

Legacy (First Colony Book 3)

Five years after attacking the human-colonized worlds of the Spiral Arm, the hydrogues maintain absolute control over stardrive fuel...and their embargo is strangling human civilization. On Earth, mankind suffers from renewed attacks by the hydrogues and decides to use a cybernetic army to fight them. Yet the Terran leaders don't realize that these military robots have already exterminated their own makers - and may soon turn on humanity. Once the rulers of an expanding empire, humans have become the galaxy's most endangered species. But the sudden appearance of incredible new beings will destroy all balances of power. Now for humans and the myriad alien factions in the universe, the real war is about to begin...and genocide may be the result.

The Texas Equivalent of the Mayflower adventures, the three hundred families who settled Stephen F. Austin, s original colony formed the foundation on which a republic and then a state was built. In this revised and expanded edition of the book first published in 1991, many stories of those early Texians are told by their decendents.

Exploring New Earth should be a thrilling undertaking. Instead, the more the colonists learn about the planet, the more alarmed they become. Alien ruins hint at a species who fought great wars among themselves and disappeared centuries ago. When Connor Gates discovers a hidden bunker, he finds something he never expected. Everything the colonists have learned about New Earth

They had seven years to prepare... Earth is lost. Seven years ago the New Earth colony received one final message from Earth...a warning. First, a global pandemic, then the emergence of a new species. A war for survival ravaged the Sol system. Now they are coming for the colony. Many colonists don't believe it, but Connor does. They must prepare. They must fight. But how can they survive something that killed every person back on Earth? If you loved Old Man's War and Ender's Game, you'll love First Colony - Nemesis, a new military science fiction series.

Legacy

BOOK TWO IN THE CLASSIC HEOROT SERIES FROM GENRE LEGENDS LARRY NIVEN, JERRY POURNELLE, AND STEVEN BARNES. Some twenty years have passed since the passengers and crew of the starship Geographic established a colony on the hostile alien world of Avalon. In that time, a new generation has grown up in the peace and serenity of the island paradise of Camelot, ignorant of the Great Grendel Wars fought between their parents and grandparents and the monstrous inhabitants of Avalon. Now, under the influence of a charismatic leader, a group of young rebels makes for the mainland, intent on establishing their own colony, sure that they can vanquish any foe that should stand in their way. But they will soon discover that Avalon holds darker secrets still. At the publisher's request, this title is sold without DRM (Digital Rights Management). About Beowulf's Children: "Few writers have a finer pedigree than those here. . . . As one might suspect Beowulf's Children is seamless . . . absorbing, substantial . . . masterful novel."—Los Angeles Times "Panoramic SF adventure at its best."—Library Journal About prequel The Legacy of Heorot: "Page-turning action and suspense, good characterization and convincing setting . . . may be the best thing any of those authors has written."—The Denver Post "Outstanding! . . . For years, Connor and others in the colony have unraveled the mysteries of New Earth and the global catastrophes that

nearly destroyed its previous inhabitants. Their work led to the discovery of other worlds beyond the known universe. It became clear that many of those worlds had been attacked by an interdimensional invader that left untold amounts of manipulation, hardship, and annihilation in its wake. It's only a matter of time before the colony becomes the next target. When a trusted ally requests Connor's help to investigate claims of new widespread invasions, he has no choice but to help. Connor believes that the only way to stop the invaders is to find their homeworld, but its location is a closely guarded secret. Many civilizations sought to discover the invader's homeworld and none have succeeded. Time is running out for the colony, and Connor and a team of CDF soldiers may be the only thing that stands in the between and annihilation. Invasion is the eleventh book in the bestselling military science fiction series, First Colony. Read the eleventh book of this epic today!

