efforts. The manual
describes the basic
stages of the CPS
process and the
steps necessary to
accomplish each
stage: intake, initial
assessment or

investigation, family
assessment, case
planning, service
provision, evaluation
of family progress,
and case closure.

Best practices and
critical issues in
casework practice
are underscored
throughout. The
primary audience for
this manual includes

CPS caseworkers,
supervisors, and
administrators.

State and local CPS
agency trainers may
use the manual for
