento e maturate nell'Ottocento, il «secolo dei ladri», elaborano una riserva di senso destinata a permeare rappresentazioni e interpretazioni successive. Novecentesche, ma anche ultra-contemporanee.

The mafia has always fascinated filmmakers and television producers. Al Capone, Salvatore Giuliano, Lucky Luciano, Ciro Di Marzio, Roberto Saviano, Don Vito and Michael Corleone, and Tony Soprano are some of the historical and fictional figures that contribute to the myth of the Italian and Italian-American mafias perpetuated onscreen. This collection looks at mafia movies and television over time and across cultures, from the early classics to the Godfather trilogy and contemporary Italian films and television series. The only comprehensive collection of its type, Mafia Movies treats over fifty films and TV shows created since 1906, while introducing Italian and Italian-American mafia history and culture. The second edition includes new original essays on essential films and TV shows that have emerged since the publication of the first edition, such as Boardwalk Empire and Mob Wives, as well as a new roundtable section on Italy's "other" mafias in film and television, written as a collaborative essay by more than ten scholars. The edition also introduces a new section called "Double Takes" that elaborates on some of the most popular mafia films and TV shows (e.g. The Godfather and The Sopranos) organized around themes such as adaptation, gender and politics, urban spaces, and performance and stardom.