Lost! After initial contact with an alien entity leaves Kaylan unconscious, she wakes up to discover that she's now in command of the Athena mission stranded in a star system far from Earth. The ship's computer is malfunctioning and former hacker and astronaut trainee, Zack Quick, is the only one who can fix it. If he can't figure out what's wrong, they have no hope of getting back home. In order to survive, the crew of the Athena must explore an alien star system to find the species that summoned them. The Star Divide is the second installment in a action packed science fiction thriller series. If you like space opera adventure stories with clever heroes, impossible situations, and chilling discoveries, then strap yourself in, you're in for a fun nonstop thrill ride. Road to Shandara

SEARCH AND DESTROY The fabled hoard of the mad tyrant Xim was vast -- a king's ransom beyond imagining. It was also, as far as Han Solo and Chewbacca were concerned, strictly legendary. But when a little misunderstanding set the deadliest gunman in the galaxy on Han's trail, a secret expedition to almost any place became highly desirable. Yet within hours of landing on the planet rumored to hold the treasure, Han's beloved spacecraft, the Millennium Falcon, was hijacked, and his party was forced to contend with deadly assassins and an army of killer robots. This was no way for a pair of honest smugglers to make a living...

They're coming. The Findiri, a savage, deadly race created to fight the Swarm, are on the hunt. But they no longer hunt the Swarm. They hunt humans. And not just any human—they seek their creator, Captain Timothy Granger, and mean to destroy him. But we are not alone. More alien races, hiding from the Swarm for millennia, also search for Earth, seeking the legend from their own stories to protect them: a being called Granger. With Earth in the crosshairs, Granger, Admiral Proctor, and the crew of the Independence race against time to solve the mystery of the Findiri before all human and alien worlds fall. But time is running out for all life in the galaxy, and the clock is ticking.

BOOK ONE IN THE CLASSIC HEOROT SERIES FROM GENRE LEGENDS LARRY NIVEN, JERRY POURNELLE, AND STEVEN BARNES The two hundred colonists on board the Geographic have spent a century in cold sleep to arrive here: Avalon, a lush, verdant planet lightyears from Earth. They hope to establish a permanent colony, and Avalon seems the perfect place. And so they set about planting and building. But their very presence has upset the ecology of Avalon. Soon an implacable predator stalks them, picking them off one by one. In order to defeat this alien enemy, they must reevaluate everything they think they know about Avalon, and uncover the planet's dark secrets. At the publisher's request, this title is sold without DRM (Digital Rights Management). A colony divided. The Krake, a mysterious enemy who has brought about the collapse of entire civilizations, is hunting for New Earth. Connor Gates, former elite soldier and now general of the colonial military, must find a way to protect the colony, which seems all but impossible when both humans and aliens alike are ignoring the very threat that should be uniting them all. To forge a future for the colony, Connor must risk everything. Battle weary but vigilant, Colonel Sean Quinn must rebuild the morale of Trident Battle Group while fulfilling his mission, but when he receives an invitation to meet a Krake rebel faction, he must act. Sean seizes a rare opportunity to gather crucial intel about the enemy and possibly gain an ally, but can he trust them or will their betrayal doom them all. Daughter of Dragons

Sanctuary

AN INSTANT NEW YORK TIMES BESTSELLER OPTIONED FOR TELEVISION BY BRUNA PAPANDREA, THE PRODUCER OF HBO'S BIG LITTLE LIES "A tour de force of original thought, imagination and promise ... Kline takes full advantage of fiction — its freedom to create compelling characters who fully illuminate monumental events to make history accessible and forever etched in our minds." — Houston Chronicle The author of the #1 New York Times bestseller Orphan Train returns with an ambitious, emotionally resonant novel about three women whose lives are bound together in nineteenth-century Australia and the hardships they weather together as they fight for redemption and freedom in a new society. Seduced by her employer's son, Evangeline, a naïve

young governess in early nineteenth-century London, is discharged when her pregnancy is discovered and sent to the notorious Newgate Prison. After months in the fetid, overcrowded jail, she learns she is sentenced to "the land beyond the seas," Van Diemen's Land, a penal colony in Australia. Though uncertain of what awaits, Evangeline knows one thing: the child she carries will be born on the months-long voyage to this distant land. During the journey on a repurposed slave ship, the *Medea*, Evangeline strikes up a friendship with Hazel, a girl little older than her former pupils who was sentenced to seven years transport for stealing a silver spoon. Canny where Evangeline is guileless, Hazel—a skilled midwife and herbalist—is soon offering home remedies to both prisoners and sailors in return for a variety of favors. Though Australia has been home to Aboriginal people for more than 50,000 years, the British government in the 1840s considers its fledgling colony uninhabited and unsettled, and views the natives as an unpleasant nuisance. By the time the *Medea* arrives, many of them have been forcibly relocated, their land seized by white colonists. One of these relocated people is Mathinna, the orphaned daughter of the Chief of the Lowreenne tribe, who has been adopted by the new governor of Van Diemen's Land. In this gorgeous novel, Christina Baker Kline brilliantly recreates the beginnings of a new society in a beautiful and challenging land, telling the story of Australia from a fresh perspective, through the experiences of Evangeline, Hazel, and Mathinna. While life in Australia is punishing and often brutally unfair, it is also, for some, an opportunity: for redemption, for a new way of life, for unimagined freedom. Told in exquisite detail and incisive prose, *The Exiles* is a story of grace born from hardship, the unbreakable bonds of female friendships, and the unfettering of legacy.

