The New York Times bestselling novel about a young man practicing magic in the real world, now an original series on SYFY “The Magicians is to Harry Potter as a shot of Irish whiskey is to a glass of weak tea. . . . Hogwarts was never like this.” —George R.R. Martin “Sad, hilarious, beautiful, and essential to anyone who cares about modern fantasy.” —Joe Hill “A very knowing and wonderful take on the wizard school genre.” —John Green “The Magicians may just be the most subversive, gripping and enchanting fantasy novel I’ve read this century.” —Cory Doctorow “This gripping novel draws on the conventions of contemporary and classic fantasy novels in order to upend them . . . an unexpectedly moving coming-of-age story.” —The New Yorker “The best urban fantasy in years.” —A.V. Club Quentin Coldwater is brilliant but miserable. A high school math genius, he’s secretly fascinated with a series of children’s fantasy novels set in a magical land called Fillory, and real life is disappointing by comparison. When Quentin is unexpectedly admitted to an elite, secret college of magic, it looks like his wildest dreams have come true. But his newfound powers lead him down a rabbit hole of hedonism and disillusionment, and ultimately to the dark secret behind the story of Fillory. The land of his childhood fantasies turns out to be much darker and more dangerous than he ever could have imagined. . . . The prequel to the New York Times bestselling book The Magician King and the #1 bestseller The Magician’s Land, The Magicians is one of the most daring and inventive works of literary fantasy in years. No one who has escaped into the worlds of Narnia and Harry Potter should miss this breathtaking return to the landscape of the imagination.

A tale packed with adventure, The Book of Life celebrates the power of friendship and family, and the courage to follow your dreams. To determine whether the heart of humankind is pure and good, two godlike beings engage in an otherworldly wager during Mexico’s annual Day of the Dead celebration. They tether two friends, Manolo and Joaquín, into vying for the heart of the beautiful and fiercely independent María, with comical and sometimes dangerous consequences. This volume is an inspirational behind-the-scenes look at the making of the animated feature film The Book of Life, from visionary producer Guillermo del Toro (Pan’s Labyrinth) and director Jorge R. Gutierrez (El Tigre: The Adventures of Manny Rivera).

*"Love is an emotion that will destroy you if you let it. It can ruin your life or create a new one. Jealousy isn't much different." Jennifer Downs treads in dangerous waters. Finnley Felton is unaware. With the help of Lady Luck, they will make it through. Or will they? Texas is nothing compared to Vegas but among the bright lights and busy streets, Jennifer discovers who she is. Her life has changed, and for better or worse, she continues to live like tomorrow will never come. Sabotage. Hatred. Betrayal. Although love is beautiful and kind, it comes with consequences. Jennifer finds herself fighting. Fighting for her rights, for love, for Finnley, and for her life. Hearts may be broken. Lives will change. But the ultimate question remains: can love win all? Pop culture—and the advertising that surrounds it—teaches young girls and boys five myths about sex and sexuality: Girls don't choose boys, boys choose girls—but only sexy girls; there's only one kind of sexy—slender, curvy, white beauty; girls should work to be that type of sexy; the younger a girl is, the sexier she is; and sexual violence can be hot. Together, these five myths make up*

*"A film that will let you see the music and listen to drawings; in a word, a film full of Fantasia!" Bruno Bozzetto's Allegro non Troppo tips its hand right away: it is an unabashed, yet full of admiration, retake on Walt Disney's 1940 'concert feature'. The obvious nod to that model fuels many tongue-in-cheek jokes in the film; however, Allegro non Troppo soon departs from mere parody, and becomes a showcase for the multifaceted aesthetics of Italian animation in 1976, as well as a witty social satire and a powerful rethinking of the music-image relationship in cinema. Marco Bellano reconstructs the history of the production of Allegro non Troppo, on the basis of an original research developed with the contribution of Bozzetto himself; it also presents an audiovisual analysis of the work, as to reassess the international relevance of Bozzetto's achievements by giving insight into the director's"—*

*With the huge global success of Hollywood 'family film' franchises, such as Harry Potter, it is unsurprising that there have been many attempts to emulate this success. In recent years, there has been an explosion in international production of films for both adults and children - resulting in an erosion of the dominance of The Disney Company and the other major Hollywood Studios in family film production. Family Films in Global Cinema is the first serious examination of films for child and family audiences in a global context. Whereas most previous studies of children's films and family films have concerned themselves with Disney, this book encompasses both live-action and animated films from the Hollywood, British, Australian, East German, Russian, Indian, Japanese and Brazilian cinemas. As well as examining international family films previously ignored by scholars, the collection also presents a fresh perspective on familiar movies such as The Railway Children, The Nightmare Before Christmas, Babe, and the Harry Potter series. --Provided by publisher.*

The Magic Behind the Voices: A Who's Who of Cartoon Voice Actors

It's 1992 in Bleak Creek, North Carolina, a sleepy little place with all the trappings of an ordinary Southern town- two Baptist churches, friendly smiles coupled with silent judgments, and a seemingly unquenchable appetite for pork products. Beneath the town's cheerful fa ade, however, Bleak Creek teens live in constant fear of being sent to The Whitewood School, a local reformatory with a record of putting unruly teens back on the straight and narrow-a record so impeccable that almost everyone is willing to ignore the mysterious deaths that have occurred there over the past decade. At first, high school freshmen Rex McClendon and Leif Nelson believe what they've been told-that the students' strange demises were all tragic accidents. But when the shoot for their low-budget horror masterpiece, PolterDog, goes horribly awry-and their best friend, Alicia Boykins, is sent to Whitewood as punishment-Rex and Leif are forced to question everything they know about their unassuming hometown and its cherished school for delinquents. Eager to rescue their friend, Rex and Leif pair up with recent NYU film school grad Janine Blitstein to begin piecing together the unsettling truth of the school and its mysterious founder, Wayne Whitewood. What they find, with Alicia's life hanging in the balance, will leave them battling an evil beyond their wildest teenage imaginations-one that will shake Bleak Creek to its core.

The author of The Africa Cookbook presents a history of the African Diaspora on two continents, tracing the evolution of culturally representative foods ranging from chitlins and ham hocks to fried chicken and vegan soul.
