

Make Papel Picado (TIME FOR KIDS® Nonfiction Readers)

Voices from the Ancestors brings together the reflective writings and spiritual practices of Xicanx, Latinx, and Afro-Latinx womxn and male allies in the United States who seek to heal from the historical traumas of colonization by returning to ancestral traditions and knowledge. This wisdom is based on the authors' oral traditions, research, intuitions, and lived experiences—wisdom inspired by, and created from, personal trajectories on the path to spiritual conocimiento, or inner spiritual inquiry. This conocimiento has reemerged over the last fifty years as efforts to decolonize lives, minds, spirits, and bodies have advanced. Yet this knowledge goes back many generations to the time when the ancestors understood their interconnectedness with each other, with nature, and with the sacred cosmic forces—a time when the human body was a microcosm of the universe. Reclaiming and reconstructing spirituality based on non-Western epistemologies is central to the process of decolonization, particularly in these fraught times. The wisdom offered here appears in a variety of forms—in reflective essays, poetry, prayers, specific guidelines for healing practices, communal rituals, and visual art, all meant to address life transitions and how to live holistically and with a spiritual consciousness for the challenges of the twenty-first century.

Honoring relatives by tending graves, building altars, and cooking festive meals has been an honored tradition among Latin Americans for centuries. The tribute, "el Dia de los Muertos," has enjoyed renewed popularity since the 1970s when Latino activists and artists in the United States began expanding "Day of the Dead" north of the border with celebrations of performance art, Aztec danza, art exhibits, and other public expressions. Focusing on the power of ritual to serve as a communication medium, Regina M. Marchi combines a mix of ethnography, historical research, oral history, and critical cultural analysis to explore the manifold and unexpected transformations that occur when the tradition is embraced by the mainstream. A testament to the complex nature of ethnic identity, *Day of the Dead in the USA* provides insight into the power of ritual to create community, transmit oppositional messages, and advance educational, political, and economic goals. In her first book for children, Ruiz ("The Book of Memory Gaps") draws from her own history to share a deeply personal tale about remembering what's most important when life starts to get in the way. them against their oppressor - the man she is marrying. Esperanza lives a charmed life. The daughter of a wealthy landowner, her family is thrilled when she attracts the attentions of the handsome and mysterious Don Raúl, opening the door to a glittering life of opulence for them all. However, a chance encounter with a charming street musician forces Esperanza to open her eyes to the cruel underworld of Mexico's mistreated working classes, and she begins to doubt everything she ever thought she wanted. As the people begin to rise up in a bloodthirsty revolution against their oppressors, Esperanza is forced to make choices that she hoped never to face. Esperanza's decisions threaten to tear apart her family, her heart, and the country she loves. In this brutal world where a few careless words can cost lives, will the price of freedom prove to be more than what she is willing to pay? Led by strong female characters, ARTIE'S COURAGE turns the common damsel in distress trope on its head. Announcing the biggest, best, most innovative book ever on paper craft. Even better, this is not about how to use costly, artsy

paper, but how to turn stuff around the house—magazines and shopping bags, candy wrappers and paint sample cards, wrapping paper, old maps, and paper towel tubes—into stunning jewelry, gifts, home decor, party favors, and much more. Chances are you've seen the author's cutting-edge work in the windows of Anthropologie, where she is the chain's merchandising manager. An inveterate crafter who creates projects and styles photo shoots for magazines like Parents and Vogue Knitting, Kayte Terry takes the most versatile of materials and the most basic of crafts (remember snipping valentines out of construction paper?), and creates something completely transformative. Turn a sheaf of any white or graph paper into an amazing Scrap Happy Globe Lantern for the dining room. Fashion colored tissue paper into Songbird Votives, leftover raffle tickets into a Prizewinning Bowl, that out-dated pile of holiday catalogs into a picture frame. There's a necklace made of playing cards, a gum wrapper bracelet, and barrettes made by quilling—a paper technique that goes back to the Renaissance. Every project is photographed in full color, and includes step-by-step illustrations and instructions. Truly a book that shows how to think outside the (cardboard) box.