Science Fiction Colonization Adventure

Hold the line. After narrowly defeating the invading enemy fleet, there is evidence that the attack isn't over. Thousands have died and all that stands between human extinction and the invaders are the remnants of the colonial military. Connor must find a way to rally the colony using every scrap of ingenuity to stop the invaders. But will he succeed when he finds himself pitted against mankind's ultimate enemy? This could be mankind's final hour . . . or its greatest victory.

It's been a century of peace since Earth became a colony of an alien race with far reaches into the galaxy. Some die-hard extremists still oppose alien rule on Earth, but Donovan Reyes isn't one of them. His dad holds the prestigious position of Prime Liaison in the collaborationist

government, and Donovan's high social standing along with his exocel (a remarkable alien technology fused to his body) guarantee him a bright future in the security forces. That is, until a routine patrol goes awry and Donovan's abducted by the human revolutionary group Sapience. When Sapience realizes who Donovan's father is, they think they've found the ultimate bargaining chip. But the Prime Liaison doesn't negotiate with terrorists, not even for his own son. Left in the hands of terrorists who have more uses for him dead than alive, the fate of Earth rests on Donovan's survival. Because if Sapience kills him, it could spark another intergalactic war. And Earth didn't win the last one...

A New Origin Story

Acheron Salvation

The Exiles

Invasion

From Earth, A Hero Will Rise... Aaron is about to graduate from college when his grandfather unexpectedly dies. He finds a mysterious note from his grandfather that tells him he is a descendant from an ancient and powerful family from a place he's never heard of. Aaron is thrust into a struggle that began before he was born and will reach across worlds to pull him into the fight. Tarimus, a demon sentinel from the world of Safanar leads the charge to steal Aaron's power before he has a chance to learn his full potential. The only one who can help Aaron is Colind, the vanquished Lord Guardian of the Safanarion Order who has been imprisoned in a place few would dare to go. In a race that begins on Earth, Aaron's journey to another world will launch him on a thrilling fantasy adventure in search of the fabled land of his ancestors.

Armed with two mystical swords and a family heirloom, Aaron will discover the world of Safanar is built upon the stuff of legends from dragons and castles, to mighty cities with technology that surpasses anything he has ever known. Danger lurks in the shadows as whispers of the return threatens those in power. The Road to Shandara is an epic tale of action adventure, following Aaron's quest as he shifts the balance of power upon Safanar and returns his family's sacred order to its rightful place. This is not your traditional fantasy novel.

This volume gathers an international cast of scholars to examine the unprecedented range of colonial encounters during the First World War. More than four million men of color, and an even greater number of white Europeans and Americans, crisscrossed the globe. Others, in occupied areas, behind the warzone or in neutral countries, were nonetheless swept into the maelstrom. From local encounters in New Zealand, Britain and East Africa to army camps and hospitals in France and Mesopotamia, from cafes and clubs in Salonika and London, to anticolonial networks in

Germany, the USA and the Dutch East Indies, this volume examines the actions and experiences of a varied company of soldiers, medics, writers, photographers, and revolutionaries to reconceptualize this conflict as a turning point in the history of global encounters. How did people interact across uneven intersections of nationality, race, gender, class, religion and language? How did encounters – direct and mediated, forced and unforced – shape issues from cross-racial intimacy and identity formation to anti-colonial networks, civil rights movements and visions of a post-war future? The twelve chapters delve into spaces and processes of encounter to explore how the conjoined realities of war, race and empire were experienced, recorded and instrumentalized.

