Laurie James spent most of her life wondering what it means to belong; loneliness dictated the choices she made. She rarely shared this secret with others, however; it was always hidden behind a carefree and can-do attitude. When she's in her mid-forties, Laurie's mother has a heart attack and her husband's lawyer delivers some shocking news. She suddenly finds herself sandwiched between caring for her parents, managing unruly caregivers, raising four teenage daughters, and trying to understand the choices of the husband she thought she knew. Laurie's story is about one woman's struggle to "do it all" while facing the reality that the "ideal life" and "perfect family" she believed could save her was slowly crumbling beneath her. Laurie tries everything to keep her family together—seeks therapy, practices yoga, rediscovers nature, develops strong female friends, and begins writing—but as she explores the layers of her life and heals her past, she realizes that she's the only one who can create the life she wants and deserves. Sandwiched is a memoir about what it means to let go of the life you planned in order to find the life you belong to.

In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of ‘ Women and Fiction ’ ; she spoke about her conviction that ‘ a woman must have money and a room of her own if she is to write fiction ’ . The following year, the two speeches were published as A Room of One ’ s Own, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance – women and learning, writing and poverty – which helped to establish much of feminist thought on the importance of education and money for women ’ s independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence – a call which sent ripples well into the next century. 'Brilliant interweaving of personal experience, imaginative musing and political clarity' — Kate Mosse, The Guardian 'Probably the most influential piece of non-fictional writing by a woman in this century.' — Hermione Lee, The Financial Times
