

MY First Touch Feel Picture Cards: Things That Go (MY 1ST T F PICTURE CARDS)

Simple text and captivating illustrations are paired with beautiful music and fun sound-effects to help tell the classic tale of "The Princess and the Pea." Prince Fastidious travels the world to find his perfect princess. But something is not quite right about any of them. They either talk too much, or not at all. Some are too old for him, or too young. Others are spoiled or have too many noisy, little dogs. Find out what happens when Princess Rose accidentally comes to the castle at night because of a fierce storm. How does she prove to the Queen that she's a real princess? A happy ending adds interest to this fairy tale and encourages a lifelong love for reading.

Rhyming text introduces baby animals, including baby rabbits, puppies, ducklings, lambs, and tiger cubs. On board pages.

A New York Times–bestselling novel of the ancient king of Macedon and his lover by the author Hilary Mantel calls “a shining light.” The Persian Boy centers on the most tempestuous years of Alexander the Great’s life, as seen through the eyes of his lover and most faithful attendant, Bagoas. When Bagoas is very young, his

father is murdered and he is sold as a slave to King Darius of Persia. Then, when Alexander conquers the land, he is given Bagoas as a gift, and the boy is besotted. This passion comes at a time when much is at stake—Alexander has two wives, conflicts are ablaze, and plots on the Macedon king's life abound. The result is a riveting account of a great conqueror's years of triumph and, ultimately, heartbreak. The Persian Boy is the second volume of the Novels of Alexander the Great trilogy, which also includes *Fire from Heaven* and *Funeral Games*. This ebook features an illustrated biography of Mary Renault including rare images of the author. "Mary Renault is a shining light to both historical novelists and their readers. She does not pretend the past is like the present, or that the people of ancient Greece were just like us. She shows us their strangeness; discerning, sure-footed, challenging our values, piquing our curiosity, she leads us through an alien landscape that moves and delights us." —Hilary Mantel