A new hero emerges to save Dematr from destruction in this sequel to the Pillars of Reality series from the New York Times–bestselling author. For centuries, the Great Guilds conspired to keep Dematr unchanged. The Mechanics Guild kept secret the technology for steam locomotion, rifles, and far-talkers, leaving most people to live in a world of oil lamps, crossbows, and horse cavalry, while the Mages treated all others as if they were nothing—until Master Mechanic Mari, dragon slayer and pirate queen, and Master of Mages Alain raised an army to free their world. Kira of Pacta Servanda, Mari and Alain’s daughter, has known since childhood that she would always live in the shadow of her heroic parents. But then the world of Dematr learned that a new kind of ship had left the far-distant world of Urth. The ship would take just ten years to reach Dematr. But for what purpose? Kira is sixteen when the ship from Urth arrives—and she discovers that her world still needed heroes.

Lightfoot examines the interactions between Native American communities in California & the earliest colonial settlements, those of Russian pioneers & Franciscan missionaries. He compares the history of the different ventures & their legacies that still help define the political status of native people.

Impulse

Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy

of works chronicling the fate of one African community, continued in Arrow of God and No Longer at Ease. A Hero Will Be Reforged . . . An Epic Fantasy Adventure Series Continues In this third installment of the Safanarion Order Series, the Free Nations Army desperately scrambles to prepare for war not only with the High King, but the looming threat of an invasion force determined to enslave them all. Aaron is held captive on the Hythariam home world that's only weeks away from being destroyed. With the barrier between worlds down there is little chance that Aaron will be able to return to Safanar. Meanwhile, High King Amorak readies his vast armies to wage war the likes of which has never been seen before on Safanar. No kingdom is safe, as the High King can strike anywhere anytime and without warning. Rebellion has broken out in Khamearra, and Sarah must abandon her search for a way to reach Aaron in order to help free her people who are dying at the hands of her father, the High King. Sarah is caught in the middle of this epic struggle, and there are those who seek to use her as leverage against the High King. Loyalties and friendships will be strained as Aaron's friends seek to continue the work that he has started, but without the Alenzar'seth to lead them, the fragile alliance of nations seems doomed to failure. Amidst the Rising Shadows is the third installment of the epic fantasy adventure Safanarion Order series, continuing this not so traditional fantasy. The worlds of fantasy and science fiction will coalesce in this epic tale of action adventure with ancient allies and enemies alike propelling to war. Terror stalks a new world colony. After nearly two hundred years' space travel, humanity's first deep space colony expedition has arrived at its new home. Ethan, the descendant of six generations who lived and died aboard ship, treads on soil and feels the wind and rain for the first time. But the new planet is not the paradise the scientists predicted. Alien predators lurk beyond the camp's perimeter, and stowaway saboteurs are determined no one will survive. Tensions in the new colony rise, and Ethan must fight to preserve the last hope of humankind. Download books 1 to 3 today and start this epic space colonization adventure! NATIONAL BESTSELLER • PEN/HEMINGWAY AWARD WINNER • One of The New York Times 10 Best Books of the Year

• A wondrous and shattering novel that follows twelve characters from Native communities: all traveling to the Big Oakland Powwow, all connected to one another in ways they may not yet realize. Among them is Jacquie Red Feather, newly sober and trying to make it back to the family she left behind. Dene Oxendene, pulling his life together after his uncle's death and working at the powwow to honor his memory. Fourteen-year-old Orvil, coming to perform traditional dance for the very first time. Together, this chorus of voices tells of the plight of the urban Native American—grappling with a complex and painful history, with an inheritance of beauty and spirituality, with communion and sacrifice and heroism. Hailed as an instant classic, *There There* is at once poignant and unflinching, utterly contemporary and truly unforgettable.

