Le Avventure Di Geo Gatto Di Città

Convinced that all aspects of modern culture have been affected by avant-garde art, Poggioli explores the relationship between the avant-garde and civilization. Historical parallels and modern examples from all the arts are used to show how the avant-garde is both symptom and cause of many major extra-aesthetic trends of our time, and that the contemporary avant-garde is the sole and authentic one.

An award-winning writer travels the eastern front of Europe, where the push/pull between old empires and new possibilities has never been more evident. Paolo Rumiz traces the path that has twice cut Europe in two—first by the Iron Curtain and then by the artificial scaffolding of the EU—moving through vibrant cities and

abandoned villages, some places still gloomy under the ghost of these imposing borders, some that have sought to erase all memory of it and jump with both feet into the West (if only the West would have them). In *The Fault Line*, he is a sublime and lively guide through these unfamiliar landscapes, piecing together an atlas that has been erased by modern states, delighting in the discovery of communities that were once engulfed by geopolitics then all but forgotten, until now. The farther south he goes, the more he feels he is traveling not along some abandoned Eastern frontier, but right in the middle of things: Mitteleuropa wasn't to be found in Viennese cafés but much farther east, beyond even Budapest and Warsaw. As in Ukraine, these remain places in flux, where the political and cultural values of the East and West have stared each other down for centuries. Rumiz gives a human face not just to what the Cold War

left behind but to the ancient ties of empire and ethnicity that are still at the root of modern politics in flash-point areas such as this. "What makes you purr? Of all the questions in the world, this is the most important. . . . Because no matter whether you are a playful kitten or sedentary senior, whether you're a scrawny alley Tom, or sleek-coated uptown girl, whatever your circumstances you just want to be happy. Not the kind of happy that comes and goes like a can of flaked tuna, but an enduring happiness. The deep down happiness that makes you purr from the heart." His Holiness's cat is back—older, a bit wiser, and as curious as ever. In this book, the Dalai Lama sets for his lovable feline companion the task of investigating The Art of Purring. Whether it's the humorous insights gained from a visiting Ivy League Psychology Professor, the extraordinary research of a world-famous biologist, or the life-

changing revelations of a mystical yogi, His Holiness's Cat encounters a wealth of wisdom about happiness. And what she discovers changes the way she sees herself forever. With a much loved—and growing—cast of characters from the local community and His Holiness's residence, as well as encounters with intriguing strangers and celebrities from far and wide, *The Dalai Lama's Cat and the Art of Purring* will transport readers in another unforgettable story. Along the way they will come to understand how elements of contemporary science and Buddhism converge. And, once again, they will feel the warmth of compassion and nonattachment that radiate from the heart of the Dalai Lama's teachings about our quest for enduring happiness.