#1 NEW YORK TIMES BESTSELLER • A dramatic expansion of a groundbreaking work of journalism, *The 1619 Project: A New Origin Story* offers a profoundly revealing vision of the American past and present. ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, NPR, Esquire, Marie Claire, Electric Lit, Ms. magazine, Kirkus Reviews, Booklist In late August 1619, a ship arrived in the British colony of Virginia bearing a cargo of twenty to thirty enslaved people from Africa. Their arrival led to the barbaric and unprecedented system of American chattel slavery that would last for the next 250 years. This is sometimes referred to as the country's original sin, but it is more than that: It is the source of so much that still defines the United States. The New York Times Magazine's award-winning "1619 Project" issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This new book substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show how the inheritance of 1619 reaches into every part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This is a book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation's founding and construction—and the way that the legacy of slavery did not end with emancipation, but continues to

shape contemporary American life. Featuring contributions from: Leslie Alexander • Michelle Alexander • Carol Anderson • Joshua Bennett • Reginald Dwayne Betts • Jamelle Bouie • Anthea Butler • Matthew Desmond • Rita Dove • Camille T. A mission gone wrong. Innocent lives have been lost. Escaping wrongful imprisonment wasn't something Connor had in mind, but being put into stasis aboard Earth's first interstellar colony ship was something he couldn't have prepared for. For three hundred thousand colonists, the new colony brings the promise of a fresh start...a second chance. Connor might be the wrong man for the colony, but he's the right man to see that it survives what's coming. A new world with new challenges, but the mission has changed. If you loved Old Man's War and Ender's Game, you'll love First Colony - Genesis, a new military science fiction series.

In a futuristic military adventure a recruit goes through the roughest boot camp in the universe and into battle with the Terran Mobile Infantry in what historians would come to call the First Interstellar War

To Paradise

The Legacy of Colonial Encounters on the California Frontiers

Book 7 of The Legacy Fleet Series

A novel

Book One of the Ascension Series

The war is over. Earth is lost. Running is the only option. It may already be too late. Caleb is a former Marine Raider and commander of the Vultures, an elite search and rescue team that's spent the last two years pulling high-value targets out of alien-ravaged cities and shipping them off-world. Now he's on the last starship out, under orders to join forty-thousand survivors on their journey to a new home. It's not the mission he wants, but it's a mission he's doing his best to accomplish. When Caleb meets the colony's head sheriff, she represents an opportunity for a fresh start and a chance to leave his old life behind for good... Only the mission will be harder to complete than either of them realize. And the colonists will need the old Caleb more than he ever imagined... Enter the universe of the Forgotten with Deliverance, the first book in the Forgotten Colony series. If you're a fan of Aliens, Battlestar Galactica, Starship Troopers, Ender's Game, or Edge of Tomorrow, you'll love this epic military sci-fi thriller.

"After initial contact with an alien entity leaves Kaylan unconscious, she wakes up to discover that she's now in command of the Athena mission stranded in a star system far from Earth. In

order to survive, the crew of the Athena must explore an alien star system to find the species that summoned them."--Back cover.
#1 NEW YORK TIMES BEST SELLER □ From the award-winning, best-selling author of the classic *A Little Life*—a bold, brilliant novel spanning three centuries and three different versions of the American experiment, about lovers, family, loss and the elusive promise of utopia. *To Paradise* is a fin de siècle novel of marvelous literary effect, but above all it is a work of emotional genius. The great power of this remarkable novel is driven by Yanagihara's understanding of the aching desire to protect those we love—partners, lovers, children, friends, family, and even our fellow citizens—and the pain that ensues when we cannot. In an alternate version of 1893 America, New York is part of the Free States, where people may live and love whomever they please (or so it seems). The fragile young scion of a distinguished family resists betrothal to a worthy suitor, drawn to a charming music teacher of no means. In a 1993 Manhattan besieged by the AIDS epidemic, a young Hawaiian man lives with his much older, wealthier partner, hiding his troubled childhood and the fate of his father. And in 2093, in a world riven by plagues and governed by totalitarian rule, a powerful scientist's damaged granddaughter tries to navigate life without him—and solve the mystery of her husband's disappearances. These three sections comprise an ingenious symphony, as recurring notes and themes deepen and enrich one another: A townhouse in Washington Square Park in Greenwich Village; illness, and treatments that come at a terrible cost; wealth and squalor; the weak and the strong; race; the definition of family, and of nationhood; the dangerous righteousness of the powerful, and of revolutionaries; the longing to find a place in an earthly paradise, and the gradual realization that it can't exist. What unites not just the characters, but these Americas, are their reckonings with the qualities that make us human: Fear. Love. Shame. Need. Loneliness.

As the colony grapples with the realization that New Earth is not as uninhabited as they'd once thought, tensions between the colonial settlements rise to new heights, and the Colonial Defense Force finds itself caught in the middle. When Connor uncovers evidence of a militant colonial faction secretly exploiting the NEIS, he has to investigate. Connor learns that some of the colonial settlements have been holding back discoveries of their own. He'd thought the NEIS were a threat to the colony, but he was wrong. They all were, and the truth is beyond anything Connor could have imagined. Meanwhile, Colonel Sean Quinn's latest mission brings him off-world to investigate a previously discovered NEIS settlement. When all communications from home go silent, he must return to New Earth to investigate. Cut off from everything, Sean must lead the crew of a CDF warship against a mysterious foe. Sean must forge a path into the unknown if he's to have any hope of unraveling the mystery. *Emergence* is the sixth book in the best selling First Colony military space opera series.

Book 3 of the Safanarion Order Series

The 1619 Project

Harbinger

Space Colony One Books 1 - 3

A Forest of Stars

Witness the rise of man's first galactic federation: The Terran Alliance. When Simon and Katherine Hawke stumble upon an alien shuttle that has landed on earth, it'll not only change the course of their lives, but of the entire world. Taking the shuttle into orbit, they discover a much larger ship left adrift with no one on board. Commandeering it, they confirm that we're not alone in the universe and must prepare the human race for what is about to come. Recruiting from all over the world, they begin to expand their fleet and build a federation to give humans a foothold in the galaxy. Thus the Terran Alliance is formed, led by Simon, Kitty, Gayle, and their new comrades. Everything is going according to planned as they construct more ships, but the governments of the world are vying for control of these technologies. To make matters worse, their second encounter with an alien species is not one of peace. After the attack, they are left with more questions than answers as they face resistance from, not only outer space, but their home planet as well.

Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, Atlas Shrugged is Ayn Rand ' s magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America ' s best-loved novels by PBS ' s The Great American Read. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. Atlas Shrugged, a modern classic and Rand ' s most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century ' s leading artists.

A mission gone wrong. Innocent lives have been lost. Escaping wrongful imprisonment wasn't something Connor had in mind, but being put into stasis aboard Earth's first interstellar colony ship was something he couldn't have prepared for. For three hundred thousand colonists, the new colony brings the promise of a fresh start ... a second chance.

At age twelve, Sophie learns that the remarkable abilities that have always caused her to stand out identify her as an elf, and after being brought to Eternalia to hone her skills, discovers that she has secrets buried in her memory for which some would kill.

Starship Troopers

This saga of parallel universes from a Hugo and Nebula Award-winning author “may be the best constructed hard SF epic yet” (The Washington Post). One of the world’s preeminent New York Times–bestselling authors of hard science fiction mesmerizes readers with a mind-expanding, three-volume masterwork about the creation of an alternate universe that breaks down all barriers of time and space, and its consequences for future and past generations. Legacy: In the stunning prequel to Eon and Eternity, an agent of the masters of the Way—a man-made tunnel through countless dimensions—follows a renegade fanatic and his four thousand acolytes to a remarkable world of flora/fauna hybrids, where he is plunged into the terrible chaos of a raging civil war. Eon: As nuclear tensions rapidly reach a

breaking point in a volatile twenty-first century, a hollowed-out asteroid appears, mysteriously hovering above the Earth's surface. The asteroid contains the remains of Thistledown, an abandoned city that was once home to survivors of a nuclear holocaust. Scientists must race to unravel its secrets before the human race is annihilated in the impending apocalypse. Eternity: A devastating war has left Earth a nuclear wasteland. Orbiting the planet is an asteroid-starship containing the civilization of Thistledown, humanity's future descendants. For decades, they have worked to heal their world and its survivors, but their resources are finite. They need to reopen the Way, a gate that would not only benefit Earth but also help the asteroid's residents return home. Greg Bear's classic Eon trilogy is an astonishing feat of the imagination that combines humanism, cutting-edge science, and brilliant extrapolation. This masterful science fiction saga has no equal in contemporary speculative fiction.
